## A GUIDE TO PUBLIC ACCOUNTS

### 1. Scope of the Public Accounts

The 1989-90 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of selected provincial crown corporations, boards and commissions.

Volume 3 contains the details of expenditure.

### 2. A Guide to Volume 1 of the Public Accounts

#### (1) Financial Statements

The financial statements of the Province are presented on a comparative basis and rounded to millions of dollars. The financial statements and notes disclose, in summary, the major financial activities of the Province in the fiscal period and report on the significant aspects of the financial position at the close of the fiscal period. Also included in this section is a summary of the Province's significant accounting policies.

#### (2) Schedules to the Financial Statements

The schedules to the financial statements report in greater detail and to the nearest dollar the content of the various financial statements. Supplementary analyses of both revenue and expenditure are provided. Also included are complete details of direct debt obligations and contingent liabilities at the fiscal year end, and a ten year review of both the Financial Transactions and the Financial Position.

#### (3) Miscellaneous Statements

Statements of certain special purpose accounts and other supplementary financial data are provided in this section. The financial statements of the Province of Ontario Savings Office, a branch of the Ministry of Revenue, also appear in this section.

#### (4) Ministry Statements

A Government-wide tabular Summary of Appropriations and Actual Expenditure is provided as an introduction to this section on page 4-3. A column headed "Other Accounts" contains the total by ministry of payments for "Loans and Investments" and other liabilities. Individual ministry reports of financial activity are provided on pages 4-5 to 4-480. The following seven separate statements are presented for each ministry as applicable.

##### (a) "Statement of Expenditure by Program"

This Statement provides an overview of the expenditures of each ministry. It shows, by ministry program and in total for the ministry, the amount of the current year's actual expenditures which is compared with the related appropriation for the current year and the previous year's actual expenditures. Ministry totals for expenditures and Loans and Investments and Pensions and Related Benefit Funds are also shown.

##### (b) "Statement of Expenditure by Program and Activity"

This statement, prepared for each ministry program, is designed to show the activities comprising the program. The appropriation for each activity is analyzed according to funds appropriated through the Expenditure Estimates or approved by Management Board and the total is compared to the actual amount spent for the fiscal year. Statutory payments are reported separately. The "program description" narrative contained in the Expenditure Estimates is included with the statement to provide the reader with a general description of the program.

##### (c) "Details of Expenditure by Activity and Standard Accounts Classification"

This statement reports actual ministry expenditures for each program on the basis of the Standard Accounts Classification within each activity. Statutory Appropriations and Other Accounts are not Standard Accounts. Amounts required for Statutory Appropriations and Other Accounts are shown, where applicable, as separate entries under the Standard Accounts Classification details relating to each Activity.

The following is a brief outline of the types of expenditures included in each of the eight Standard Accounts comprising the Standard Accounts Classification:

### Salaries and Wages

Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to public servants.

### Employee Benefits

Includes the government's contribution as an employer to the Canada Pension Plan; the Public Service Superannuation Fund; the Unemployment Insurance Fund; the Workers' Compensation Board; and other employee benefit plans.

### Transportation and Communication

Includes travelling expenses of public servants on government business and recipients of government services, such as wards of the Province; relocation expenses of public servants who are transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone, telegram, and data communications.

### Services

Includes information services, such as, advertising provided by professional agencies and advertising placed directly with the media; rental and the purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

### Supplies and Equipment

Includes provision for the purchase of all machinery and equipment, both new and used; and the purchase of all materials, supplies and utilities.

### Acquisition/Construction of Physical Assets

Includes all costs of acquisition and construction by contract of new and used buildings and engineering structures; and the cost of acquisition of land.

### Transfer Payments

Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

### Other Transactions

Includes special transactions, such as Ontario Development Corporation — Loan Forgiveness and Guarantees: Municipal Taxes on A.R.D.A. owned property; and repayable grants.

### (d) "Statement of Revenue"

This ministry statement reports on a comparative basis the fiscal year revenues analyzed by the thirteen standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

### (e) "Statement of Repayments of Loans and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility for the related loans and investments made from the Consolidated Revenue Fund.

### (f) "Statement of Deposits to Pension and Related Benefit Funds"

This statement reports on a comparative basis the deposits into various small pension and related benefit funds that are still maintained in the Consolidated Revenue Fund.

### (g) "Statement of Special Purpose Accounts (Net)"

This statement reports on a comparative basis the deposits into appropriate accounts. Reporting by a ministry generally denotes responsibility for the related trust administration account.

## **SOURCES OF ADDITIONAL INFORMATION**

### **The Ontario Budget**

The Ontario government presents a Budget each year, usually in the early spring. The background and implications of any new tax proposals are contained in the Budget papers, which include the Budget Statement, Budget Measures, the fiscal plan and other information. Copies may be obtained free from the Ontario Government Bookstore, Publications Ontario, 880 Bay Street, Toronto, Ontario, or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario, M7A 1N8.

### **The Estimates of the Province of Ontario**

The government's spending estimates for the fiscal year commencing April 1 are presented to members of the Legislative Assembly following the presentation of the Ontario Budget by the Treasurer. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the Supply Act. Copies of the Estimates may be obtained free from Publications Ontario, 880 Bay Street, Toronto, Ontario, or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario, M7A 1N8.

### **Province of Ontario Financial Report**

The Financial Report is issued annually for the fiscal year ending March 31 to Members of the Legislature, financial community and the public, usually in late July or early August. This report highlights the major aspects of Ontario's finances and presents summarized financial statements for the fiscal year ended. The report is available free from Publications Ontario, 880 Bay Street, Toronto, Ontario, M7A 1N8.

### **Ontario Finances**

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year. Copies may be obtained free by writing to the Ministry of Treasury and Economics, Communications Branch, 5th Floor, Frost Building South, 7 Queen's Park Crescent, Toronto, Ontario, M7A 1Y7.

### **Ontario Economic Accounts**

This quarterly report contains data on the composition of Ontario's economic activity. Copies may be obtained free by writing to the Ministry of Treasury and Economics, Office of Economic Policy, 5th Floor, Frost Building North, 95 Grosvenor Street, Toronto, Ontario, M7A 1Z1.

### **Demographic Bulletin**

This bulletin provides population projections and estimates for Ontario and its counties, districts and regional municipalities. It also contains statistics on the components of population change in Ontario and is produced intermittently during the year. Copies may be obtained free from the Ontario Government Bookstore, Publications Ontario, 880 Bay Street, Toronto, or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario, M7A 1N8.

## **Summary of Significant Accounting Policies**

### **Reporting entity**

The financial statements, prepared using the concept of a Consolidated Revenue Fund, are designed to provide an accounting of the financial resources appropriated by the Ontario Legislature. The policies and practices followed by the Province are designed to accommodate reporting to the Legislature and, accordingly, the financial transactions of Government ministries are set out as Consolidated Revenue Fund cash inflows and outflows. Activities of Crown corporations, boards and commissions are reported only to the extent to which their operations have been financed from, or have contributed to, the Consolidated Revenue Fund.

### **Basis of accounting**

The cash basis of accounting used by the Province is modified to allow for an additional thirty days to pay for debts incurred during the fiscal year just ended and for certain non-cash transactions. Cash inflows, however, are closed at March 31 for cash received.

Loans and advances are recorded as financial assets if they are expected to be repaid and have specific terms and conditions. The asset values are periodically adjusted when it can be reasonably determined that the value of their underlying security has diminished, or when the Province's asset is not likely to be fully recovered. Equity holdings in Crown corporations are valued at a nominal amount of \$1.

The Province's financial transactions are recorded under the following four categories:

### **Revenue**

This includes revenue raised through taxation, premiums, fees, licences and permits, payments from the federal government under fiscal arrangements and cost-shared programs, and income from investments.

### **Expenditures**

Expenditures on government programs include transfer payments to individuals, local governments and institutions, interest on debt issued for provincial purposes, salaries and employee benefits, payments for goods and services, and the acquisition and construction of fixed assets. Fixed asset costs are charged to expenditure when acquired or constructed since they are not considered to differ from any other service to the public.

### **Financing**

Financing consists of debt transactions, deposits with the Province of Ontario Savings Office, and other deposits.

Debt transactions are the borrowing and repayment activities associated with Ontario's provincial purpose debt.

## **Loans and investments**

Loans and investments are the lending and investment activities in various Crown corporations, agencies and local governments.

## **Financial assets, accumulated deficit and liabilities**

### *Financial assets*

Financial assets are cash and claims by the Consolidated Revenue Fund on other parties arising from cash transactions.

### *Accumulated deficit*

The accumulated deficit of the Province is the difference between its liabilities and its financial assets. The year-to-year change in the accumulated deficit is the amount by which revenues are greater or less than expenditures.

## **Liabilities**

Liabilities are established claims by other parties on the Consolidated Revenue Fund.

Debt issued for provincial purposes comprises debentures and notes which are recorded at face value. The general resources of the Province are used for the continued orderly retirement of debt and no sinking funds are maintained for this purpose.

Other liabilities include deposits with Province of Ontario Savings Office and other deposit accounts.

### *Contingent liabilities*

The contingent liabilities of the Province consist of guarantees by the Treasurer of Ontario and material claims against the Crown. Contingent liabilities denominated in foreign currencies are translated to Canadian dollars at the year-end rates of exchange.

## **Ontario Hydro**

Advances to, and debt incurred for, Ontario Hydro relate to amounts borrowed on behalf of Ontario Hydro. The Province issues securities, and advances the proceeds to Ontario Hydro in exchange for Ontario Hydro bonds with like terms and conditions. Since these transactions and the ensuing retirement and debt servicing costs are the result of a financing alternative and are not part of the Province's own budget plan, they are classified separately. Both the advances and the debt incurred are stated in Canadian dollars using year-end rates of exchange.

## Notes to the Financial Statements

(all tables in millions of dollars)

**1. Cash and temporary investments**

Temporary investments are recorded at cost and are mainly marketable, short-term securities issued or guaranteed by Canadian chartered banks, provincial and federal governments.

**2. Investments in water treatment and waste control facilities**

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of the agreements with the municipalities.

Agreements covering \$401 million of the investment are for provincially-owned projects that are subject to service rate billings. The proceeds from these billings are used to amortize the investment over periods of up to forty years, to pay for operating costs, and to provide a return on the investment.

Certain other agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance in these funds, amounting to \$29 million at March 31, 1990 (1989 \$26 million), was applied as a reduction of the investment account.

**3. Loans and investments in corporations, boards and commissions**

	<u>1990</u>	<u>1989</u>
Development Corporations	\$308	\$290
Other	<u>73</u>	<u>80</u>
	<u>\$381</u>	<u>\$370</u>

The Province advances funds for the lending activities carried out by the Development Corporations. The Province also defrays the Corporations' costs for all administrative expenses, loans made at low interest rates, and honouring guarantees, amounting to \$35 million in 1990 (1989 \$29 million). In addition to repayments, advances to the Corporations are reduced by their loan forgiveness and write-offs amounting to \$9 million in 1990 (1989 \$13 million).

**4. Advances to Ontario Hydro**

The Province issues securities and advances the proceeds to Ontario Hydro in exchange for Ontario Hydro bonds with like terms and conditions. These transactions and the ensuing retirement and debt servicing costs are the result of a financing alternative and are not part of the Province's own budget plan. As at March 31, 1990, the bonds consist of U.S. \$4,401 million (1989 U.S. \$4,770 million), and Canadian \$2,748 million (1989 Canadian \$2,097 million) with respect to Canada Pension Plan funds. The bonds denominated in U.S. dollars are recorded at \$5,150 million (1989 \$5,692 million), the Canadian dollar equivalent using the exchange rate in effect at year end. Transactions during the year are as follows:

	<u>1990</u>	<u>1989</u>
Proceeds of loans	\$650	\$589
Retirements of loans	<u>(436)</u>	<u>(145)</u>
Net proceeds	214	444

The U.S. dollar debenture liability has been revalued, using the rate of exchange as at March 31. The foreign exchange gain is \$105 million (\$196 million in 1989).

As explained in Note 4, the Province has an offsetting asset of Ontario Hydro bonds with like terms and conditions to the securities issued by the Province.

## 6. Pensions

### a) Changes in legislation

New legislation was enacted in December 1989, affecting the Public Service and Teachers' Pension plans.

#### i) In accordance with the Public Service Pension Act, 1989:

- The Public Service Superannuation Fund (PSSF) established under the Public Service Superannuation Act is continued as the Public Service Pension Fund (PSPF).
- The assets and liabilities of the Superannuation Adjustment Fund account (the Account) for the Public Service Superannuation Plan and the Ontario Provincial Police Supplementary Benefits account were transferred to the PSSF on December 31, 1989.
- As of January 1, 1990, the assets and liabilities of the PSSF were transferred to the PSPF, and the PSSF ceased to exist in the Consolidated Revenue Fund. The transfer of assets was made by the issuance of \$6.9 billion in non-marketable debentures of the Province of Ontario.
- As of January 1, 1990, the Public Service Pension Board is responsible for managing the assets of, and paying the benefits for, the Public Service Pension Plan.

On April 2, 1990, an action was commenced in the Supreme Court of Ontario challenging the transfer of the Account's assets and liabilities to the PSSF. The impact on the Consolidated Revenue Fund, if any, cannot be determined because the outcome of this action is uncertain.

#### ii) In accordance with the Teachers' Pension Act, 1989:

- The Teachers' Superannuation Fund (TSF) established under the Teachers' Superannuation Act is continued as the Ontario Teachers' Pension Fund.
- The assets and liabilities of the Superannuation Adjustment Fund account (the Account) for the Teachers' Superannuation Fund were transferred to the TSF on December 31, 1989. These net assets were transferred by the issuance, on January 1, 1990, of \$1.6 billion in non-marketable debentures of the Province of Ontario, and the Account ceased to exist in the Consolidated Revenue Fund.
- As of January 1, 1990, the Ontario Teachers' Pension Board is responsible for managing the assets of, and paying the benefits for, the Teachers' Pension Plan.

### b) Unfunded liabilities

#### i) The Public Service Pension Plan

The Province makes payments matching contributions for members of the Public Service Pension Plan (the Plan) and is committed to paying any deficiency. The adequacy of the assets in the Plan to finance benefits is determined by a triennial actuarial valuation.

The latest valuation of the PSSF filed with the Pension Commission of Ontario covered the period ended December 31, 1985 and showed an actuarial surplus of \$109.9 million.

An actuarial valuation as of January 1, 1990 will determine the size of the unfunded liability of the PSPF. This will be done under the direction of the Public Service Pension Board (the Board), pursuant to the Public Service Pension Act, 1989. A preliminary actuarial valuation of the PSPF prepared in 1989 estimated an unfunded liability of \$1.9 billion as at January 1, 1990. The Province will pay the unfunded liability, over 40 years, in accordance with the legislation.

Interim payments, based on the estimated initial unfunded liability, to be paid by the Province until 1992, are: \$89.6 million in 1990, \$94.5 million in 1991, and \$99.7 million in 1992, for a total of \$283.8 million.

The amount of these payments will be adjusted when the actuarial valuation prepared for the Board is filed with the Pension Commission of Ontario.

## ii) Ontario Teachers' Pension Plan

The Province makes annual payments matching teachers' contributions to the Teachers' Pension Fund (TPF) and is committed to paying any deficiency in the TPF. The adequacy of the assets in the TPF to finance benefits is determined by a triennial actuarial valuation.

The latest actuarial report for the Teachers' Superannuation Fund as at December 31, 1987, showed a surplus of \$33 million.

An actuarial valuation as of January 1, 1990 will determine the size of the unfunded liability of the TPF. This will be done under the direction of the Ontario Teachers' Pension Plan Board (the Board) pursuant to the Teachers' Pension Act, 1989. A preliminary actuarial valuation of the TPF prepared in 1989, estimated an unfunded liability of \$4.0 billion as at January 1, 1990. The Province will pay the unfunded liability over 40 years, in accordance with the legislation.

Interim payments, based on the estimated initial unfunded liability, to be paid by the Province until 1992, are: \$192.4 million in 1990, \$202.9 million in 1991, and \$214.1 million in 1992, for a total of \$609.4 million.

The amount of these payments will be adjusted when the actuarial valuation prepared for the Board is filed with the Pension Commission of Ontario.

Any future deficiencies for the Ontario Teachers' Pension Plan and the Public Service Pension Plan will be amortized as prescribed by the Pension Benefits Act.

## 7. Contingent liabilities

	<u>1990</u>	<u>1989</u>
Obligations guaranteed by the Province:		
Debtures/bonds and notes		
Ontario Hydro	\$19,727	\$19,259
Loans guaranteed	1,593	852
Other	<u>170</u>	<u>448</u>
	<u>\$21,490</u>	<u>\$20,559</u>

### Claims against the Crown:

There are claims outstanding against the Crown of which ten are for amounts over \$50 million each, arising from legal action, either in progress or threatened, in respect of native Indian land claims, breach of contract, damages to persons and property and like items. The cost to the Province, if any, cannot be determined because the outcome of these actions is uncertain. To the extent that any such claims are successful, resulting settlements will be recorded as expenditures when paid.

**8. Expenditure by standard account classification**

	<u>1990</u>	<u>1989</u>
Salaries and wages	\$ 3,349	\$ 3,093
Employee benefits	576	512
Transportation and communication	352	329

Other transactions	139	149
Less: recoveries	<u>(596)</u>	<u>(534)</u>
Total expenditure	<u>\$41,602</u>	<u>\$38,735</u>

**9. Budget figures**

The budget figures in the financial statements are based on data from the 1989 Ontario Budget which was tabled by the Treasurer of Ontario in the Legislative Assembly on May 17, 1989.

The Expenditure savings and constraints figure in the Statement of Expenditure represents expected underspending during the year which was not specifically identified by ministry at Budget time.

**10. Advance Payments**

In March 1990, Management Board of Cabinet approved earlier payments to hospitals and the Ontario Teachers' Pension Plan. The expenditures for the Ministry of Health and the Ministry of Education were increased by \$334 million and \$140 million respectively for payments which otherwise would have been made in the 1990-91 fiscal year.

**11. Comparative figures**

The 1989 comparative figures have been reclassified where necessary to conform with the 1990 Financial Statement presentation. This includes the liability of the Province for the following pension plans which have been reclassified to 'Debt issued for provincial purposes' from 'Net deposits to pension and related benefit funds', as described in note 6:

- Public Service Superannuation Fund,
- Superannuation Adjustment Fund,
- Ontario Provincial Police Supplementary Benefits account.

### Provincial Auditor's Opinion

I have examined the statement of financial position of the Province of Ontario as at March 31, 1990 and the statements of financial transactions, revenue, expenditure, financing, and loans and investments for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly, in accordance with the basis of accounting set out in the Summary of Significant Accounting Policies, the financial position of the Province as at March 31, 1990 and the results of its operations and the changes in its financial position for the year then ended. Further, in my opinion, these Policies have been applied on a basis consistent with that of the preceding year.

With respect to the terms "in my opinion" and "present fairly" in the preceding paragraph, my examination was carried out to provide me with a high degree of assurance that the financial statements of the Province do not contain material aggregate error. More specifically, I am 99 per cent confident that the total of any errors in the financial statements is less than \$80 million.

Personal Income Tax is collected by the Federal Government on behalf of the Province at the rate of 52% of Basic Federal Tax for 1989. The amount received by the Province is net of \$440,216,451 and \$356,529,686 for 1990 and 1989 respectively, for Ontario Tax Credits. The amount received in 1990 is also net of \$3,783,549 (1989 — \$3,470,314) for administration fees charged by the Government of Canada, in respect of the Ontario Tax Credits.

A surtax equal to 10 per cent of Ontario Income Tax in excess of \$10,000 was levied in 1988 and 1989.

For 1989, individuals whose Ontario income tax is \$150 or less pay no Ontario income tax and individuals whose Ontario income tax is between \$150 to \$225 have this tax reduced by an amount equal to \$450 minus twice the Ontario income tax.

Retail Sales Tax is levied on the purchaser of most tangible personal property and certain services at the general rate of 8% of the purchase price. For admission fees exceeding \$4.00 and alcoholic beverages sold at licensed establishments the rate is 10%. Alcoholic beverages sold through retail outlets are taxed at 12%. On transient accommodation, the rate is 5%. There are, however, a range of exemptions and rebates. The Retail Sales Tax is collected for the Province by appointed vendors.

Effective midnight May 17, 1989, the qualification period for receipt of a rebate of retail sales tax on a motor vehicle converted to an alternative fuel was extended to 180 days, provided that the original written order for conversion was placed within 90 days of the date of purchase of the vehicle. The rebate of retail sales tax remains capped at \$750 for a propane conversion and \$1,000 for a natural gas conversion.

For purchases made after May 31, 1989, the maximum rebate of retail sales tax on vehicles purchased to transport physically disabled persons is \$1,600 for cars and \$2,400 for vans.

Effective June 1, 1989 a tax of \$5.00 is charged on the purchase of each new, pneumatic tire. Tires for commercial airplanes, production machinery, farm equipment, fire-fighting vehicles, wheelchairs, bicycles and toys are exempt from this tax.

## SCHEDULES TO STATEMENT OF REVENUE

## DETAILS OF REVENUE — Continued

Also effective June 1, 1989, insecticides, fungicides, herbicides, rodenticides and fertilizers are subject to retail sales tax.

Effective July 1, 1989, the purchase of new fuel inefficient passenger cars with highway fuel consumption ratings equal to or greater than 9.5 litres per 100 kilometres are subject to a tax ranging from \$600 to \$3,500.

Corporations Tax includes an income tax of between 10% and 15½% of the taxable income of corporations; a capital tax ranging from a \$50 minimum up to 3/10 of 1% of taxable capital for most corporations (certain small corporations are exempt from the capital tax); a capital tax up to 4/5 of 1% of taxable capital for certain financial institutions; an insurance premiums tax of between 2% and 3% for most classes of insurance; and an additional tax of 1/2 of 1% on property premiums.

Gasoline Tax is levied on gasoline and propane used as a transportation fuel, and includes all fuels used to power aircraft. The tax rates of 10.3 cents per litre for unleaded gasoline and 13.3 cents per litre for leaded gasoline were increased by one cent per litre effective January 1, 1990. The tax rate for propane used in motor vehicles was 2.3 cents per litre, which increased to 4.3 cents per litre on January 1, 1990. All fuels used in powering aircraft are taxed at 2.1 cents per litre. Refunds are available for certain farming and other off-road unlicensed equipment. The tax is collected for the Province mainly by oil companies.

Tobacco Tax covers all forms of tobacco products. The specific tax is 3.83 cents per cigarette and 2.2 cents for each gram, or part of a gram, of cut tobacco and all other tobacco products except cigars. The tax rate on cigars is 45 per cent of the manufacturers' suggested retail selling price.

Land Transfer Tax is collected through Ontario land registrars on the transfer of land at the rate of ½ of 1% up to the value of \$55,000 and 1% on the remainder of the transfer price. An additional tax of ½ of 1 per cent is imposed on that portion of the purchase price in excess of \$250,000. An additional 2% rate is added on the value of consideration in excess of \$400,000 for residential property with one or two single family units.

The Employer Health Tax was introduced effective January 1, 1990. The tax is payable by employers at a rate of 1.95 per cent based on the total remuneration paid to their Ontario employees. Reduced rates of tax are applicable to employers having annual payrolls of \$400,000 or less.

Fuel Tax is levied on diesel fuel used as a transportation fuel. The tax rate was set at 10.9 cents per litre, except for diesel fuel used to power railroad locomotives which was 3.4 cents per litre. The tax is collected for the Province mainly by wholesalers or oil companies but in some cases is remitted directly by users.

Mining Profits Tax is collected directly by the Province on profits in excess of \$500,000 at a rate of 20%.

Reciprocal Taxation Agreement payments are in lieu of payments of the Province's Retail Sales Tax and Motor Vehicle Registration Fees by the Federal Government.

Privately-owned Public Utilities Income Tax is a partial rebate of the related federal income tax. The rebateable portion and rate are subject to the Public Utilities Income Tax Transfer Act (Canada).

Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 9% on Triactor betting and 7% in the case of all other wagers.

The Commercial Concentration Tax was introduced effective January 1, 1990, to help fund the transportation infrastructure improvements proposed under the Transportation Capital Program. The tax is payable by the owners of designated commercial properties at the rate of \$10.75 per square metre in the Greater Toronto Area.

The Succession Duty Act was repealed on April 10, 1979. Duty collected relates to unsettled estates arising from deaths prior to that date.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of \$1 in organized municipalities and \$4 in unorganized municipalities.

The Athletics Control Act states that every person conducting a professional boxing or wrestling contest or exhibition shall pay to the minister an amount not less than 1% and not more than 5% of the gross receipts in respect of such contests or exhibitions.

Provincial Land Tax is collected in areas without municipal organization on real properties at the rate of 1.5% of taxable assessment and from telephone and telegraph companies at 5% of gross receipts. Separate schedules of rates for gas pipelines and oil pipelines are used which correspond to the schedules for municipal taxation, as set out in the Assessment Act.

Revenue from other taxes collected by the Province includes revenue from certain taxes now repealed, such as Land Speculation Tax and revenue from reciprocals exchange and unlicensed companies, which is a tax levied on insurance companies not specifically licensed and operating in Ontario.

Canada Assistance Plan payments are reimbursements by the Federal Government for 50 per cent of the eligible expenditures in the Province for social assistance and welfare services to persons in need.

National Training Agreement payments are received from the Federal Government for assistance in Provincial programs of institutional and industrial training to develop and improve occupational and related skills likely to lead to enhanced opportunities for employment.

Official Languages in Education payments are reimbursements of the Federal Government's share of Provincial program costs in the provision of services to the public in both official languages; in providing adequate educational facilities in the "official minority language" and the teaching of the second official language; and existing Provincial bilingual projects where special assistance is needed.

Young Offenders Agreement payments are reimbursements by the federal government for a share of the Province's costs in providing specified juvenile justice services under the Young Offenders Act. As of April 1989, federal contributions to Ontario Young Offenders programs have been frozen at 1988-89 levels.

The non-profit housing administration fees, set by C.M.H.C., are a one time fee paid to the Province for administration of core units. It is paid when the units come under subsidy.

Legal Aid payments are the Federal Government's contribution to assist the Province in providing a minimum standard of legal aid in criminal and civil cases and in matters relating to the Young Offenders Act. Federal payments for criminal legal aid comprise a minimum contribution of 45 per cent and a maximum contribution of 55 per cent of the Province's shareable expenditures. Criminal legal aid contributions are based on: 50 per cent of the prior year's national per capita shareable expenditures, plus 50 per cent of the increase in the Province's shareable expenditures per capita, adjusted for the Province's current year population, subject to a ceiling of Gross National Product growth minus 1 percentage point. The federal government contributes 50 per cent of eligible civil legal aid expenditures under the Canada Assistance Plan. The federal contribution to Young Offenders legal aid is the lesser of 73 cents per capita of the Provincial population or 50 per cent of the shareable expenditures for providing juvenile justice services under the Young Offenders Act.

Vocational Rehabilitation of Disabled Persons Agreement payments are reimbursements by the federal government for 50 per cent of the Province's eligible costs in the provision of comprehensive programs and services for vocational rehabilitation of disabled persons.

Indian Welfare Services Agreement payments are contributions to assist the Province in providing welfare services and programs to persons living on Indian reserves equal to those available to persons living in other communities.

The Softwood Lumber Product Export Charge Act came into force on July 20, 1987. The amount of \$17,864,824 represents Ontario's entitlement to the Federal Government's collection of tax levied on softwood lumber exporters under the Act.

Citizenship and Language Training payments are reimbursements by the Federal government for their share of costs in providing newcomers to Canada with citizenship instruction and English language training. This agreement ended on March 31, 1990.

Economic and Regional Development Agreement (ERDA) payments are reimbursements by the Federal Government for their share of the eligible costs of programs relating to forest resource, mineral and tourism development.

The Great Lakes Water Quality Agreement payments are reimbursements by the Federal Government for their share of the costs of specific projects to maintain or improve the water quality of the Great Lakes System.

Subsidization of crop insurance premiums is the Federal Government's matching portion of the farmer's premium. This program is to provide stability of farmer's income due to crop losses and is administered by the Crop Insurance Commission of Ontario.

Established Programs Financing (EPF) payments are contributions made by the federal government in respect of health services and post-secondary education under the Federal-Provincial Fiscal Arrangements Act, 1977 and supersede payments made under previous cost-sharing arrangements. The contribution for insured health services and post-secondary education is based on the national average federal per capita contribution in the 1975-76 base year. The extended health care services payment is based on \$20 per capita in the 1977-78 base year. These base year per capita contributions are first adjusted for each subsequent year by an annual EPF escalator, then multiplied by the provincial population to arrive at total contributions to Ontario for the current year. The normal EPF escalator is calculated as a lagged three-year compound moving average of per capita GNP growth. Since 1986-87, the EPF escalator has been reduced by 2 percentage points of average GNP growth per year. EPF entitlements have been flat lined at 1989-90 levels for 1990-91 and 1991-92. EPF takes the form of cash and tax transfers. The cash payment to the Province is the difference between the Province's total entitlement and its tax transfer, net of adjustments due to recalculation of prior year entitlements.

Other revenue received from the Government of Canada consists of:

- (a) annual subsidies of \$5,915,065 under the B.N.A. Act, 1907;
- (b) interest of \$142,414 on the Government of Canada Debt Account, which is payable at 5% per annum based on an amount of \$2,848,290, to compensate the Province of Ontario for monies withheld from the Province in the period July 1, 1867 to January 1, 1873;
- (c) interest of \$76,662 on the Common School Fund which is payable at 5% per annum based on an amount of \$1,542,971 representing Ontario's share in a permanent fund of \$2,677,771 held in trust by the Government of Canada for the Provinces of Ontario and Quebec. The Fund was derived from the sale of Crown lands set aside for the benefit of common schools by statutes enacted before Confederation. The payments to the Provinces are in proportion to their respective populations as determined by the most recent decennial census. The present allocation is based on the census of 1981.
- (d) An amount of \$9,094,942 representing a transfer payment from the Federal Government under the Patent Act, Bill C-22.

## SCHEDULES TO STATEMENT OF REVENUE

## DETAILS OF REVENUE — Continued

Premiums were collected from the subscribers of the Ontario Health Insurance Plan at the rates of \$29.75 per month for single subscribers and \$59.50 per month for family subscribers. OHIP premium payments were eliminated effective January 1, 1990.

Profits from Crown Corporations and Boards are those amounts of net operating profits, which have been received by the Province.

Vehicle registration fees are for the authorization to operate a motor vehicle upon a highway. For commercial vehicles and buses the fee ranges from \$81 to \$2,722. Fees for passenger cars and commercial vehicles weighing 3,000 kilograms or less used for personal purposes are \$66 per annum in Southern Ontario, \$33 in Northern Ontario and \$90 in the Greater Toronto Area. Fees for motorcycles and mopeds are \$36 and \$12 respectively in Southern Ontario and \$18 and \$12 respectively in Northern Ontario. Driver's licence fees are \$10 per annum or \$30 per three year renewal. Driver examination fees are remittances for the written, visual, and road tests required to obtain a driver's licence.

Liquor Licence Board fees include Brewers' Licence fees for the production of beer for sale in Ontario. These fees represent 23.2% of the laid-down cost of the various package sizes. Also included are licence fees for establishments selling liquor and fees on the sale of wine by winery owned or operated stores.

Land registration services fees are remittances for the registration and maintenance of records of ownership and encumbrances affecting real property. The fees are collected by the land registry offices at the time of registration.

Hunting and fishing fees are remittances for the privilege of hunting wild game and sport fishing in the Province. The fishing fee for non-residents of Ontario is \$33 per season and the hunting fee ranges from \$5.75 to \$200 depending on the type of game and residency.

Maintenance payments re Homes for Special Care and Psychiatric Hospitals are remittances for the care of individuals in these institutions who are not insured under the Ontario Health Insurance Plan or for portions of the fees which are not covered under the Ontario Health Insurance Plan.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Utility Service Charges are revenues received from local governments for provincially operated water treatment and waste control facilities.

Water power remittances are for the use of dam sites for hydro-electric power generation. The water power rate in calendar year 1989 was \$6.80 multiplied by the annual average horsepower. The rate is escalated annually by the Consumer Price Index.

Timber stumpage charges are remittances for the harvesting of timber from Crown land. These payments are based on the type of operation of the licensee, the type and volume of timber harvested and the lumber industrial price indices. In addition, there is a charge to the licensee for the exclusive availability of a given area.

Ontario Health Insurance Plan re subrogation revenues are reimbursements from insurance companies for medical claims. The majority of these claims are related to vehicle accidents. The amount of the reimbursement is covered under agreements with insurance companies licenced in Ontario and is based on their annual automobile liability premium revenue.

Sales and Rentals are proceeds from the disposal of real property, supplies, equipment, services and goods produced in Provincial institutions; and revenue from property rentals and leasing of Crown land.

Recovery of Prior Years' Expenditures are monies recovered subsequent to the fiscal year in which the related expenditures were made. Except for the timing of the recoveries, they would have been classified as expenditure refunds.

SCHEDULES TO STATEMENT OF REVENUE

DETAILS OF REVENUE — Concluded

Interest on Temporary Investments is from the Province's investment of its liquid reserves.

Interest from Local Governments is primarily from loans made in prior years to stimulate local economies through programs for various work assistance, capital and employment projects.

Interest from Corporations, Boards and Commissions relates to interest-bearing loans and advances to these government bodies to enable them to fulfill their mandate.

Interest re loans to public hospitals relates to capital construction loans made under the Ministry of Health's capital support program. No new loans have been made since 1977-78.

The other interest revenues are from municipal debentures and loans for specific projects.

	<u>380,367,780</u>	<u>369,774,379</u>

Financial statements of these Corporations, Boards and Commissions are shown in Volume 2 of the Public Accounts for 1989-90.

The Ontario Development Corporation and the associated Eastern Ontario Development Corporation and Northern Ontario Development Corporation provide loans and arrange for provincial guarantees of bank loans to qualified enterprises. The Province has advanced funding for the Corporations' lending programs. The Province also defrays the Corporations' costs for all administrative expenses, loans made at low interest rates, and honouring guarantees, amounting to \$35,111,058 in 1990 (1989 \$29,021,668). Advances to the Corporations are reduced by their loan forgiveness and write offs, amounting to \$9 million in 1990 (1989 \$13 million).

Ontario Northland Transportation Commission operates a railroad and maintains communication services to and within the northern regions of the Province including trucking, airline, bus and marine services. The Province's total advance of \$35,207,935 is non-interest bearing. The Province provided subsidies of \$24,818,000 in calendar year 1989 (1988 \$24,275,231). After subsidies, the Commission recorded a net income of \$18,767,000 in calendar year 1989 (1988 \$16,180,795).

The Ontario Junior Farmer Establishment Loan Corporation was incorporated in 1952 for the purpose of making loans to assist young qualified farmers in the establishment, development and operation of their farms. This program was discontinued in February 1969. The rate of interest on advances by the Province was set by the Province's long-term borrowing cost. The Province is paying for the cost of administration and providing subsidies through legislative appropriations to cover annual operating deficits. The subsidies were \$369,664 for 1990 (1989 \$435,071).

The Ontario Municipal Improvement Corporation, incorporated in 1950, has as its object the purchase from municipalities in Ontario of debentures issued by them for municipal works and undertakings.

The Stadium Corporation of Ontario Limited is responsible for the construction of a domed stadium in Metropolitan Toronto. The Province has advanced \$4,766,250 to the Corporation to cover operating expenditures which is to be repaid once the stadium becomes operational.

An interest free advance was made by the Province in 1986 to the Grain Financial Protection Board under the Farm Products Payments Act. The advance was used to establish the Soybean Production Fund and the Grain Corn Producers Fund. The \$100,000 represents the outstanding balance of the loan.

The objective of the Algonquin Forestry Authority is to harvest Crown timber and to carry out such forestry and land management programs that are of general advantage to Ontario.

## INVESTMENTS IN WATER TREATMENT AND WASTE CONTROL FACILITIES

	1990	1989
	\$	\$
Investments in water treatment and waste control facilities . . . . .	<u>475,051,456</u>	<u>465,681,853</u>

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of the agreements with the municipalities.

Agreements covering \$401,002,573 of the investment are for provincially-owned projects which are subject to service rate billings. The proceeds from these billings are used to amortize the investment over periods of up to forty years, to pay for operating costs, and to provide a return on the investment.

Certain other agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance for outstanding agreements in these funds amounting to \$28,502,058 at March 31, 1990 (1989 \$26,144,553) was applied as a reduction of the investment account. An amount totalling \$852,477 was transferred from the Sinking Fund upon the completion of agreements.

Loans for educational purposes are made up of debentures relating to school boards totalling \$114,175,916 and are now included with Loans to local governments.

The Tile Drainage Act authorizes the Treasurer of Ontario to purchase, acquire and hold debentures issued by municipalities for construction of drainage works. These debentures are payable within ten years of the issue of the debentures.

The Ontario Housing Action Program provides loans for regional and municipal public works to accelerate the supply of housing.

The objective of the Federal-Provincial Winter Capital Projects Fund was to stimulate growth in employment, particularly during the winters of 1974-75 and 1975-76.

The amount owing by The Municipality of Metropolitan Toronto is the balance outstanding on debentures issued for subway construction purposes. Annual payments on principal are required over the period ending in 1995.

Commercial Area Improvement loans were made to assist municipalities to upgrade older commercial districts by providing grants and loans for municipal services, parking, aesthetic and economic improvements.

The objective of the Shoreline Property Assistance Act is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

The amount owing from sundry municipalities under the Municipal Works Assistance Act is the balance of loans made to municipalities for certain municipal projects. The loans are secured by debentures and are repayable over a twenty or thirty year period ending in 1998.

The objective of the Federal-Provincial employment loans program was to stimulate growth in employment particularly during winter, by adding to or accelerating capital works projects.

Debentures for Public Libraries of \$3,036,000 in direct municipal obligations relate to library construction, which are now included with Loans to Local Governments.

The objective of the Federal-Provincial special development loans program was to stimulate capital spending and related employment especially in municipalities where unemployment was high.

The Town of Kapuskasing debentures held by the Province of Ontario are repayable over a period of years with final maturity in 1994.

The debentures of The Moosonee Development Area Board were issued for various municipal projects and services.

	<u>70,193,962</u>	<u>54,976,963</u>

The Pension Benefits Act, 1987, authorizes the Lieutenant Governor in Council to make loans to the Pension Benefit Guarantee Fund if at anytime the amount standing to the credit of the Fund is insufficient for the purpose of paying claims. This \$25,000,000 interest-bearing loan was made to meet claims respecting the Massey Pension Plans. The principal (less any repayments of surplus funds) and accumulated interest (calculated at 10.54% per annum compounded annually) are due and payable on February 1, 1995.

Mortgages assumed by the Province on the dissolution of the Ontario Land Corporation on March 31, 1987.

Loans to public hospitals are Ministry of Health capital construction loans amounting to \$12,104,656 (1989 \$18,886,568).

The investment under the Sault Ste. Marie Bridge Act consists of bonds of the International Bridge Authority of Michigan and shares of the St. Mary's River Bridge Company.

The International Bridge Authority of Michigan bonds, with a par value of \$7,850,000 U.S., were acquired in 1960 at a cost of \$7,615,072. These bonds, due September 1, 2000, bear interest at the rate of 6% per annum but under the terms of the agreement interest is payable at maturity or only as funds are available from operations. The accumulated balance of interest remaining unpaid at March 31, 1990, was \$2,930,790.

The investment in the St. Mary's River Bridge Company is the cost of 137 shares purchased by the Province.

The Small Rural Industrial Minerals Program was established to protect and stabilize jobs and ensure competitiveness with foreign materials in the communities of Perth and Timmins.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the Municipal and School Tax Credit Assistance Act.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the Tile Drainage Act and are secured by liens on the properties.

The Co-operative Loans Act authorizes the Lieutenant Governor in Council to make loans to any co-operative association to enable it to carry out its objects. The loans are secured by a first mortgage on the real property of the co-operative association and are repayable over a period of twenty years.

Payroll deductions (net) represent employee payroll deductions for the month of March which have not yet been remitted to the appropriate payee.

The Pits and Quarries Control Act requires licenced operators of pits and quarries to make annual deposits with the Treasurer of Ontario. The deposits are held until the rehabilitation program of a pit or quarry is carried out in accordance with the requirements of the Act. Interest is credited to the deposit account on an annual basis.

In connection with agreements between the Ministry of the Environment and municipalities, the Ministry maintains a reserve fund to provide for expenditures related to renewals, replacements, alterations, extensions and contingencies in respect of water and sewage works operated by the Ministry. The Crown credits interest to the fund annually and expends from the fund amounts in accordance with the provisions of the Ontario Water Resources Act.

The outstanding cheques account is maintained for Treasurer of Ontario and Ministry of Health cheques which have not been presented for payment.

The Personal Property Security Assurance Fund receives a portion of the fee paid to the registrar when a certificate is issued under the Personal Property Assurance Act. The Fund is maintained to compensate persons who may suffer loss or damage from provision of incorrect information in a certificate. Interest is credited to the Fund on an annual basis.

The Ontario Housing Corporation has placed on deposit with the Treasurer of Ontario working capital which is surplus to its immediate needs.

The Fund for Milk and Cream Producers was established in 1967 to guarantee payment to producers of milk and cream for their product. The Milk Commission of Ontario administers the Fund and collects an annual fee from the processors of milk and cream for credit to the Fund. Interest is credited to the Fund on a semi-annual basis.

The Terry Fox Research Fund was established in 1981 for the purpose of supporting cancer research. \$1,000,000 was deposited into an interest bearing special purpose trust account, from which withdrawals will be made in accord with an agreement signed between the Ontario Cancer Treatment and Research Foundation and the Minister of Health.

To honour the Honourable William G. Davis on his retirement, employees of the Ontario Government and its Crown agencies provided donations of \$1,000,000 toward the student award program named John. C. Polanyi Prizes.

Bequests and scholarships may be accepted from citizens and special interest groups under the Financial Administration Act. Depending on the purposes of the bequest or scholarship, various ministries may administer the account.

Queen Elizabeth II Ontario Scholarship Fund was established in 1959 as a \$500,000 fund to provide annual scholarships to outstanding students working towards completion of their Ph.D. at Ontario universities. Interest is credited to the account semi-annually.

Unclaimed debenture principal and interest on Province of Ontario debentures is held in a liability account until the recipient is located.

Security bond deposit accounts are maintained for bonding or security deposit situations which exist under several Province of Ontario Acts.

The remaining special purpose accounts represent funds deposited with the Treasurer of Ontario or held in trust for various purposes and special accounts which are available for expending in periods subsequent to the current fiscal year.

The Canada Pension Plan Investment Fund makes funds available to the Province from monthly Canada Pension Plan contributions in amounts approximately equal to collections from Ontario contributors. The Province issues non-marketable debentures to the Fund at interest rates based on the Government of Canada long-term Canadian public market borrowing cost.

The obligations with respect to the Municipal Works Assistance Act and the three Federal-Provincial loan programs are serial debentures payable to the Minister of Finance of Canada. They were issued under employment stimulation programs in previous years.

The Ontario Teachers' Pension Fund is administered by the Ontario Teachers' Pension Board.

In accordance with the Teachers' Pension Act, 1989, the assets and liabilities of the Superannuation Adjustment Fund account (TSAF) for the Teachers' Superannuation Fund (TSF) were transferred to the TSF on December 31, 1989. The net assets of the TSF were transferred to the Ontario Teachers' Pension Fund by the issuance, on January 1, 1990, of \$1,581,350,264 in non-marketable debentures of the Province of Ontario and the TSAF ceased to exist in the Consolidated Revenue Fund.

The 1989 comparative TSAF deposit transactions and the liability of \$1,427,451,910 at March 31, 1989 have been reclassified under debt incurred for provincial purposes.

The Ontario Municipal Employees Retirement Fund, which is a pension fund for public servants employed by local governments, invested surplus funds in Province of Ontario non-marketable securities until 1978. The interest rate on these securities was based on rates for long-term Canadian public market debentures issued or guaranteed by the Province.

The Canada Mortgage and Housing Corporation has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public market borrowing cost at the time that the Corporation agreed to participate in the project.

The Canada Mortgage and Housing Corporation (CMHC) Section 40 Debt represents the liability to CMHC assumed by the Treasury on the dissolution of Ontario Land Corporation.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with 91 day maturity, are sold by tender on a regular basis.

The Province has borrowed \$2,747,746,000 for Ontario Hydro from the Canada Pension Plan. The proceeds of all such borrowings have been advanced to Ontario Hydro in exchange for bonds with like terms and conditions as the securities of the Province.

The Province of Ontario has issued public market debentures denominated in Canadian dollars and United States dollars. Since 1958, all United States dollar denominated securities have been issued on behalf of Ontario Hydro.

The Public Service Pension Fund is administered by the Public Service Pension Board.

In accordance with the Public Service Pension Act, 1989, the assets and liabilities of the Superannuation Adjustment Fund account of the Public Service Superannuation Fund (PSSF) and the Ontario Provincial Police Supplementary Benefits account were transferred to the PSSF on December 31, 1989. The net assets of the PSSF were transferred to the Public Service Pension Fund by the issuance of \$6,937,168,800 in non-marketable debentures of the Province of Ontario and the PSSF ceased to exist in the Consolidated Revenue Fund.

The 1989 comparative PSSF deposit transactions and the liability of \$6,345,083,064 as at March 31, 1989 have been reclassified under debt incurred for provincial purposes.

- (13) The Ontario Teachers' Pension Fund is administered by the Ontario Teachers' Pension Board.

In accordance with the Teachers' Pension Act, 1989, the assets and liabilities of the Superannuation Adjustment Fund account (TSAF) for the Teachers' Superannuation Fund (TSF) were transferred to the TSF on December 31, 1989. The net assets of the TSF were transferred to the Ontario Teachers' Pension Fund by the issuance, on January 1, 1990, of \$1,581,350,264 in non-marketable debentures of the Province of Ontario and the TSAF ceased to exist in the Consolidated Revenue Fund.

The 1989 comparative TSAF deposit transactions and the liability of \$1,427,451,910 at March 31, 1989 have been reclassified under debt incurred for provincial purposes.

- (14) The Public Service Pension Fund is administered by the Public Service Pension Board.

In accordance with the Public Service Pension Act, 1989, the assets and liabilities of the Superannuation Adjustment Fund account of the Public Service Superannuation Fund (PSSF) and the Ontario Provincial Police Supplementary Benefits account were transferred to the PSSF on December 31, 1989. The net assets of the PSSF were transferred to the Public Service Pension Fund by the issuance of \$6,937,168,800 in non-marketable debentures of the Province of Ontario and the PSSF ceased to exist in the Consolidated Revenue Fund.

The 1989 comparative PSSF deposit transactions and the liability of \$6,345,083,064 as at March 31, 1989 have been reclassified under debt incurred for provincial purposes.

## MISCELLANEOUS STATEMENTS

## PUBLIC SERVICE SUPERANNUATION FUND — Continued

Notes to Financial Statements  
December 31, 1989

## 1. DESCRIPTION OF THE PLAN

The following brief description of the Public Service Superannuation Plan (the Plan) established under the Public Service Superannuation Act (the Act) is provided for general purposes only. For more complete information, reference should be made to the Act. Contributions and benefit payments made in accordance with the terms of the Plan are accounted for in the Public Service Superannuation Fund (the Fund).

## (a) General

The Plan is a contributory defined benefit pension plan of the Province of Ontario and is mandatory for persons who satisfy eligibility requirements provided in the Act. Under this Plan, contributions are made by plan members, the Province of Ontario, and designated provincial agencies, boards and commissions. The Fund is held by the Province and is maintained within the Consolidated Revenue Fund (C.R.F.).

## (b) Funding Policy

Members are required to contribute 4.2 per cent of salary for Canada Pension Plan (C.P.P.) eligible earnings and 6.0 per cent of remaining earnings to the Fund. The Province matches the amount of member contributions and makes payments for certain members in the Plan who are on long term disability.

The Pension Benefits Act, 1987 (P.B.A.) requires that the Province of Ontario, acting as the Plan sponsor, ensure that the benefits determined under the Plan are adequately funded. The determination of the required funding is made on the basis of a triennial actuarial valuation.

## (c) Pension Portability and Commuted Value

Contributions made to the Plan for service prior to January 1, 1987 are locked-in when a member reaches 45 years of age and has 10 or more years of continuous service or employment. Contributions made to the Plan for service on or after January 1, 1987 are locked-in when a member has two or more years of continuous membership in the Plan. The contributions are to provide a member with a pension at their normal retirement age.

A member who ceases to contribute to the Plan and who is entitled to a deferred pension may have the option to transfer the commuted value of the deferred pension to a designated pension vehicle. The commuted value represents the present value of pension benefits which will become payable at some future date.

## (d) Superannuation Allowances

A normal superannuation allowance is available based on:

- the members' vested pensionable service (pre-1987 service vests at ten years contributory service or continuous employment; post-1986 service vests at two years of continuous membership);
- the best five year or three year average salary depending on the credit date in the Fund; and
- two per cent of this average salary for each year of contributory service, to a maximum of 35 years service, payable at age sixty-five or age sixty depending on the credit date in the Fund.

Both reduced and unreduced superannuation allowances are available under combinations of minimum attained age and years of pensionable service or under other circumstances as outlined in the Act.

Because contributions to the Plan are integrated with the C.P.P., the superannuation allowance is reduced at age sixty-five for C.P.P. retirement benefits or for disability benefits upon the receipt of a C.P.P. disability allowance.

## (e) Survivor Allowances

For retirements prior to January 1, 1988, a survivor allowance, equal to 50 per cent of the allowances mentioned above, is available to the spouse or an eligible child of a member who has a minimum of ten years credit in the Fund.

In accordance with the P.B.A., for retirements that occur on or after January 1, 1988, the survivor allowance will not be less than 60 per cent. The retirement benefit will be actuarially reduced to compensate for this improved survivor allowance. However, the legislation permits the spouse of the member to waive his/her entitlement to this improved survivor allowance and thereby avoid any actuarial reduction in the retirement benefit. Members may elect to increase the survivor allowance to a maximum of 75 per cent of the basic superannuation allowance by reducing their retirement benefit.

## MISCELLANEOUS STATEMENTS

## PUBLIC SERVICE SUPERANNUATION FUND — Continued

Notes to Financial Statements  
December 31, 1989

## 1. DESCRIPTION OF THE PLAN (Continued)

## (f) Post-Retirement Death Refunds

Upon the death of a pensioner, a refund of residual contributions may be payable to the estate as determined under the Act.

## (g) Other Refunds

Upon application, and subject to the lock-in provisions, refunds are payable with interest when a member ceases to be eligible to participate in the Plan.

## (h) Income Tax

The Plan is a Registered Pension Plan as defined by the Income Tax Act and therefore is not subject to income tax.

## (i) Augmentation of Pensions

Upon order by the Lieutenant Governor in Council, additional payments are made to certain pensioners where the allowances under the Act are below a prescribed amount. Additionally, cost-of-living escalations are paid to pensioners who are not entitled to receive cost-of-living escalations under the Superannuation Adjustment Benefits Act. These payments are made from the C.R.F.

## (j) Interest Revenue

Each fiscal period, the excess of inflows over outflows (net cash flow) earns interest at a rate which is fixed by Order in Council. This rate also applies to the reinvestment of funds which matured during the fiscal period. For the nine months ended December 31, 1989, the rates were:

Net Cash Flow	11.65%
Average Rate Paid on the April 1, 1989 Opening Balance	11.24%

## 2. CHANGES IN LEGISLATION

In accordance with the Public Service Pension Act, 1989:

- The Public Service Superannuation Fund (the Fund) established under the Public Service Superannuation Act is continued as the Public Service Pension Fund (P.S.P.F.)
- As of December 31, 1989, the assets and liabilities of the Public Service Superannuation Fund Account and the Superannuation Adjustment Fund and the Ontario Provincial Police Supplementary Benefits Account were transferred to the Fund.
- As of January 1, 1990, the assets and liabilities of the Fund were transferred to the P.S.P.F. and the Fund ceased to exist in the Consolidated Revenue Fund. The transfer of assets was made by the issuance of non-marketable debentures of the Province of Ontario.

## 3. BASIS OF ACCOUNTING

Deposits to the Public Service Superannuation Fund (the Fund) include employee contributions and the applicable matching employer contributions, pertaining to employment service for the period ended December 31, 1989. Non-matching contributions and interest earnings for the nine months ended December 31, 1989 are also included.

Payments from the Fund are recorded when paid.

Deposits received and payments made after December 31, 1989 which relate to the Fund will be recorded by the Public Service Pension Fund.

## 4. ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Province of Ontario. After December 31, 1989, administrative expenses will be paid from the Public Service Pension Fund.

## MISCELLANEOUS STATEMENTS

## PUBLIC SERVICE SUPERANNUATION FUND — Concluded

## Notes to Financial Statements

December 31, 1989

## 5. FINANCIAL STATUS OF THE FUND

The adequacy of the assets available in the Public Service Superannuation Fund (the Fund) for benefits is determined by a triennial actuarial valuation. The latest valuation filed with the Pension Commission of Ontario covered the period ending December 31, 1985 and showed an actuarial surplus of \$109.9 million.

The impact on the funded position of the Fund on January 1, 1990, resulting from the changes in legislation, described in note 2, will be determined by an actuarial valuation. This will be done under the direction of the Public Service Pension Board (the Board) pursuant to the Public Service Pension Act, 1989. A preliminary actuarial valuation prepared in 1989, estimated an unfunded liability of \$1.9 billion as at January 1, 1990 and the Province will fund the unfunded liability over 40 years, in accordance with legislation. Interim payments by the Province based on the estimated initial unfunded liability for the next three years are as follows:

<u>Year</u>	<u>\$ million</u>
1990	89.6
1991	94.5
1992	99.7

The amount of these payments will be adjusted when the actuarial valuation prepared for the Board is filed with the Pension Commission of Ontario.

To the Treasurer of Ontario.

I have examined the statement of changes in fund balance of the Public Service Superannuation Fund for the nine-month period ended December 31, 1989. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the financial position of the Fund as at December 31, 1989 and the results of its operations for the nine-month period then ended in accordance with the accounting policy described in Note 3 to the financial statement applied on a basis consistent with that of the preceding year.

Toronto, Ontario,  
March 7, 1990.

D.F. Archer, F.C.A.,  
Provincial Auditor.

## MISCELLANEOUS STATEMENTS

## SUPERANNUATION ADJUSTMENT FUND — Continued

Notes to Financial Statements  
March 31, 1990

## 1. DESCRIPTION OF THE PLAN

The following brief description of the Superannuation Adjustment Fund (the Fund) is provided for general purposes only. For more complete information reference should be made to the Superannuation Adjustment Benefits Act (the Act) and the Regulations made under the Act.

## (a) General

The Fund was established in 1975 to provide superannuation adjustment benefits to persons in receipt of pensions payable under the terms of the pension plans designated by the Regulations. The three designated plans within the Fund are: the Public Service Superannuation Plan (P.S.S.P.); the Teachers' Superannuation Plan (T.S.P.); and the Retirement Pension Plan of the Ryerson Polytechnical Institute. Until December 31, 1989, the Fund consisted of accounts for the three designated plans: the Superannuation Adjustment Fund Account for the Public Service Superannuation Plan (P.S.A.F.), the Superannuation Adjustment Fund Account for the Teachers' Superannuation Plan (T.S.A.F.), the Superannuation Adjustment Fund Account for the Retirement Pension Plan of the Ryerson Polytechnical Institute (R.S.A.F.). Pursuant to changes in legislation as described in note 2, the fund account balances of P.S.A.F. and T.S.A.F. were transferred to the Public Service Superannuation Fund and the Teachers' Superannuation Fund effective December 31, 1989. Benefits provided under the Superannuation Adjustment Benefits Act are continued under the legislation described in note 2. Fund Account balances are held by the Province in the Consolidated Revenue Fund (C.R.F.) for the R.S.A.F. and by the Public Service Pension Fund and the Ontario Teachers' Pension Plan Fund for the remaining fund accounts.

## (b) Funding Policy

The members and the employers are each required to contribute one per cent of salary. Since inception, the Fund has operated on a modified pay-as-you-go basis. Actuarial valuations are not required to be filed with the Pension Commission of Ontario.

## (c) Adjustment Benefits

The Fund provides an annual adjustment benefit to retired and disabled members and to their surviving spouses and eligible dependents of the designated plans commencing January 1 of the year following the event which gave rise to the benefit. The amount of the adjustment benefit payable is based on the annual percentage increase in the Consumer Price Index (C.P.I.) for Canada to a maximum of 8 per cent of the annual amount of the earned pension. An increase in the C.P.I. beyond 8 per cent in any year is carried forward for application in subsequent years when the C.P.I. increase is less than 8 per cent.

Adjustment benefits are paid to pensioners who retired prior to 1976 for the members of the T.S.P. and the P.S.S.P., prior to 1977 for the members of the Ryerson Plan, and are thus not entitled to receive adjustment benefits under the Act. These payments are made from the C.R.F. for the members of T.S.P. and P.S.S.P. and by the Ryerson Polytechnical Institute for members of the Ryerson Plan.

## (d) Refunds

Upon application, and subject to the lock-in provisions of the designated plans, refunds are payable with interest upon termination from the designated plans.

## (e) Interest Earnings

Each fiscal year, the excess of inflows over outflows (net cash flow), earns interest at a rate which is fixed by Order in Council. This rate also applies to the reinvestment of funds which matured during the fiscal period. The rates applicable to the respective fund accounts are:

	Nine months ended December 31, 1989		Year ended March 31, 1990
	Public Service Superannuation Plan %	Teachers' Superannuation Plan %	Retirement Pension Plan of the Ryerson Polytechnical Institute %
New Cash Flow . . . . .	11.65	11.65	11.82
Average Rate Paid on April 1, 1989 Opening Balances	11.64	11.89	11.63

## 2. CHANGES IN LEGISLATION

In accordance with the Public Service Pension Act, 1989:

- The assets and liabilities of the Superannuation Adjustment Fund Account for the Public Service Superannuation Plan were transferred to the Public Service Superannuation Fund (P.S.S.F.) on December 31, 1989, and the Superannuation Adjustment Fund Account for the Public Service Superannuation Plan ceased to exist in the Consolidated Revenue Fund.
- As of January 1, 1990, the assets and liabilities of the P.S.S.F. became the responsibility of the Public Service Pension Fund, which continues as the pension fund for the purpose of providing benefits.

In accordance with the Teachers' Pension Act, 1989:

- The assets and liabilities of the Superannuation Adjustment Fund Account for the Teachers' Superannuation Plan were transferred to the Teachers' Superannuation Fund (T.S.F.) on December 31, 1989, and the Superannuation Adjustment Fund Account for the Teachers' Superannuation Plan ceased to exist in the Consolidated Revenue Fund.
- As of January 1, 1990, the assets and liabilities of the T.S.F. became the responsibility of the Ontario Teachers' Pension Plan Fund, which continues as the pension fund for the purpose of providing benefits.

## 3. BASIS OF ACCOUNTING

For the Superannuation Adjustment Fund Account for the Public Service Superannuation Plan (P.S.A.F.):

Deposits include employee contributions and the applicable matching employer contributions pertaining to employment service for the period ended December 31, 1989. Non-matching contributions and interest earnings for the nine months ended December 31, 1989 are also included.

Payments are recorded when paid.

Deposits received and payments made after December 31, 1989 which relate to the P.S.A.F. will be recorded by the Public Service Pension Fund.

For the Superannuation Adjustment Fund Account for the Teachers' Superannuation Plan (T.S.A.F.):

Deposits include employee contributions and transfers from other plans received by the Teachers' Superannuation Commission by December 31, 1989 as well as the related employer matching and non-matching contributions. Interest earnings for the nine months ended December 31, 1989 are also included.

Payments include payments made by the Teachers' Superannuation Commission by December 31, 1989.

Deposits received and payments made after December 31, 1989 which relate to the T.S.A.F. will be the responsibility of the Ontario Teachers' Pension Plan.

For the Superannuation Adjustment Fund Account for the Retirement Pension Plan of the Ryerson Polytechnical Institute.

All deposits and payments are recorded on a cash basis of accounting modified for an additional thirty days to include transactions pertaining to the fiscal year ended March 31, 1990.

Interest earnings for the fiscal year ended March 31, 1990 are also included.

## 4. ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the respective pension plan sponsors. After December 31, 1989, administrative expenses are paid from the Public Service Pension Fund and the Ontario Teachers' Pension Plan fund for the Public Service Pension Plan and the Ontario Teachers' Pension Plan respectively.

## 5. SUBSEQUENT EVENT

On April 2, 1990, an action was commenced in the Supreme Court of Ontario challenging the transfer of P.S.A.F.'s assets and liabilities to the P.S.S.F. The impact on the Public Service Pension Fund, if any, cannot be determined because the outcome of this action is uncertain.

## MISCELLANEOUS STATEMENTS

## PROVINCIAL JUDGES BENEFITS FUND — Continued

Notes to the Financial Statement  
March 31, 1990

## 1. DESCRIPTION OF THE FUND

The Provincial Judges Benefits Fund (the Fund) was established by Regulation made under the Courts of Justice Act, effective July 1, 1984. This Regulation designated the Provincial Judges Benefits Board to administer the Fund. The following brief description of the Fund is provided for general purposes only. For more complete information, reference should be made to the Regulation.

## (a) General

The purpose of the Fund is to provide income continuity payments to retired Provincial Court Judges and Masters of the Supreme Court of Ontario or survivor allowances to the dependents of these Judges and Masters.

## (b) Funding Policy

The annual funding required to maintain income continuity payments is borne entirely by the Province and is determined annually by an actuarial valuation.

Contributions to the Fund by participants are for survivor allowances only. Participants are required to contribute 5.57 per cent of their salary either until their basic service requirement is met or until they reach 70 years of age. At the participant's option, this contribution may be apportioned either entirely to the Fund towards the cost of survivor allowances or one third to the Fund and two thirds to the Consolidated Revenue Fund, toward the cost of life insurance benefits provided. At present, the majority of participants have elected to apportion their contribution between the Fund and life insurance premiums.

## (c) Income Continuity Payments

An income continuity payment is available based on the age and the number of years of full-time service for which the participant has credit upon ceasing to hold office and on the salary of a full-time judge of the highest judicial rank held by the participant while in office. The participant is entitled to these payments during his lifetime.

## (d) Disability Income Continuity Payments

A full income continuity payment is available at age 65 for participants with a minimum of five years of full-time service who are unable to serve in office due to injury or chronic sickness.

## (e) Survivor Allowances

A survivor allowance equal to one half of an income continuity payment is paid to the spouse during the spouse's lifetime or to a child or children until the youngest child attains 18 years of age, or 25 years of age if the child is a full-time student at a place of higher education.

## (f) Death Refunds

A death refund is payable to the estate of a participant where there is no further entitlement to a survivor allowance. The amount of the refund is equal to all contributions made into the Fund plus accrued interest, reduced by the amounts of survivor allowances paid out under this Regulation.

## (g) Withdrawal Refunds

Upon ceasing to hold office for a reason other than death before becoming entitled to an income continuity payment, the participant is entitled to a refund. The amount of the refund is equal to the contributions made into the Fund plus accrued interest.

## (h) Interest Revenue

All new money, being the excess of deposits over payments each fiscal year, earns a rate of interest which is fixed for 25 years and which is not less than the weighted average rate on long term securities issued or guaranteed by the Province of Ontario during that fiscal year. For the 1990 fiscal year, the rate was 11.65 per cent (1989—11.19 per cent). The weighted average interest rate earned on the 1990 beginning Fund balance was 11.30 per cent (1989—11.31 per cent).

## (i) Fund Status

The Fund is not subject to the reporting requirements under the Pension Benefits Act and Regulations. However, the Fund has the status of a pension plan for income tax purposes.

## 1. SIGNIFICANT ACCOUNTING POLICIES

## (a) Basis of Accounting

The Province of Ontario Savings Office uses a cash basis of accounting which is modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees for the pay period which overlaps the fiscal year end date are apportioned between the two years.

## (b) Fixed Assets

The costs of fixed assets, consisting of furniture and equipment and alterations to premises are charged in the period in which they are incurred.

## MISCELLANEOUS STATEMENTS

## MOTOR VEHICLE ACCIDENT CLAIMS FUND

Notes to Financial Statement  
March 31, 1990

## 1. AUTHORITY

The Motor Vehicle Accident Claims Fund operates under the authority of the *Motor Vehicle Accident Claims Act*, R.S.O. 1980, Chapter 298 as amended.

## 2. FUND OPERATIONS

The Fund was originally established to provide compensation to innocent victims of motor vehicle accidents caused by uninsured or hit-and-run motorists in Ontario. Uninsured motorists were required to pay an annual fee into the Fund. However, effective March 1, 1980, with the enactment of the *Compulsory Automobile Insurance Act*, all motorists are required to carry compulsory third party liability insurance including uninsured automobile coverage.

The Fund continues in operation to pay those claims occurring after March 1, 1980 involving:

- pedestrians who are injured by an uninsured or hit-and-run vehicle where the pedestrian is not otherwise covered by an automobile insurance policy;
- injury to uninsured passengers in an uninsured vehicle where the driver of the uninsured vehicle is at fault;
- innocent parties where two uninsured vehicles are involved and;
- damages to property not insured against vehicle impact (e.g. Hydro and telephone poles, highway guardrails, etc.) providing both owner and driver of the uninsured vehicle can be identified.

The *Motor Vehicle Accident Claims Act* was amended on February 23, 1983 to allow the Fund to pay the claims of third party automobile plaintiffs who would not otherwise be able to collect all of their damages because of the insolvency of the defendant's insurance company. Compensation is subject to the provisions of the Act and its regulations, up to the minimum third party limits of liability in force at the time of the accident.

The driver's licence of the defendant policyholder and/or driver will not be subject to suspension nor will he/she be liable to repay the Fund for the subrogated rights. To date four companies, Pitts Insurance Company, Cardinal Insurance Company, Northumberland General Insurance Company and United Canada Insurance Company have been classified as "designated insurers" under the Act.

The establishment of the Property & Casualty Compensation Plan on August 31, 1988 has eliminated the need for the Motor Vehicle Accident Claims Fund to compensate the claims of future insolvent Property & Casualty Insurance Companies. All future claims will be administered by the newly established plan.

Legislation which was introduced during the Fall of 1989 regarding the Ontario Motorist Protection Plan (OMPP), will change the nature of the Fund. It is anticipated that 90% of all claims will fall below a legislated threshold, which means that those claims will be paid out under a No-Fault system of accident benefits. The Fund will be required to pay No-Fault accident benefits where there is no other insurance coverage available. The amounts paid out under the No-Fault system of accident benefits will not be recoverable from the at fault uninsured driver. While this may not increase the total dollar value of payouts, the number of total claims may increase. Payouts under the O.M.P.P. will be made concurrently with payouts prescribed by current legislation.

## 3. STATEMENT OF FUND

**Basis of Accounting**

The Fund uses a cash basis of accounting which is modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees are apportioned between the two years.

**Receipts**

Fees consist of \$1.00 charged per year to every driver in the Province of Ontario who renews his/her driver's licence and for every new driver's permit issued.

## MISCELLANEOUS STATEMENTS

## MOTOR VEHICLE ACCIDENT CLAIMS FUND — Concluded

Notes to Financial Statement  
March 31, 1990

Amounts collected on outstanding receivables are reported as receipts in the year they are collected. (See below for explanation of Accounts Receivable).

Interest on the Fund is the amount credited, based on calculations of the balance of the Fund at December 31st, 1989. The rate of interest used is based on the Province of Ontario Saving's Office average rate for the calendar year ended December 31, 1989.

**Disbursements**

Amounts paid from the Fund on behalf of uninsured drivers are reported as expenditures. These payments are legally recoverable from the uninsured at-fault drivers.

**Administrative Expenses**

The overhead expenditures (e.g. Salaries, Benefits, Transportation & Communication Services and Supplies & Equipment) are paid out during the course of the year, from the Consolidated Revenue Fund. At the end of each fiscal year, the Lieutenant Governor in Council authorizes the payment out of the Fund, to reimburse the Consolidated Revenue Fund for the expenses incurred in connection with the Administration of the Fund.

**4. STATEMENT OF FINANCIAL POSITION****Motor Vehicle Accident Claims Fund**

As of March 31, 1990 the Motor Vehicle Accident Claims Fund reported an excess of receipts over disbursements of \$6.8 million. This amount is held in a Consolidated Revenue Fund Special Purpose Account and is reported as a liability on the Statement of Financial Position of the Province of Ontario.

**Accounts Receivable**

As of March 31, 1990 the records of the Fund listed total Accounts Receivable by reason of payouts to uninsured victims on behalf of uninsured defendants, in accordance with the Act in the amount of \$93.0 million. Of this amount, inactive accounts totalling approximately \$28.4 million are considered uncollectible.

**Fixed Assets**

The cost of Fixed Assets, consisting of furniture and equipment and alterations to premises are charged to operations in the period in which they are incurred.

**Contingent Liabilities**

As at March 31, 1990 the Fund is contingently liable for claims in process. Based on previous experience it is estimated that the final cost of these claims will total approximately \$14.9 million. It is anticipated that future receipts, together with the current Fund balance will be sufficient to meet future obligations.

**Program description:**

This program's purpose is to serve and protect the public and to encourage the maintenance of an honest, equitable and informed marketplace. This is achieved through investigating consumer complaints, registering and regulating business under various consumer protection Acts, and through the regulation of three event-oriented areas of public entertainment, consisting of the Theatres Act administration, the Athletics Commissioner and lotteries licensing. In addition, this program provides for hearings with respect to matters of licensing under various Acts administered by the Ministry.

**Program description:**

This program consists of five operating activities, co-ordinated by the office of the Assistant Deputy Minister, which are responsible for minimizing risk inherent in designated environmental, technical and operational situations. This goal is accomplished through the inspection of elevators, pressure vessels, upholstered and stuffed articles, the transmission, transportation, distribution and utilization of natural gas, propane and fuel oil and the issuance of licences for the operation of elevators and pressure vessels.

**Program description:**

This program provides for the delivery of programs to protect air quality, surface and groundwater quality and quantity, to manage the disposal of wastes, to ensure an adequate quality of drinking water, to regulate the use of pesticides, and to promote the consideration of the environment in the planning and development of undertakings. The program also provides coordination of designated critical issues and the orchestration of inter-governmental activities.

Compensation to victims of spills is provided through the Environmental Compensation Corporation. A Spills Action Centre provides 24-hour access for spill reporting and for coordinating spill investigations.

**Program description:**

This program consists of six activities that provide for the regulation, supervision and policy direction of financial institutions operating in Ontario. The focus of the program is to safeguard the interests of the public dealing with the financial service sector while creating a business climate to increase Ontario's domestic and international competitiveness. This is achieved through disclosure to the public of the essential elements of business transactions including the issuing of securities, registration and licensing of persons dealing with the public to ensure a high degree of competence and honesty in their dealings, and examination and surveillance of the financial standing and practices of firms. In addition, this program provides for the administration of the Motor Vehicle Accident Claims Act in respect of adjustment claims and payment of damages occasioned by the operation of stolen, unidentified or uninsured motor vehicles. The Ontario Automobile Insurance Board is also administered by this program and is responsible for holding public hearings and setting rates that are just and reasonable.

Program description:

The objective of this program is to respond to the needs of Ontario residents for socially assisted housing in co-operation with the non-profit and co-operative housing sectors, the private sector, other ministries, and other levels of government. Activities encompass social housing program development and the delivery of socially-assisted and market housing programs covering all aspects of the housing market. This includes the direct delivery, maintenance, property management and administration for Ontario Housing Corporation, of social housing for low and modest income families, senior citizens, and handicapped and other eligible persons, to ensure their access to appropriate and affordable shelter.

Program description:

One objective of this program is to develop policy, strategic recommendations, and programs to encourage and facilitate the supply of affordable and adequate rental and ownership housing in Ontario, including new construction, rehabilitation, and more efficient utilization of the existing housing stock. A second objective of the program is to implement the Residential Rent Regulation Act by: resolving applications for rent review and related matters filed by landlords and tenants; advising the public on all residential tenancy matters; developing policy on rent review issues; administering the residential rent registry; and, reviewing and recommending appropriate action concerning applications for exemptions under the Rental Housing Protection Act. In addition, this program includes the Rent Review Hearings Board for adjudicating appeals of decisions arising from rent review, and the Residential Rental Standards Board for helping to ensure that rental housing is adequately maintained.

**Program description:**

Provides the overall policy direction and the administrative support required by the Management Board. The program also provides for the estimated cost of anticipated corporate initiatives as included in the budget plan.

\*In the Estimates a provision was made for the cost of corporate initiatives as included in the budget plan. It was not practicable, however, to distribute this estimate among the programs and activities of each ministry. Accordingly the gross projected corporate initiatives costs appeared in the "Contingencies" provision.

In this regard, commitments totalling \$77,528,500 were approved. This amount is gross of any underspending within each activity. As the actual costs were incurred they were not charged against the "Contingencies" activity but rather against the various votes and items to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation.

## Program description:

The tax revenue aspects of this program are directed at maintaining the integrity of Ontario's self-assessing taxation systems which generate revenue flows to the Consolidated Revenue Fund. Compliance is encouraged through taxpayer information services, assistance, and deregulation while abuse and tax evasion are discouraged through audits and investigations. The tax statutes administered in the program are the Corporations Tax Act, the Mining Tax Act, the Income Tax Act, the Gasoline Tax Act, the Tobacco Tax Act, the Fuel Tax Act, the Succession Duty Act, the Land Transfer Tax Act, the Provincial Land Tax Act, the Retail Sales Tax Act, the Race Tracks Tax Act, the Commercial Concentration Tax Act, and the Employer Health Tax Act.

Under the program, income supplements are delivered to senior citizens through the guaranteed income system, and property tax grants and sales tax grants are paid to eligible pensioners. The program also administers the Ontario Home Ownership Savings Plan which is designed to assist middle and lower income earners in saving for a new home. In addition, the development of small business is encouraged through grants to investors under the Small Business Development Corporations Act and an incentive is provided to employees of small and medium sized businesses to purchase newly issued common shares of their employer through grants under the Employee Share Ownership Plan.

The program also delivers information services and other administrative aspects of the Ontario Tax Credit System which generates property tax and sales tax credits to low income tax filers under the age of 65 in order to relate these taxes and costs to the individual's ability to pay and provides political contribution tax credits to qualified tax filers in order to encourage participation in the political process.

**Program description:**

This program determines the valuation of all real property and prepares assessment rolls for purposes of taxation by local governments. Where assessment information has changed from the previous notification, assessment notices are issued to confirm to taxpayers the revised assessment values and the allocation of school support. The program provides an equitable basis of assessment for the distribution of provincial grants and subsidies to municipalities and school boards and the collection of Provincial Land Tax. In municipal election years, the program conducts a municipal enumeration to facilitate the production of preliminary voters' lists and municipal census data.

**Program description:**

The Province of Ontario Savings Office attracts savings from the public by operating twenty-one offices where deposits are received and held in individual accounts on which interest is paid and cheques may be drawn. Guaranteed Investment Certificates may also be purchased. All funds are deposited in the Consolidated Revenue Fund and provide an economical source of long-term borrowing for the Treasurer of Ontario.

This statutory appropriation provides operating funds for the twenty-one offices pending reimbursement by the Province of Ontario Savings Office.

## **A GUIDE TO PUBLIC ACCOUNTS**

### **1. SCOPE OF THE PUBLIC ACCOUNTS**

The 1989-90 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of selected provincial crown corporations, boards and commissions.

Volume 3 contains the details of expenditures.

### **2. A GUIDE TO VOLUME 2 OF THE PUBLIC ACCOUNTS**

The financial statements of the selected crown corporations, boards and commissions are for fiscal periods ending within the Province's own fiscal period April 1, 1989 to March 31, 1990. They are presented in the same detail as the approved, audited financial statements and as nearly as possible in the same form. The statements have been presented alphabetically as shown in the Table of Contents. In addition, a listing is provided which groups the crown corporations, boards and commissions by ministerial responsibility.

The Accountant of the Supreme Court of Ontario (Acting)

To the Accountant of the Supreme Court of Ontario and  
to the Attorney General.

I have examined the balance sheet of the Accountant of the Supreme Court of Ontario as at March 31, 1990 and the statement of income and capital reserve account for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Accountant of the Supreme Court of Ontario as at March 31, 1990 and the results of operations for the year then ended in accordance with the accounting policies described in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

J.F. Otterman, F.C.A.,  
Assistant Provincial Auditor.

Toronto, Ontario,

## ACCOUNTANT OF THE SUPREME COURT OF ONTARIO

Notes to Financial Statements  
March 31, 1990

## 1. GENERAL

The office of the Accountant of the Supreme Court of Ontario is the depository for all funds, mortgages and securities which are paid into the Supreme Court of Ontario. Such funds are received and disbursed or released pursuant to judgments and orders of the court, and in accordance with the Courts of Justice Act, 1984 and other relevant statutes.

## 2. SIGNIFICANT ACCOUNTING POLICIES

## (a) Basis of Accounting

The financial statements have been prepared by management using the modified cash basis of accounting. Under this modified cash basis, income is recorded when received and expenditures are recorded when paid, except at the fiscal year end when an additional thirty days are allowed to record administrative expenditures pertaining to the fiscal year just ended.

## (b) Investments

Funds are invested in income producing securities. The securities are recorded at cost, with gains and losses on the sale of investments recognized in the capital reserve account on a first-in first-out basis.

## 3. SUITS AND MATTERS

These accounts, vested in the Accountant, represent the undisbursed balances of funds paid into the Supreme Court of Ontario on behalf of minors and pursuant to judgments and orders under various statutes. In October 1989, the Accountant transferred \$4 million to the Province. These funds had been unclaimed for more than 20 years. Transactions in these accounts during the year were:

	1990 (\$000's)	1989 (\$000's)
Balance, beginning of year . . . . .	273,469	260,336
Funds paid in, including interest . . . . .	127,861	95,614
Disbursements, including interest . . . . .	(90,555)	(82,481)
Funds transferred to Province . . . . .	(4,000)	
Balance, end of year . . . . .	<u>306,775</u>	<u>273,469</u>

## ACCOUNTANT OF THE SUPREME COURT OF ONTARIO

Notes to Financial Statements — Concluded  
March 31, 1990

## 4. OTHER BONDS

Other bonds consist of securities issued by various provincial agencies, Canadian municipalities and chartered banks.

## 5. SHORT-TERM INVESTMENTS

Short-term investments include bonds, bank instruments and deposits maturing within one year.

## 6. MORTGAGES AND SECURITIES IN TRUST

The Accountant also acts as custodian of mortgages in the amount of \$3,168,000 (1989 — \$2,240,000) and miscellaneous securities and documents having a recorded value of \$1,342,000 (1989 — \$682,000). These amounts are not reflected in the financial statements.

## 7. PENSION PLAN

The Accountant of the Supreme Court of Ontario provides pension benefits for its permanent employees through participation in the Public Service Pension Fund established by the Province of Ontario. The Accountant's share of contributions to the Fund during the year was \$12,500 (1989 — \$12,000) and is included in employee benefits in the Statement of Income and Capital Reserve Account. This amount includes current contributions and additional payments required to cover the Agency's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

## 8. COMPARATIVE FIGURES

Prior year's figures have been reclassified where necessary to conform to the current year's presentation.

## ALGONQUIN FORESTRY AUTHORITY

Notes to Financial Statements  
March 31, 1990

## 1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared by management in accordance with generally accepted accounting principles, with the significant ones summarized below.

## (a) Inventory

Inventory is valued on the first in, first out basis at the lower of cost or net realizable value.

## (b) Fixed Assets

Fixed assets are recorded at cost. Depreciation is provided for on a straight-line basis, using rates of 10% per annum for furniture, fixtures, technical equipment, bridges, and leasehold improvements, 20% per annum for data processing equipment and 33⅓% per annum for automotive equipment. The cost of capital roads is amortized over the estimated number of operating seasons for which the roads are to be used, with a maximum amortization period of ten years. Forest Management Undertaking (FMU) assets are depreciated and amortized at the same rates as the assets mentioned above.

## (c) Deferred charge

Certain costs incurred in the development of a comprehensive forest management plan applicable to the period April 1, 1980 to March 31, 1990 were deferred and were amortized on a straight-line basis over 10 years.

## 2. FOREST MANAGEMENT UNDERTAKING

Effective April 1, 1983, the Authority undertook certain forest and land management activities formerly carried out by the Ministry of Natural Resources. Revenue for these activities is derived primarily from the retention of approximately 93% of the stumpage charges normally remitted to the Ministry (identified as forest management revenue) and from funds provided by the Ministry for stand and silvicultural improvements and operating reimbursements. These obligations are covered by an agreement with the Ministry which expires March 31, 2000.

## 3. FIXED ASSETS

## 4. PENSION PLAN

The Authority provides pension benefits for its permanent employees through participation in the Public Service Pension Fund established by the Province of Ontario. The Authority's share of contributions to the Fund during the year was \$61,692 (1989-\$54,363) and is included in salaries and benefits in the Statement of Operations and Retained Income. This amount includes current contributions and additional payments required to cover the Authority's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next 40 years.

## 5. REMUNERATION OF APPOINTEES

Total remuneration of the Board members of the Authority was \$11,566 during the 1990 fiscal year. (1989-\$10,160).

## 6. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform with the 1990 presentation.

To the Members, Algonquin Forestry Authority, and  
to the Minister of Natural Resources.

I have examined the balance sheet of the Algonquin Forestry Authority as at March 31, 1990 and the statements of operations and retained income and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1990 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

## THE CROP INSURANCE COMMISSION OF ONTARIO

Notes to Financial Statements  
March 31, 1990**1. SIGNIFICANT ACCOUNTING POLICIES****(a) Basis of accounting**

The Commission's financial statements have been prepared by management using the accrual basis of accounting except for administrative expenses which are recorded on the cash basis, modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended.

**(b) Provisions for payment of unsettled indemnities**

At the end of a fiscal year, the Commission estimates outstanding indemnities. In the subsequent year, any difference between the estimated and the actual indemnities is reflected in the statement of surplus and not in the statement of revenue and expenditure as the Commission feels the difference should not be reflected in the current year's operating results.

**(c) Premiums collected in advance**

Premiums collected in advance represent premiums received for the insurance of various crops where the deadline for applying for insurance coverage occurs after March 31, 1990. This insurance may be cancelled by the insured prior to the deadline date and premiums refunded.

**(d) Unearned premiums**

Unearned premiums represent premiums received for winter wheat and fruit crops. The harvesting of these crops and the payment of indemnities occurs subsequent to March 31, 1990. However, the deadline date for applying for insurance coverage occurs prior to year end, and accordingly, the insurance cannot be cancelled and no premiums will be refunded.

**2. CANADA-ONTARIO PREMIUM SUBSIDIES**

On March 30, 1990, the Province signed an agreement with the Federal Government requiring the Province to share in the costs of the Canadian Crop Drought Assistance Program. The Province must contribute to the Program, over a two year period, a sum equal to 25 per cent of the payments to Ontario farmers.

This agreement allows Canada to deduct, from its premium subsidies payable to the Commission, the Province's portion of the above costs. Accordingly, in the current year, Canada withheld \$10 million from its premium subsidies, which was then paid by the Province.

**3. ADMINISTRATIVE EXPENSES**

Salaries, benefits and other administrative expenses of the Commission are absorbed by the Ministry of Agriculture and Food and are included in the statement of revenue and expenditure.

**4. REMUNERATION OF APPOINTEES**

Total remuneration of the members of the Commission was \$36,739 during the 1990 fiscal year.

## THE DEVELOPMENT CORPORATIONS

## Notes to Combined Financial Statements

March 31, 1990

## 1. GENERAL

These financial statements combine the accounts of Ontario Development Corporation ("ODC"), Northern Ontario Development Corporation ("NODC"), Eastern Ontario Development Corporation ("EODC") and Innovation Ontario Corporation ("IOC"). The Corporations are incorporated under the Development Corporations Act and, except for ODC, are corporations without share capital. The Corporations are exempt from income taxes.

The Corporations' objectives are to encourage and assist in the development and diversification of industry in Ontario. The Corporations provide financial assistance by making loans, guaranteeing loans, acquiring equity securities and operating industrial park facilities. They also administer certain activities on behalf of other Provincial ministries and agencies (see Note 13).

## 2. SIGNIFICANT ACCOUNTING POLICIES

## (a) Loans receivable

Loans receivable are reported at the amount disbursed plus accrued interest, less principal repayments and amounts written off. No provision is made for doubtful loans in advance of a loan being written off.

Loans receivable include both loans made directly by the Corporations and loans administered for other Provincial ministries and agencies if ODC is a signatory to the loan agreement.

Loan losses in the Combined Statement of Operations are net of recoveries on loans previously written off.

## (b) Equity and royalty investments

Equity investments are recorded at cost less provision for losses for those investments that in management's opinion have suffered an other than temporary decline in value. The provision is determined by management based upon their best estimates from the most current information available to them. Royalty investments are recorded at a nominal value to reflect the conversion of technology royalty investments to equity (see Note (i)). Due to the nature of the investments, there is no quoted market value and the carrying value may not be equal to the realizable value.

## (c) Revenue recognition

Interest income is recognized on the accrual basis, except for certain loans administered by the Corporations that permit the borrower to defer interest payments. For those interest-deferred loans, interest that accrues during the deferred payment period is recognized in income only when received.

## (d) Guarantees

Guarantee expenses are recognized at the date the Corporations are requested to honour a guarantee. No provision for anticipated guarantee losses is recorded in advance of requests to honour a guarantee. Losses in the Combined Statement of Operations are net of amounts recovered from customers.

## (e) Fixed assets

## Industrial Parks

Fixed asset additions since the date the industrial parks were acquired by the Province have been capitalized. Buildings and improvements are depreciated on a straight-line basis using rates that range from five to twenty per cent per annum. Equipment is depreciated on a straight-line basis over five years.

## Other

Fixed assets for the Corporations' own use other than industrial park assets are expensed on acquisition and are included in administration expenses.

## (f) Non-consolidated subsidiaries

The investment in three wholly-owned subsidiaries of ODC are accounted for by the equity method because of ODC's formal plan to dispose of the assets of those subsidiaries. (See Note 7).

## (g) Administration expenses

Administration expenses are reflected on a cash basis which is modified to allow for an additional thirty days to pay for debts incurred during the fiscal year just ended.

## (h) Transactions with the Province

Contributions from the Province to fund equity investments, loan and other program losses, and administration costs are credited to contributed capital.

Advances from the Province of Ontario are recorded at amounts originally received plus accrued interest, less amounts repaid and amounts that are forgiven as a result of the related loan receivable being written off. Interest on advances is considered to be a distribution from equity and is charged to contributed capital.

## (i) Technology royalty investments

The costs of funding certain private sector technology royalty investments are expensed as incurred.

## THE DEVELOPMENT CORPORATIONS

Notes to Combined Financial Statements — Continued  
March 31, 1990

## 3. CHANGES IN ACCOUNTING POLICIES

- (a) In fiscal 1990, the Corporations changed the accounting for transactions with the Province to the policy described in Note 2(h). Under the previous policy, Provincial contributions related to administration expenses, guarantee losses and other program costs were included as a reduction of expenses in the Combined Statement of Operations. Interest on advances and agency loan interest to be returned to the Province were reported as expenses.

Under the new policy, all of these items are excluded from the Combined Statement of Operations and are included in a new statement, the Combined Statement of Investment by the Province of Ontario. This change has been applied retroactively and the 1989 financial statements restated accordingly.

The effects of this accounting change are as follows:

	As originally reported (\$000's)	As restated (\$000's)
Contributed capital, April 1, 1989 . . . . .	48,422	269,746
Accumulated net cost of operations, April 1, 1989 (previously retained earnings) . . . . .	79,453	(122,154)

As a result of this change, 1990 net cost of operations is \$36.3 million (1989 — \$31.2 million) higher than it would have been under the former policy.

- (b) The Corporations have also changed, effective April 1, 1989, the accounting policy for amounts recovered on loans written off or guarantees honoured in past periods. Under the new policy, amounts recovered are included in the Combined Statement of Operations as a reduction of losses on loans and guarantees. Previously, such amounts were excluded from the Combined Statement of Operations. As a result of this change, the net cost of operations for 1990 is \$7.3 million lower than it would have been under the former policy.

## 4. LOANS RECEIVABLE

Loans receivable include \$70.7 million (1989 — \$87.7 million) of loans administered on behalf of other Provincial agencies and ministries.

As at March 31, 1990, 6.8% of total loans receivable are floating-rate loans, and the balance bear fixed rates ranging from 6% to 16.5%. The weighted average interest rate on all loans was 10.6% at March 31, 1990.

The amounts of loans on which payments were past due by more than 90 days was \$23.1 million.

## 5. EQUITY AND ROYALTY INVESTMENTS

	<u>316</u>	<u>828</u>

## 9. GUARANTEES

The Development Corporations guarantee the repayment of certain loans made by private sector financial institutions to qualifying Ontario businesses. ODC also guarantees certain obligations of the Ontario Share and Deposit Insurance Corporation. No guarantee fees are charged to the borrowers or to the Province.

Under certain guarantee programs, The Development Corporations guarantee only a portion of loans outstanding. At March 31, 1990, the Corporations' maximum contingent liability under guarantees amounted to \$272.2 million (1989 — \$236.1 million).

## 10. ADVANCES

Advances from the Province are used to fund loans. The advances have no fixed maturity dates and are forgiven by the Province if the related loan receivable proves uncollectable.

At March 31, 1990, \$99.9 million (1989 — \$97.6 million) of advances were interest bearing, with the balance of \$82.6 million (1989 — \$81.4 million) being interest free.

## 11. CREDIT AND INVESTMENT LOSSES

Credit and investment losses shown in the Combined Statement of Operations are net of recoveries as follows:

	Loans (\$000's)	New Ventures Guarantees (\$000's)	Other Guarantees (\$000's)	Investments (\$000's)
Writedowns/guarantees honoured .....	15,646	12,817	5,947	2,913

Supplies and equipment .....	1,253	1,623
Other expenses .....	177	184
	<u>14,013</u>	<u>13,349</u>

The Corporations provide pension benefits for all their permanent staff through participation in the Public Service Pension Fund, established by the Province of Ontario. The Corporations' share of contributions to the Fund during the year was \$513,600 (1989 — \$425,700) and is included in salaries and benefits. This amount includes current contributions and additional payments required to cover the Corporations' share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

The Corporations had fifty eight members of the Boards of Directors on March 31, 1990. Their remuneration for 1990 totalled \$237,327 (1989 — \$168,400).

## THE DEVELOPMENT CORPORATIONS

Notes to Combined Financial Statements — Concluded  
March 31, 1990

## 13. ACTIVITIES ADMINISTERED BY THE DEVELOPMENT CORPORATIONS

The Development Corporations are responsible for a wide variety of activities, including activities managed on behalf of other ministries and agencies of the Province of Ontario. The Schedule of Activities Administered, Schedule 1, summarizes the activities administered at March 31, 1990, other than industrial park operations (Note 6 provides information about the industrial parks).

The Schedule of Activities Administered includes loans, debentures and equity investments that are included in the Combined Balance Sheet. The schedule also includes loans guaranteed by the Corporations, as well as certain loans, equity investments and repayable grants administered for other ministries and agencies. These additional activities are not included in the Combined Balance Sheet.

The total activity amounts included in the schedule differ from amounts reported in the Combined Balance Sheet as follows:

	1990 (\$000's)	1989 (\$000's)
As at March 31		
Loans and investments per combined balance sheet		
Loans receivable . . . . .	227,775	238,108
Equity investments . . . . .	18,547	14,848
Investment in non-consolidated subsidiaries . . . . .	15,275	22,491
Total loans and investments per combined balance sheet . . . . .	<u>261,597</u>	<u>275,447</u>
Other activities administered		
Loans of other ministries and agencies . . . . .	183,771	172,219
Loans guaranteed . . . . .	370,466	303,561
Repayable grants/conditional loans . . . . .	121,732	132,901
Investment in Varsity Corporation . . . . .	16,900	16,900
Assets of non-consolidated subsidiaries other than investments and loans . . . . .	(3,430)	(8,818)
Total other activities administered . . . . .	<u>689,439</u>	<u>616,763</u>
Total activities per Schedule of Activities Administered . . . . .	<u>951,036</u>	<u>892,210</u>

Under certain guarantee programs, The Development Corporations guarantee only a portion of outstanding loans. Guaranteed loans disclosed above and in the Schedule of Activities Administered represent the total loans outstanding, which exceed The Development Corporations' contingent liability under guarantees (see Note 9).

## 14. COMMITMENTS AND CONTINGENCIES

- (a) See Note 9 for information on guarantees.
- (b) Commitments at March 31, 1990 to make loans and investments and to provide guarantees are disclosed at the foot of the Schedule of Activities Administered.
- (c) A legal action claiming damages of \$4 million plus interest, which had been instituted against the Corporations and others by a former shareholder of Minaki Lodge Resort Ltd. and Minaki Development Company Limited, was dismissed by the Court. However, the plaintiff has appealed the dismissal.

## THE DEVELOPMENT CORPORATIONS

Combined Financial Statements  
for the year ended March 31, 1990

To the Ontario Development Corporation, Northern Ontario Development Corporation,  
Eastern Ontario Development Corporation, Innovation Ontario Corporation,  
and to the Minister of Industry, Trade and Technology.

I have examined the combined balance sheet of The Development Corporations consisting of Ontario Development Corporation, Northern Ontario Development Corporation, Eastern Ontario Development Corporation and Innovation Ontario Corporation as at March 31, 1990 and the combined statements of operations, investment by the Province of Ontario and cash flows for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these combined financial statements present fairly the financial position of The Development Corporations as at March 31, 1990 and the results of their operations and the changes in their financial position for the year then ended in accordance with the accounting policies described in note 2 to the financial statements. Further, in my opinion, such policies have been applied, after giving retroactive effect to the changes in the method of accounting for transactions with the Province of Ontario and except for the change in accounting for amounts recovered on loans written off or guarantees honoured as explained in note 3 to the financial statements, on a basis consistent with that of the preceding year.

Toronto, Ontario,  
July 13, 1990.

D.F. Archer, F.C.A.,  
Provincial Auditor.

Chairman

  
Director

To the Ontario Development Corporation and  
to the Minister of Industry, Trade and Technology.

I have examined the balance sheet of the Ontario Development Corporation as at March 31, 1990 and the statements of operations, investment by the Province of Ontario and cash flows for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1990 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies described in note 2 to the financial statements. Further, in my opinion, such policies have been applied, after giving retroactive effect to the changes in the method of accounting for transactions with the Province of Ontario and except for the change in accounting for amounts recovered on loans written off or guarantees honoured as explained in note 3 to the financial statements, on a basis consistent with that of the preceding year.

Toronto, Ontario,  
July 13, 1990.

D.F. Archer, F.C.A.,  
Provincial Auditor.

## ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements  
March 31, 1990

## 1. GENERAL

The Ontario Development Corporation was incorporated under the Development Corporations Act. The Corporation is exempt from income taxes.

The Corporation's objectives are to encourage and assist in the development and diversification of industry in Ontario. The Corporation provides financial assistance by making loans, guaranteeing loans, acquiring equity securities and operating industrial park facilities. It also administers certain activities on behalf of other Provincial ministries and agencies.

## 2. SIGNIFICANT ACCOUNTING POLICIES

## (a) Loans receivable

Loans receivable are reported at the amount disbursed plus accrued interest, less principal repayments and amounts written off. No provision is made for doubtful loans in advance of a loan being written off.

Loans receivable include both loans made directly by the Corporation and loans administered for other Provincial ministries and agencies if ODC is a signatory to the loan agreement.

Loan losses in the Statement of Operations are net of recoveries on loans previously written off.

## (b) Equity investments

Equity investments are recorded at cost less provision for losses for those investments that in management's opinion have suffered an other than temporary decline in value. There is no quoted market value and the carrying value may not be equal to the realizable value.

## (c) Revenue recognition

Interest income is recognized on the accrual basis, except for certain loans administered by the Corporation that permit the borrower to defer interest payments. For those interest-deferred loans, interest that accrues during the deferred payment period is recognized in income only when received.

## (d) Guarantees

Guarantee expenses are recognized at the date the Corporation is requested to honour a guarantee. No provision for anticipated guarantee losses is recorded in advance of requests to honour a guarantee. Losses in the Statement of Operations are net of amounts recovered from customers.

## (e) Fixed assets

## Industrial Parks

Fixed asset additions since the date the industrial parks were acquired by the Province have been capitalized. Buildings and improvements are depreciated on a straight-line basis using rates that range from five to twenty per cent per annum. Equipment is depreciated on a straight-line basis over five years.

## Other

Fixed assets for the Corporation's own use other than industrial park assets are expensed on acquisition and are included in administration expenses.

## (f) Non-consolidated subsidiaries

The investment in three wholly-owned subsidiaries are accounted for by the equity method because of the Corporation's formal plan to dispose of the assets of those subsidiaries. (See Note 7).

## (g) Administration expenses

Administration expenses are reflected on a cash basis which is modified to allow for an additional thirty days to pay for debts incurred during the fiscal year just ended.

## (h) Transactions with the Province

Contributions from the Province to fund equity investments, loan and other program losses, and administration costs are credited to contributed capital.

Advances from the Province of Ontario are recorded at amounts originally received plus accrued interest, less amounts repaid and amounts that are forgiven as a result of the related loan receivable being written off. Interest on advances is considered to be a distribution from equity and is charged to contributed capital.

## ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements—Continued  
March 31, 1990

## 3. CHANGES IN ACCOUNTING POLICIES

- (a) In fiscal 1990, the Corporation changed the accounting for transactions with the Province to the policy described in Note 2(h). Under the previous policy, Provincial contributions related to administration expenses, guarantee losses and other program costs were included as a reduction of expenses in the Statement of Operations. Interest on advances and agency loan interest to be returned to the Province were reported as expenses. Under the new policy, all of these items are excluded from the Statement of Operations and are included in a new statement, the Statement of Investment by the Province of Ontario. This change has been applied retroactively and the 1989 financial statements restated accordingly.

The effects of this accounting change are as follows:

	As originally reported (\$000's)	As restated (\$000's)
Contributed capital, April 1, 1989 . . . . .	33,016	228,081
Accumulated net cost of operations, April 1, 1989 (previously retained earnings) . . . . .	65,264	(110,437)

As a result of this change, 1990 net cost of operations is \$27.1 million (1989 — \$21.4 million) higher than it would have been under the former policy.

- (b) The Corporation has also changed, effective April 1, 1989, the accounting policy for amounts recovered on loans written off or guarantees honoured in past periods. Under the new policy, amounts recovered are included in the Statement of Operations as a reduction of losses on loans and guarantees. Previously, such amounts were excluded from the Statement of Operations. As a result of this change, the net cost of operations for 1990 is \$5.3 million lower than it would have been under the former policy.

## 4. LOANS RECEIVABLE

Loans receivable include \$48.3 million (1989 — \$67.4 million) of loans administered on behalf of other Provincial agencies and ministries.

As at March 31, 1990, 14.3% of total loans receivable are floating-rate loans, and the balance bear fixed rates ranging from 6% to 16.5%. The weighted average interest rate on all loans was 11% at March 31, 1990.

The amounts of loans on which payments were past due by more than 90 days was \$14.4 million.

## 5. EQUITY INVESTMENTS

			1990 (\$000's)	1989 (\$000's)

## 8. OTHER ASSETS

	1990 (\$000's)	1989 (\$000's)
Sheridan Park land .....	62	233

## 9. GUARANTEES

The Corporation guarantees the repayment of certain loans made by private sector financial institutions to qualifying Ontario businesses. ODC also guarantees certain obligations of the Ontario Share and Deposit Insurance Corporation. No guarantee fees are charged to the borrowers or to the Province.

Under certain guarantee programs, ODC guarantees only a portion of loans outstanding. At March 31, 1990, the Corporation's maximum contingent liability under guarantees amounted to \$210.5 million (1989 — \$173.4 million).

## 10. ADVANCES

Advances from the Province are used to fund loans. The advances have no fixed maturity dates and are forgiven by the Province if the related loan receivable proves uncollectable.

At March 31, 1990, \$24.7 million (1989 — \$24.4 million) of advances were interest bearing, with the balance of \$53.7 million (1989 — \$64.5 million) being interest free.

## 11. CREDIT AND INVESTMENT LOSSES

Credit and investment losses shown in the Statement of Operations are net of recoveries as follows:

	Loans (\$000's)	New Ventures Guarantees (\$000's)	Other Guarantees (\$000's)
Writedowns/guarantees honoured .....	9,443	12,817	2,669

Supplies and equipment .....	1,030	1,491
Other expenses .....	177	178
	10,155	9,608

The Corporation provides pension benefits for all its permanent staff through participation in the Public Service Pension Fund, established by the Province of Ontario. The Corporation's share of contributions to the Fund during the year was \$376,900 (1989 — \$301,300) and is included in salaries and benefits. This amount includes current contributions and additional payments required to cover the Corporation's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

The Corporation had sixteen members of the Board of Directors on March 31, 1990. Their remuneration for 1990 totalled \$85,702 (1989 — \$63,800).

## EASTERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements  
March 31, 1990

## 1. GENERAL

The Eastern Ontario Development Corporation is incorporated under the Development Corporations Act and is a corporation without share capital. The Corporation is exempt from income taxes.

The Corporation's objectives are to encourage and assist in the development and diversification of industry in Eastern Ontario. The Corporation provides financial assistance by making and guaranteeing loans.

## 2. SIGNIFICANT ACCOUNTING POLICIES

## (a) Loans receivable

Loans receivable are reported at the amount disbursed plus accrued interest, less principal repayments and amounts written off. No provision is made for doubtful loans in advance of a loan being written off.

Loans receivable include both loans made directly by the Corporation and loans administered for other Provincial ministries and agencies if the Corporation is a signatory to the loan agreement.

Loan losses in the Statement of Operations are net of recoveries on loans previously written off.

## (b) Revenue recognition

Interest income is recognized on the accrual basis, except for certain loans administered by the Corporation that permit the borrower to defer interest payments. For those interest-deferred loans, interest that accrues during the deferred payment period is recognized in income only when received.

## (c) Guarantees

Guarantee expenses are recognized at the date the Corporation is requested to honour a guarantee. No provision for anticipated guarantee losses is recorded in advance of requests to honour a guarantee. Losses in the Statement of Operations are net of amounts recovered from customers.

## (d) Fixed assets

Fixed assets for the Corporation's own use are expensed on acquisition and are included in administration expenses.

## (e) Administration expenses

Administration expenses are reflected on a cash basis which is modified to allow for an additional thirty days to pay for debts incurred during the fiscal year just ended.

## (f) Transactions with the Province

Contributions from the Province to fund loan and other program losses, and administration costs are credited to contributed capital.

Advances from the Province of Ontario are recorded at amounts originally received plus accrued interest, less amounts repaid and amounts that are forgiven as a result of the related loan receivable being written off. Interest on advances is considered to be a distribution from equity and is charged to contributed capital.

## 3. CHANGES IN ACCOUNTING POLICIES

(a) In fiscal 1990, the Corporation changed the accounting for transactions with the Province to the policy described in Note 2(f). Under the previous policy, Provincial contributions related to administration expenses, guarantee losses and other program costs were included as a reduction of expenses in the Statement of Operations. Interest on advances and agency loan interest to be returned to the Province were reported as expenses.

Under the new policy, all of these items are excluded from the Statement of Operations and are included in a new statement, the Statement of Investment by the Province of Ontario. This change has been applied retroactively and the 1989 financial statements restated accordingly.

The effects of this accounting change are as follows:

	As originally reported (\$000's)	As restated (\$000's)
Contributed capital, April 1, 1989 . . . . .	0	8,017
Accumulated net income from operations, April 1, 1989 (previously retained earnings) . . . . .	10,374	2,661

As a result of this change, 1990 net cost of operations is \$3.6 million (1989 — \$5.7 million) higher than it would have been under the former policy.

(b) The Corporation has also changed, effective April 1, 1989, the accounting policy for amounts recovered on loans written off or guarantees honoured in past periods. Under the new policy, amounts recovered are included in the Statement of Operations as a reduction of losses on loans and guarantees. Previously, such amounts were excluded from the Statement of Operations. As a result of this change, the net cost of operations for 1990 is \$0.8 million lower than it would have been under the former policy.

## EASTERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements—Concluded  
March 31, 1990

## 4. LOANS RECEIVABLE

Loans receivable include \$6.2 million (1989 — \$6.1 million) of loans administered on behalf of other Provincial agencies and ministries.

As at March 31, 1990, 1.4% of total loans receivable are floating-rate loans, and the balance bear fixed rates ranging from 6% to 14.5%. The weighted average interest rate on all loans was 10.7% at March 31, 1990.

The amounts of loans on which payments were past due by more than 90 days was \$3.1 million.

## 5. GUARANTEES

The Corporation guarantees the repayment of certain loans made by private sector financial institutions to qualifying Ontario businesses. No guarantee fees are charged to the borrowers or to the Province.

Under certain guarantee programs, the Corporation guarantees only a portion of loans outstanding. At March 31, 1990, the Corporation's maximum contingent liability under guarantees amounted to \$24.6 million (1989 — \$24.5 million).

## 6. ADVANCES

Advances from the Province are used to fund loans. The advances have no fixed maturity dates and are forgiven by the Province if the related loan receivable proves uncollectible.

At March 31, 1990, \$31.5 million (1989 — \$30.4 million) of advances were interest bearing, with the balance of \$7.1 million (1989 — \$4.2 million) being interest free.

## 7. CREDIT AND INVESTMENT LOSSES

Credit and investment losses shown in the Statement of Operations are net of recoveries as follows:

	Loans (\$000's)	Other Guarantees (\$000's)
Writedowns/guarantees honoured	2,157	827
Less recoveries	(750)	(62)
Net expense — 1990	1,407	765
— 1989	2,415	1,569

## 8. ADMINISTRATION

Salaries and benefits	564	549
Transportation and communication	140	163
Services	115	84
Supplies and equipment	99	12
	918	808

The Corporation provides pension benefits for all its permanent staff through participation in the Public Service Pension Fund, established by the Province of Ontario. The Corporation's share of contributions to the Fund during the year was \$34,100 (1989 — \$30,400) and is included in salaries and benefits. This amount includes current contributions and additional payments required to cover the Corporation's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

The Corporation had fourteen members of the Board of Directors on March 31, 1990. Their remuneration for 1990 totalled \$55,950 (1989 — \$31,100).

## 9. COMMITMENTS AND CONTINGENCIES

(a) See Note 5 for information on guarantees.

(b) Loans committed but not disbursed as at March 31, 1990 amounted to \$8.3 million (1989 — \$12.1 million).

Chairman

Director

To the Northern Ontario Development Corporation and  
to the Minister of Industry, Trade and Technology.

I have examined the balance sheet of the Northern Ontario Development Corporation as at March 31, 1990 and the statements of operations, investment by the Province of Ontario and cash flows for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1990 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies described in note 2 to the financial statements. Further, in my opinion, such policies have been applied, after giving retroactive effect to the changes in the method of accounting for transactions with the Province of Ontario and except for the change in accounting for amounts recovered on loans written off or guarantees honoured as explained in note 3 to the financial statements, on a basis consistent with that of the preceding year.

## NORTHERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements  
March 31, 1990**1. GENERAL**

The Northern Ontario Development Corporation is incorporated under the Development Corporations Act and is a corporation without share capital. The Corporation is exempt from income taxes.

The Corporation's objectives are to encourage and assist in the development and diversification of industry in Northern Ontario. The Corporation provides financial assistance by making and guaranteeing loans.

**2. SIGNIFICANT ACCOUNTING POLICIES****(a) Loans receivable**

Loans receivable are reported at the amount disbursed plus accrued interest, less principal repayments and amounts written off. No provision is made for doubtful loans in advance of a loan being written off.

Loans receivable include both loans made directly by the Corporation and loans administered for other Provincial ministries and agencies if the Corporation is a signatory to the loan agreement.

Loan losses in the Statement of Operations are net of recoveries on loans previously written off.

**(b) Revenue recognition**

Interest income is recognized on the accrual basis, except for certain loans administered by the Corporation that permit the borrower to defer interest payments. For those interest-deferred loans, interest that accrues during the deferred payment period is recognized in income only when received.

**(c) Guarantees**

Guarantee expenses are recognized at the date the Corporation is requested to honour a guarantee. No provision for anticipated guarantee losses is recorded in advance of requests to honour a guarantee. Losses in the Statement of Operations are net of amounts recovered from customers.

**(d) Fixed assets**

Fixed assets for the Corporation's own use are expensed on acquisition and are included in administration expenses.

**(e) Administration expenses**

Administration expenses are reflected on a cash basis which is modified to allow for an additional thirty days to pay for debts incurred during the fiscal year just ended.

**(f) Transactions with the Province**

Contributions from the Province to fund loan and other program losses, and administration costs are credited to contributed capital.

Advances from the Province of Ontario are recorded at amounts originally received plus accrued interest, less amounts repaid and amounts that are forgiven as a result of the related loan receivable being written off. Interest on advances is considered to be a distribution from equity and is charged to contributed capital.

**3. CHANGES IN ACCOUNTING POLICIES**

(a) In fiscal 1990, the Corporation changed the accounting for transactions with the Province to the policy described in Note 2(f). Under the previous policy, Provincial contributions related to administration expenses, guarantee losses and other program costs were included as a reduction of expenses in the Statement of Operations. Interest on advances and agency loan interest to be returned to the Province were reported as expenses.

Under the new policy, all of these items are excluded from the Statement of Operations and are included in a new statement, the Statement of Investment by the Province of Ontario. This change has been applied retroactively and the 1989 financial statements restated accordingly.

The effects of this accounting change are as follows:

	As originally reported (\$000's)	As restated (\$000's)
Contributed capital, April 1, 1989 . . . . .		13,065
Accumulated net cost of operations, April 1, 1989 (previously retained earnings) . . . . .	7,755	(5,261)

As a result of this change, 1990 net cost of operations is \$3.9 million (1989 — \$1.6 million) higher than it would have been under the former policy.

## NORTHERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements—Continued  
March 31, 1990

(b) The Corporation has also changed, effective April 1, 1989, the accounting policy for amounts recovered on loans written off or guarantees honoured in past periods. Under the new policy, amounts recovered are included in the Statement of Operations as a reduction of losses on loans and guarantees. Previously, such amounts were excluded from the Statement of Operations. As a result of this change, the net cost of operations for 1990 is \$1.2 million lower than it would have been under the former policy.

**4. LOANS RECEIVABLE**

Loans receivable include \$16.2 million (1989 — \$14.2 million) of loans administered on behalf of other Provincial agencies and ministries.

As at March 31, 1990, 0.4% of total loans receivable are floating-rate loans, and the balance bear fixed rates ranging from 6% to 16.5%. The weighted average interest rate on all loans was 10.2% at March 31, 1990.

The amounts of loans on which payments were past due by more than 90 days was \$5.6 million.

**5. OTHER ASSETS**

	1990 (\$000's)	1989 (\$000's)
Assets acquired through loan foreclosure (at amounts that do not exceed estimated realizable value)		
Shares . . . . .	250	250
Net investments in lease . . . . .		289
Other . . . . .	4	56
	<u>254</u>	<u>595</u>

**6. GUARANTEES**

The Corporation guarantees the repayment of certain loans made by private sector financial institutions to qualifying Ontario businesses. No guarantee fees are charged to the borrowers or to the Province.

Under certain guarantee programs, the Corporation guarantees only a portion of loans outstanding. At March 31, 1990, the Corporation's maximum contingent liability under guarantees amounted to \$37.1 million (1989 — \$38.2 million).

**7. ADVANCES**

Advances from the Province are used to fund loans. The advances have no fixed maturity dates and are forgiven by the Province if the related loan receivable proves uncollectible.

At March 31, 1990, \$43.7 million (1989 — \$42.8 million) of advances were interest bearing, with the balance of \$21.8 million (1989 — \$12.7 million) being interest free.

**8. CREDIT AND INVESTMENT LOSSES**

Credit and investment losses shown in the Statement of Operations are net of recoveries as follows:

	Loans (\$000's)	Other Guarantees (\$000's)
Writedowns/guarantees honoured . . . . .	3,796	2,451

The Corporation provides pension benefits for all its permanent staff through participation in the Public Service Pension Fund, established by the Province of Ontario. The Corporation's share of contributions to the Fund during the year was \$44,400 (1989 — \$38,300) and is included in salaries and benefits. This amount includes current contributions and additional payments required to cover the Corporation's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

The Corporation had fourteen members of the Board of Directors on March 31, 1990. Their remuneration for 1990 totalled \$55,500 (1989 — \$47,200).

## 10. COMMITMENTS AND CONTINGENCIES

(a) See Note 6 for information on guarantees.

(b) Loans committed but not disbursed as at March 31, 1990 amounted to \$8 million (1989 — \$11.5 million).

(c) A legal action claiming damages of \$4 million plus interest, which had been instituted against the Corporation and others by a former shareholder of Minaki Lodge Resort Ltd. and Minaki Development Company Limited, was dismissed by the Court. However, the plaintiff has appealed the dismissal.

Notes to Financial Statements  
March 31, 1990

# 1. OPERATIONS OF THE CORPORATION

Innovation Ontario Corporation was incorporated by regulation under the Development Corporations Act on June 26, 1986. The Corporation was created to stimulate economic development and provide financial support and management assistance for high risk start-ups in new technology-based industries in Ontario. The financial assistance provided by the Corporation is through equity investments or quasi-equity investments such as convertible debentures and royalty arrangements.

# 2. SIGNIFICANT ACCOUNTING POLICIES

## (a) Equity and royalty investments

Equity investments are recorded at cost less provision for loss to reflect a permanent impairment in the value of the investment portfolio. The provision is determined by management based upon their best estimates from the most current information available to them. Royalty investments are recorded at a nominal value to reflect the conversion of technology royalty investments to equity (See note b). Due to the nature of the investments, there is no quoted market value and the carrying value may not be equal to the realizable value.

## (b) Technology royalty investments

The cost of funding certain private sector technology development projects are expensed as incurred.

## (c) Fixed assets

Fixed assets for the Corporation's own use are expensed on acquisition and are included in administration expenses.

## (d) Transactions with the Province

Contributions from the Province to fund equity investments, technology royalty investments, loan and other program expenses, and administration costs are credited to contributed capital.

## (e) Administration expenses

Administration expenses are reflected on a cash basis which is modified to allow for an additional thirty days to pay for debts incurred during the fiscal year just ended.

# 3. CHANGES IN ACCOUNTING POLICIES

In fiscal 1990, the Corporation changed the accounting for transactions with the Province to the policy described in Note 2(d). Under the previous policy, Provincial contributions related to administration expenses and other program costs were included as a reduction of expenses in the Statement of Operations.

Under the new policy, all of these items are excluded from the Statement of Operations and are included in a new statement, the Statement of Investment by the Province of Ontario. This change has been applied retroactively and the 1989 financial statements restated accordingly.

The effects of this accounting change are as follows:

	As originally reported (\$000's)	As restated (\$000's)
Contributed capital, April 1, 1989 . . . . .	15,406	20,583
Accumulated net cost of operations, April 1, 1989 (previously retained earning) . . . . .	(3,940)	(9,117)

As a result of this change, 1990 net cost of operations is \$1.7 million [1989 — \$2.5 million] higher than it would have been under the former policy.

# 4. EQUITY AND ROYALTY INVESTMENTS

	Number of Investees	1990 (\$000's)	1989 (\$000's)

## 5. PROVISION FOR INVESTMENT LOSSES

Investment losses shown in the Statement of Operations are as follows:

	Loans (\$000's)	Investments (\$000's)	Total (\$000's)
Provision for Losses 1990 . . . . .	250	2,913	3,163
1989 . . . . .	260	1,092	1,352

## 6. COMMERCIAL DEVELOPMENT OFFICER ("CDO") PROGRAM

On June 30, 1986, the Corporation assumed responsibility for the administration of the CDO Program funded by IDEA Research Investment Fund Inc., a wholly-owned subsidiary of Ontario Development Corporation. This program was terminated on January 31, 1989.

## 7. COMMITMENTS

Funds committed but not disbursed as at March 31, 1990 amounted to:

	1990 (\$000's)	1989 (\$000's)
Equity investments . . . . .	533	1,075
Technology royalty investments . . . . .	162	549

Services . . . . .	453	437
Supplies and equipment . . . . .	63	95
	<u>1,710</u>	<u>1,806</u>

The Corporation provides pension benefits for all their permanent staff through participation in the Public Service Pension Fund, established by the Province of Ontario. The Corporation's share of contributions to the Fund during the year was \$58,200 [1989 — \$55,747] representing the total obligation of the Corporation and is included in salaries and benefits. This amount includes current contributions and additional payments required to cover the Corporation's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

The Corporation had fourteen members of the Board of Directors on March 31, 1990. Their remuneration for 1990 totalled \$40,175 [1989 — \$26,300].

Notes to Financial Statements  
March 31, 1990

## 1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared by management using the modified cash basis of accounting. Under this modified cash basis, revenue is recorded when received and expenses are recorded when paid, except at the fiscal year end when an additional 30 days are allowed to record both payments for goods and services and to record receipt of government subsidies pertaining to the fiscal year just ended.

## 2. ADMINISTRATIVE EXPENSES

Salaries, benefits and other administrative expenses of the Commission are absorbed by the Ministry of Agriculture and Food and are included in the statement of receipts and disbursements. Details are as follows:

	1990 (\$000's)	1989 (\$000's)
Salaries and benefits . . . . .	1,000	802

## FARM INCOME STABILIZATION COMMISSION OF ONTARIO

Notes to Financial Statements—Concluded  
as at March 31, 1990**3. FARM INCOME STABILIZATION PLANS**

By regulation under the Farm Income Stabilization Act, Ontario has voluntary farm income stabilization plans for the following commodities: grain (corn, soybeans, white beans, winter wheat, barley, oats, and canola), fresh market potatoes and apples. These voluntary plans are designed to stabilize the income of Ontario farmers in periods of low market prices.

Stabilization support payments are also made by the Federal Government. Federal stabilization support payments are made for the difference between the current market price and 90 per cent of the five-year average market price as adjusted for cash costs of production. The Provincial plan supplements the Federal plan on the same basis, and allows the farmers to earn another five percentage points up to a maximum of 95 per cent. One-third of the cost of this additional benefit is borne by the farmer, with the remaining two-thirds made as stabilization support payments by the Province.

**4. ENROLMENT FEES**

Under the three-year plans in effect up to the end of the 1987 crop year, the farmers were required to deposit enrolment fees with the Commission at the beginning of the plans. Such enrolment fees were based on the estimates of production expected in the ensuing year. These enrolment fees plus any interest earned were carried forward each year and were refunded at the end of the plans.

For the new plans commenced in the 1988-89 fiscal year, the farmers were no longer required to deposit enrolment fees. These fees are deducted at the time of stabilization support payments. The Province pays the stabilization support payments as claims are submitted by the farmers enrolled in the plans.

**5. REMUNERATION OF APPOINTEES**

Total remuneration of the members of the Commission was \$1,977 during the 1990 fiscal year.

**6. COMPARATIVE FIGURES**

Comparative figures have been reclassified where necessary to conform with the current year's presentation.

## LIQUOR CONTROL BOARD OF ONTARIO

Notes to Financial Statements  
March 31, 1990

## 1. SIGNIFICANT ACCOUNTING POLICY

The Board's financial statements are prepared in accordance with generally accepted accounting principles except for fixed assets which are written off to operations at the time of acquisition.

## 2. INSURANCE

The Board follows the policy of self-insuring its store assets for property damage such as fire, water, vandalism or theft. All other material assets are insured by insurance companies.

## 3. LEASE COMMITMENTS

The Board is committed under operating leases on leased premises with future minimum rental payments due as follows:

	(\$000's)
1991	19,140
1992	16,296
1993	13,142
1994	10,053
1995	7,829
Thereafter	15,536
	<u>81,996</u>

## 4. PENSION PLAN

The Board provides pension benefits for its permanent employees through participation in the Public Service Pension Fund established by the Province of Ontario. The Board's share of contributions to the Fund during the year was \$10,192,654 (1989 — \$7,905,895). This amount includes current contributions and additional payments required to cover the Board's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

## 5. CONTINGENT LIABILITY

Legal action has been taken against the Board by a major airline contesting the Board's right to collect mark-up on any liquor which is imported into Ontario by the airline. The outcome of this action and the amounts involved are not determinable. Judgment, if any, against the Board will be accounted for as a prior period adjustment in the year the claim is resolved.

## THE NIAGARA PARKS COMMISSION

Notes to Financial Statements  
for the year ended October 31, 1989

## SIGNIFICANT ACCOUNTING POLICIES

**Basis of accounting**

The financial statements have been prepared in accordance with generally accepted accounting principles.

**Inventories**

Inventories of saleable merchandise are valued at the lower of cost (first-in, first-out) and net realizable value.

**Fixed assets**

All fixed assets are recorded at cost. Depreciation has been recorded on the straight-line method, using rates from 2 to 20 per cent for buildings, roadways and structures, from 10 to 50 per cent for equipment and furnishings and from 8 to 50 per cent for vehicles.

**1. NATURE OF BUSINESS**

Pursuant to section 15 (2) of the Niagara Parks Act any surplus moneys shall, on the order of the Lieutenant Governor in Council, be paid to the Treasurer of Ontario and shall form part of the Consolidated Revenue Fund. The Commission is a highly seasonal operation with the peak season being during the months of May to October. During the off-season months of November, 1989 to April, 1990 the Commission will require approximately \$9,600,000 to meet ongoing operation needs. This amount will be funded from temporary investments.

**2. CAPITAL PROGRAM**

The Commission has approved the following major capital projects for Queen Victoria Park to be completed during the next two years.

	\$
Maid of the Mist Plaza	13,700,000
Table Rock House Renovations	<u>9,200,000</u>
	<u>22,900,000</u>

Initial work has commenced and as at October 31, 1989, \$5,778,585 has been expended on the projects. The Commission has earmarked \$4,250,624 which has been invested for the eventual use toward this capital program. The funds are invested in short-term Government of Canada Treasury Bills and Bankers' Acceptances. The funds are carried at cost which approximates market value.

**3. FIXED ASSETS**

	Cost	Accumulated Depreciation	Net Book Value	
	\$	\$	1989 \$	1988 \$
Land	5,793,821	-	5,793,821	5,488,430

			<u>55,841,242</u>	<u>44,029,325</u>

**4. PENSION PLAN**

The Commission provides pension benefits for substantially all its permanent employees through participation in the Public Service Superannuation Fund established by the Province of Ontario. The Commission's share of contributions to the Fund during the year was \$575,556 (1988-\$567,827). This amount represents the total obligation of the Commission and is included in various categories in the statement of operations.

**5. REMUNERATION OF APPOINTEES**

The total remuneration of the members of the Commission was \$50,218 during the year.

## AUDITORS' REPORT

To the Board of Directors of the Ontario Centre for Advanced Manufacturing and the Honourable Minister of Industry, Trade and Technology of the Province of Ontario

We have examined the financial position of the Ontario Centre for Advanced Manufacturing as at December 31, 1989 and the statements of operations and reserve for capital assets for the nine months then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the corporation as at December 31, 1989 and the results of its operations for the nine months then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

## ONTARIO CENTRE FOR ADVANCED MANUFACTURING

Explanatory Financial Notes  
 nine months ended December 31, 1989

**1. SIGNIFICANT ACCOUNTING POLICIES**

This summary of the major accounting policies of the corporation is presented in order to assist the reader in evaluating the financial statements contained herein. These policies have been followed in all material respects for the periods covered:

**(a) Interest Income**

Interest income earned on cash on deposit during the period is recorded on the accrual basis whereby income earned but not received is recorded in these financial statements.

This interest income is applied to reduce the annual operating expense allocation from the Province of Ontario.

**(b) Investment in Fixed Assets**

The acquisition costs of major additions and improvements are capitalized and expenditures for maintenance and repairs which do not improve or extend the useful life of the respective assets are charged to income.

Equipment and furniture and fixtures are depreciated by the straight-line method at rates calculated to amortize the cost of the assets, less salvage value, over their estimated useful lives. Leasehold improvements are amortized by the straight-line method over the terms of the respective leases.

Fixed assets, not purchased by third parties (note 2), were transferred to Conostoga College of Applied Arts and Technology for \$1.00. The resulting loss on disposal is included in "Wind-up costs" in the statement of operations.

**(c) Recognition of Income**

Income and expenditures are recognized and recorded in these financial statements utilizing the accrual method whereby income is recorded when earned and expenditures are recorded when incurred. Revenue received which is unearned is shown as deferred revenue in the statement of financial position.

**(d) Contributions from the Province of Ontario**

The centre receives funds quarterly in advance for operating and capital purposes from the Province of Ontario.

The operating funds offset current net operating expenditures and accordingly are presented in the statement of operations. The capital funds which relate to the acquisition, net of capital disposals, of high technology equipment and other capital items are presented in the statement of reserve for capital assets and recognized as income as the depreciation on the related assets is charged against operations.

**(e) Contributions from the Government of Canada**

During fiscal 1985, the Corporation entered into an agreement with the Department of Regional and Industrial Expansion (DRIE) of the Federal Government to jointly fund along with the Province of Ontario the Corporation's new centre located in Windsor, Ontario. This agreement was concluded in February, 1989.

Operating funds relating to operating expenditures are treated as a service contract and are presented in 'Consulting revenue' in the Statement of Operations. Capital funds are included in the Statement of Reserve for capital assets.

**(f) Work in Process**

Inventory of work in process represented consultants' time and other project costs on client projects at estimated net realizable value.

**(g) Pension Plan**

Employees became members of the Corporation pension plan after completing one year of continuous service at which time employee contributions were made retroactive to date of commencement of employment.

Upon termination of employment (note 2), employees were given the option of receiving vested pension funds in cash or of transferring funds to alternative retirement plans.

## 2. CESSATION OF OPERATIONS

Effective November 17, 1982, the Ontario Centre for Advanced Manufacturing was established as a Schedule II Crown Agency without share capital by an Act of the Ontario Legislature. The approved operating period was originally designated for the five years ended November 15, 1987. The minister extended the operating period to December, 1989.

The objective of the Corporation was to accelerate the utilization of advanced manufacturing technology through programs promoting both awareness and applications and to encourage the growth of supportive advanced manufacturing industries in order to improve the productivity and competitiveness of Ontario industry and commerce.

In a letter dated January 31, 1988 from the Ministry of Industry, Trade and Technology, the corporation was advised of a decision by the Government of Ontario to privatize the Corporation. Accordingly, the activities of the corporation were refocused to prepare for eventual privatization.

On September 9, 1989, pursuant to the Ministry's directive, the Corporation sold certain of its capital property and its adjusted net working capital position to Giffels Associates Limited. Employment was offered to all corporation employees with the exception of the Metal Forming section. Giffels also acquired the use of the "OCAM" name and agreed to the assignment of the Cambridge Lease (Note 3).

Subsequently, on October 20, 1989, the corporation sold to Forming Technologies Incorporated certain intellectual and capital property formerly utilized by the Metal Forming section. Employment was offered to employees of the Corporation formerly involved in the Metal Forming section.

The Corporation was dissolved effective December 31, 1989 and all the assets, rights, obligations and liabilities were transferred to the Government of the Province of Ontario.

## 3. COMMITMENT AND CONTINGENT LIABILITIES

- (a) The Corporation has entered into net-net lease arrangement for its Cambridge location which expires March, 1991, for an annual lease payment of approximately \$135,000. A substantial portion of the leased premises has been subleased under agreement which also expires March 31, 1991.
- (b) Pursuant to an agreement dated September 9, 1989, the lease was assigned to Giffels Associates Limited.

## 5. EXTRAORDINARY ITEM

In accordance with the Directive from the Ministry of Industry, Trade and Technology referred to in note 2, the corporation has completed privatization and wind-up of operations.

Certain costs which were not part of the normal operations of the Corporation such as severance payments to its employees, loss on disposal of fixed assets, and other related wind-up costs have been reflected as "Wind-up costs" in the Statement of Operations.

## AUDITORS' REPORT

To The Honourable Minister of Industry, Trade and Technology of the Province of Ontario and the Board of Directors of the Ontario Centre for Resource Machinery Technology

We have examined the balance sheet of the Ontario Centre for Resource Machinery Technology as at March 31, 1990 and the statements of revenue and expenditure, equity and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Centre as at March 31, 1990 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

## SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## (a) Contributions from the Province of Ontario

Contributions for operations are recognized as revenue in the year in which they are committed by the Province.

Contributions for capital assets are credited to equity in fixed assets. The equity is reduced by the depreciation for the year and is transferred to operations.

Contributions for the investment program are credited to the equity in investment fund.

## (b) Long-term Investments

Long-term investments are valued at cost less allowance for decline in value. Income from investments is recorded on the cash basis in the statement of revenue and expenditure. Any gains or losses on disposal and allowances for decline in the value of investments are recorded in the statement of investment equity in the year in which they occur.

## (c) Research and Development

Expenditures for research and development projects are charged to the reserve for research and development in the year in which they are incurred.

## ONTARIO CENTRE FOR RESOURCE MACHINERY TECHNOLOGY

Notes to Financial Statements — Concluded

## 1. OPERATIONS

The Centre was established by the Government of the Province of Ontario pursuant to the provisions of the Technology Centres Act, 1982, to promote and enhance the application of current technology for a five year period expiring in 1987 (subsequently extended to December 31, 1994).

Consistent with the wishes of the provincial government, responsibility for the management of the portfolio of long-term investments and other assets of the Centre was transferred to the Ontario Development Corporation effective December 31st, 1989.

These assets remain the property of the Centre.

Also, effective December 1989 all fixed assets were transferred to the Province of Ontario and have been accounted for as a disposal at net book value.

Notes to the Financial Statements  
December 31, 1989

## 1. DESCRIPTION OF BUSINESS

The Ontario Energy Corporation has invested in, or otherwise participated in, energy projects with a view to enhancing the availability of energy in Ontario. It has determined to seek prudent disposal of its investments.

On April 6, 1989, by special resolution of the shareholders, there was a voluntary dissolution of the Corporation's subsidiaries, Ontario Energy Ventures Limited, Onexco Oil & Gas Ltd. and Ontario Energy Resources Ltd.. All property of the subsidiaries was distributed to the Corporation and all outstanding debts due to the Corporation were forgiven.

## 2. GAIN ON DISPOSAL OF INVESTMENTS

As at December 31, 1988, additional proceeds with respect to investments disposed of during 1988, were contingent on specified future events. As a result, revenue of \$730,189 was received and recorded as an additional gain on disposal in 1989.

Notes to Financial Statements  
December 31, 1989

## 1. SIGNIFICANT ACCOUNTING POLICIES

The following summarizes the significant accounting policies used in preparing the accompanying financial statements:

- i) The Corporation uses the accrual method of accounting.
- ii) Capital funds provided by the Treasurer of Ontario are not repayable and are therefore recorded as Contributed Surplus. However, to reflect the full costs of operating the projects, relevant amortization charges (principal and interest) are imputed and included in Loss on Assisted Housing. Such amortization is offset by a credit to Recovery of Amortization in the Statement of Operations.
- iii) Land and buildings held as investments in Provincial and Federal-Provincial properties are amortized on a basis equal to the reduction of the corresponding long-term debt. For the provincial portion of such investments, the reduction is made to Contributed Surplus.
- iv) Furniture and equipment purchases are expensed in the year of acquisition.

## 2. SELF-INSURANCE

The Corporation follows the policy of self-insuring its Provincial and Federal-Provincial properties for property damage such as fire, water and vandalism. Costs of such repairs are charged to property operating expenses.

## 3. INVESTMENT IN PROPERTIES

The Corporation's investment in properties is as follows: -

	1989 (\$000's)	1988 (\$000's)
(a) Provincial housing . . . . .	1,199,205	1,209,715
(b) Federal-Provincial housing . . . . .	15,481	15,806

## (b) Federal-Provincial housing

Federal-Provincial properties are owned and operated on a partnership basis with Canada Mortgage and Housing Corporation. The balance represents the Corporation's share of land and building costs which are amortized over periods not exceeding 50 years.

	1989 (\$000's)	1988 (\$000's)
Cost . . . . .	20,753	20,753

## (c) Student housing on leased land

This investment represents building costs to provide student accommodation on land leased from 11 universities and colleges. These costs are being repaid semi-annually to the Corporation by the educational institutions over a 50 year period. When costs are fully repaid, title to the properties will be transferred to the respective institutions. The institutions retain the rental revenues and absorb the property operating expenses.

5. NON-PROFIT HOUSING FUND

The Corporation is borrowing long-term funds from the Canada Pension Plan Investment Fund (CPP) in an amount not to exceed \$3.1 billion over a period of 5 years by issuance of debentures. The funds borrowed are being lent to non-profit housing organizations and universities and colleges to build, acquire or lease housing units under the HOMES NOW and Student Residences Programs. Any funds received but not disbursed are invested in short-term fixed income and marketable securities.

As of December 31, 1989, the Fund consisted of:

Assets	(\$000's)

The CPP borrowings are repayable 20 years from the date of issuance of the debentures. Interest is payable semi-annually at various rates based on individual debentures ranging from 9.15% to 10.31% — weighted average rate of 9.60%.

Mortgages to non-profit housing organizations and universities and colleges are repayable over a period not in excess of 20 years. Interest is calculated semi-annually at various rates ranging from 9.26% to 10.31% — weighted average rate of 9.70%. Individual mortgage rates are equal to the weighted average rate payable on CPP borrowings not yet disbursed in the month the mortgages are issued.

The Fund balance of \$2.3 million represents the difference between interest earned (\$11.8 million) and interest expensed (\$9.5 million) for the period April 4, 1989 to December 31, 1989.

## 6. LONG-TERM DEBT

The Corporation borrows funds from Canada Mortgage and Housing Corporation and the private sector to finance investments in real property. Such borrowings are repaid in accordance with agreement terms over periods not in excess of 50 years.

Interest is payable at various rates based on individual agreements ranging from 4.25% to 14.65% — weighted average rate of 8.19%.

While the Corporation is indebted for capital funds borrowed in respect of investment in Provincial housing projects, the amortization charges (principal and interest) over the life of the projects are considered operating expenses under the cost sharing agreement with Canada Mortgage and Housing Corporation. Under this agreement, Canada Mortgage and Housing Corporation contributes 50% of the amortization charges (principal and interest) and the Corporation absorbs the remaining 50%.

Principal repayments on the Long-term debt are as follows:

	(\$000's)

## 9. ASSISTED HOUSING

Under the assisted housing program, the Corporation owns (either wholly or in partnership with Canada Mortgage and Housing Corporation) rental properties and provides rent-gear-to-income accommodation to households in need. The management of the properties is carried out through a network of local housing authorities who act as agents of the Corporation. The loss on this program is shared with Canada Mortgage and Housing Corporation.

## 10. RENT SUPPLEMENT

Under the rent supplement programs, the Corporation acquires the use of rental units from the private sector and then provides rent-gear-to-income accommodation to households in need. The Corporation subsidizes the difference between the rent guaranteed to the landlord and the tenant portion of the rent. The costs for most of these programs are shared with Canada Mortgage and Housing Corporation.

## 11. PROVINCIAL CONTRIBUTIONS TO MUNICIPAL HOUSING

The Corporation contributed \$21.6 million (1988 — \$19.5 million) to the Metropolitan Toronto Housing Company Limited towards operating costs for senior citizen apartment units.

## ONTARIO HOUSING CORPORATION

Notes to Financial Statements — Concluded

## 12. RURAL AND NATIVE HOUSING

This program, administered by Canada Mortgage and Housing Corporation, provides subsidized home ownership to families in rural areas. Mortgage payments are geared to owners' incomes. The expense represents the Corporation's share of the subsidy provided.

## 13. PENSION PLAN

The Corporation provides pension benefits for substantially all permanent crown employees in local housing authorities through participation in the Public Service Superannuation Fund and Superannuation Adjustment Fund established by the Province of Ontario. The Corporation's share of contributions to these funds during the year was \$3.8 million (1988 — \$3.6 million). This amount represents the total obligation of the Corporation and is included in Housing operations — Assisted housing and Rent supplement expenditures in the Statement of Operations.

## 14. ADMINISTRATIVE SUPPORT SERVICES

The Ministry of Housing provides administration support services to the Corporation. The charge for these services is based on the estimated time spent by Ministry staff on the Corporation's activities. The administrative support services charge included in Housing operations — Assisted housing and Rent supplement expenditures amounted to \$20.9 million (1988 — \$21.4 million).

## 15. LOAN GUARANTEE AGREEMENTS

The Corporation has entered into loan guarantee agreements with lenders approved under the National Housing Act to assist non-profit housing corporations to acquire land for the development of Social Housing projects. The Province of Ontario authorized the Corporation to enter into these loan guarantee agreements with the condition that the aggregate of all guarantees outstanding at any time not exceed \$100 million. As at December 31, 1989, the Corporation was committed to loan guarantees totalling \$77.5 million.

## 16. LOAN INSURANCE AGREEMENTS

The Corporation has entered into loan insurance agreements with Canada Mortgage and Housing Corporation (CMHC) pertaining to various projects under the Non-Profit Housing Program administered by the Ministry of Housing. Under these agreements, CMHC will provide insurance on mortgage loans made by lenders approved under the National Housing Act for the purpose of purchasing, improving, constructing or altering housing units. While the insurance is provided by CMHC, the Corporation is liable to CMHC for its share of all net costs incurred as a result of loan defaults. As at December 31, 1989, there were no loans in default under these agreements.

To the Ontario Housing Corporation and  
to the Minister of Housing

I have examined the balance sheet of the Ontario Housing Corporation as at December 31, 1989 and the statement of operations for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1989 and the results of its operations for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements applied on a basis consistent with that of the preceding year.

Toronto, Ontario,

## SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in Canada, applied on a basis consistent with that of the preceding year. The significant accounting policies followed by Ontario Hydro are described below.

**Rate setting**

Ontario Hydro has broad powers to generate, supply and deliver electric power throughout the Province of Ontario. The Corporation operates under the Power Corporation Act and is subject to provisions of the Ontario Energy Board Act.

Under the provisions of the Power Corporation Act, the price payable by municipal corporations is the cost of operating and maintaining the system, depreciation, interest, and the amounts appropriated for debt retirement and stabilization of rates and contingencies. The debt retirement appropriation is the amount required under the Act to accumulate on a sinking fund basis over 40 years a sum equal to the debt incurred for the cost of the fixed assets in service. The appropriation for, or withdrawal from, the stabilization of rates and contingencies reserve is an amount established to maintain a sound financial position and to stabilize the effect of cost fluctuations.

Under the provisions of the Ontario Energy Board Act, a public hearing before the Ontario Energy Board is required in respect of any changes in electricity rates proposed by Ontario Hydro which affect its municipal utilities, direct industrial customers, or, if the Minister of Energy so directs, rural retail customers. The Ontario Energy Board submits its recommendations to the Minister of Energy. After considering the recommendations of the Ontario Energy Board, the Board of Directors of Ontario Hydro, under the authority of the Power Corporation Act, establishes the electricity rates to be charged to customers.

If the Board of Directors specifies an amount related to a certain transaction be included in future electricity rates that, in accordance with the account-

ing policies summarized below, would be charged or credited to operations in the current year, then this amount is deferred and amortized to future operations on a basis consistent with its inclusion in rates.

**Fixed assets**

Fixed assets in service include operating facilities and non-operating reserve facilities. Construction in progress includes fixed assets under construction and heavy water held for use in nuclear generating stations under construction.

Fixed assets are capitalized at cost which comprises material, labour, engineering costs, overheads, depreciation on service equipment, interest applicable to capital construction activities, and for new facilities, the costs of training initial operating staff. In the case of generation facilities, the cost also includes the net cost of commissioning which comprises the cost of start-up less the value attributed to energy produced by generation facilities during their commissioning period. For multi-unit facilities, a proportionate share of the cost of common facilities is placed in service with each major operating unit. The cost of heavy water comprises the direct cost of production and applicable overheads, as well as interest and depreciation on the heavy water production facilities and the estimated removal costs of these facilities. Leases which transfer the benefits and risks of ownership of assets to Ontario Hydro are capitalized.

Interest is capitalized on construction in progress at rates (1989 - 10.8 per cent, 1988 - 10.8 per cent) which approximate the average cost of long-term funds borrowed in the years in which expenditures have been made for fixed assets under construction. If the construction period of a project is extended and the construction activities are continued, interest is capitalized during the period of extension provided that the project has a reasonable expectation of being completed.

## ONTARIO HYDRO

If a project is cancelled or deferred indefinitely with a low probability of construction being resumed, all costs including the costs of cancellation are written off to operations.

If fixed assets are removed from operations and mothballed for future use, termed non-operating reserve facilities, the costs of mothballing are charged to operations.

**Depreciation**

The capital costs of fixed assets in service are depreciated on a straight-line basis. Depreciation rates for the various classes of assets are based on their estimated service lives. Major components of generating stations are depreciated over the lesser of the service life expectancy of the component or the remaining service life of the associated generating station.

The estimated service lives of assets in the major classes are:

Generating stations	
- hydraulic	- 65 to 100 years
- fossil	- 40 years (1988 - 30 to 35 years)
- nuclear	- 40 years
Heavy water	- over the period ending in the year 2040
Transmission and distribution facilities	- 20 to 55 years
Heavy water production facilities	- 20 years
Administration and service facilities	- 5 to 65 years

In accordance with group depreciation practices, for normal retirements the cost of fixed assets retired is charged to accumulated depreciation with no gain or loss being reflected in operations. However, gains and losses on sales of fixed assets, and losses on premature retirements are charged to operations in the year incurred as adjustments to depreciation expense.

When the costs of removal less residual value, termed removal costs, on retirements of fixed assets can be reasonably estimated and are significant, provisions for these costs, except for those related to heavy water production facilities, are charged to depreciation expense on an annuity basis over the remaining service life of the related fixed assets. For heavy water production facilities, provisions for removal costs are charged to heavy water production costs on a straight-line basis over the remaining service life of the related facilities. Other removal costs are charged to depreciation expense as incurred. Removal costs include the estimated costs of decommissioning nuclear and fossil stations and heavy water production facilities, and the estimated costs of removing certain nuclear reactor fuel channels.

The estimated service lives of fixed assets and the significant assumptions underlying the estimates of fixed asset removal costs are subject to periodic review. Any changes arising out of such a review are implemented on a remaining service life basis from the year the changes can be first reflected in electricity rates.

Non-operating reserve facilities are amortized so that any estimated loss in value is charged to depreciation expense on a straight-line basis over their expected non-operating period.

## ONTARIO HYDRO

**Unamortized advances for fuel supplies**

As part of its program to ensure the adequate supply of fuels for its generating stations, Ontario Hydro has entered into long-term fuel supply contracts. Where these contracts require Ontario Hydro to make payments for pre-production costs to suppliers in advance of the fuel delivery, these payments and associated costs, including interest, are carried in the accounts as unamortized advances for fuel supplies. The advances are amortized to fuel inventory as the fuels are delivered.

**Fuel for electric generation**

Fuel used for electric generation comprises the average inventory costs of fuel consumed, charges for commissioning energy produced, and provisions for disposal of nuclear fuel irradiated during the period. The inventory cost of fuel consumed comprises fuel purchases, transportation and handling costs, and the amortization of advances for fuel supplies. Transportation costs include charges for interest and depreciation on railway equipment owned by Ontario Hydro. The charges for commissioning energy produced during the period represent the incremental operating and fuel costs of producing the same quantity of energy at generating units displaced because of the commissioning activity. The costs for disposal of nuclear fuel irradiated in each period are charged to operations based on estimated future expenditures and interest accumulating to the estimated date of disposal. Estimates of expenditures, interest and escalation rates, and the date of disposal are subject to periodic review. Adjustments resulting from changes in estimates are charged to operations on an annuity basis over the period from the year the changes can be first reflected in electricity rates to the estimated in-service date of the disposal facility.

**Foreign currency translation**

Current monetary assets and liabilities in foreign currencies are translated to Canadian currency at year-end rates of exchange and the resultant exchange gains or losses are credited or charged to operations. Long-term debt payable in foreign currencies is translated to Canadian currency at year-end rates of exchange. Resulting unrealized exchange gains or losses are deferred and included in unamortized debt costs, and are amortized to operations on an annuity basis over the remaining life of the related debt.

Foreign exchange gains or losses on hedges of long-term debt payable in foreign currencies are deferred and included in unamortized debt costs. The deferred gains or losses related to principal payments are amortized to operations on an annuity basis over the remaining period to the year in which the hedged principal payments are due. The deferred gains or losses related to interest payments are credited or charged to operations in the year in which the hedged interest payments are due.

Foreign exchange gains or losses on early redemption of long-term debt are deferred and included in unamortized debt costs if the exposure in the foreign currency related to the redeemed debt is not reduced as a result of the refinancing of the redeemed debt in the same currency. These deferred gains or losses are amortized on an annuity basis over the period to the original maturity date of the redeemed debt. If the foreign currency exposure is reduced as a result of the early redemption of debt, the resulting foreign exchange gains or losses related to the redeemed debt are credited or charged to operations.

## ONTARIO HYDRO

**Unamortized debt costs**

Unamortized debt costs include the unamortized amounts related to unrealized foreign exchange gains or losses resulting from the translation of foreign currency long-term debt, foreign exchange gains or losses on hedges, foreign exchange gains or losses on the early redemption of long-term debt, discounts or premiums arising from the issuance of debt or the acquisition of debt prior to maturity, and discounts or premiums accrued on foreign currency hedges.

Debt discounts or premiums arising from the issuance of debt are amortized over the period to maturity of the debt. Discounts or premiums on debt acquired prior to the date of maturity are amortized over the period from the acquisition date to the original maturity date of the debt. Discounts or premiums on foreign currency hedges are credited or charged to operations over the terms of the individual hedges.

**Nuclear agreement - payback**

Ontario Hydro, Atomic Energy of Canada Limited and the Province of Ontario are parties to a joint undertaking for the construction and operation of units 1 and 2 of Pickering Nuclear Generating Station, with ownership of these units being vested in Ontario Hydro. Contributions to the capital cost by Atomic Energy of Canada Limited and the Province of Ontario amounted to \$258 million and these have been deducted in arriving at the value of fixed assets in service in respect of Pickering units 1 and 2. Ontario Hydro is required to make monthly payments, termed "payback", until the year 2003 to each of the parties in proportion to their capital contributions. Payback represents in a broad sense the net operational advantage of having the power generated by Pickering units 1 and 2 as compared with coal-fired units similar to Lambton units 1 and 2.

During the 1983 through 1988 shutdown period for replacement of pressure tubes in Pickering units 1 and 2, the payback calculations resulted in negative payback amounts. These amounts have been credited against the cost of operations over the shutdown period and the accumulated amounts, plus interest, are included in the accounts as long-term accounts receivable. The accumulated negative payback amounts, plus interest, are to be offset against future positive payback amounts payable over the remaining term of the Agreement to Atomic Energy of Canada Limited and to the Province of Ontario, commencing with the return to operation of the last of the two units in November 1988.

**Pension plan**

The pension plan is a contributory, defined benefit plan covering all regular employees of Ontario Hydro. Pension costs for accounting purposes are actuarially determined based on the assumptions that reflect management's best estimate of the effect of future events on the actuarial present value of accrued pension benefits, and the valuation of pension plan assets using a five-year market value average. Pension plan surpluses and deficiencies are amortized on an annuity basis over the expected average remaining period of service of the employees covered by Ontario Hydro's pension plan.

**Research and development**

Research and development costs are charged to operations in the year incurred, except for those related directly to the design or construction of a specific capital facility which are capitalized as part of the facility.

Provincial government levies are the amounts charged by the Ontario Provincial Government for the debt guarantee fee and water rentals.

**Provincial water rentals**

Provincial water rentals are the amounts paid to the Province of Ontario for the use of water for hydraulic generation.

**Provincial debt guarantee fee**

In May 1989, the Province of Ontario legislated that Ontario Hydro is required to pay to the Province an annual debt guarantee fee of one half of one per cent on the total outstanding debt guaranteed by the Province as of the preceding December 31. For 1989, the fee of \$82 million dollars reflects the fact that the fee came into effect in May 1989.

Fossil generating stations in service include non-operating reserve facilities. As at December 31, 1988, substantially all of the undepreciated cost of the non-operating reserve facilities pertained to Lennox unit 3. On December 20, 1989, Lennox unit 3 returned to operation.

A major portion of the construction in progress as at December 31, 1989, relates to the construction program for the Darlington Nuclear Generating Station. The costs associated with this construction program, including heavy water, amounted to \$9,885 million as at December 31, 1989 (1988 - \$8,209 million). The four generating units at Darlington are planned to be

placed in service over the period 1990 through 1992 and will provide 3,524 megawatts of dependable capacity. The estimated cost to complete the Darlington construction program is \$2,526 million, including cost escalation and interest of approximately \$1,582 million. Cost escalation and interest are forecast to average 5% and 10.5% per year, respectively, over the period 1990 to 1992. Because of the uncertainties associated with long construction lead times and planned in-service dates, the estimated cost to complete is subject to change.

Unamortized advances for fuel supplies are recovered as fuel is delivered. Over the next five years, the amortization of advances for uranium supplies will be about \$33 million for the contract with Rio Algom Limited and about \$64 million for Denison Mines Limited.

Ontario Hydro has long-term contracts with Denison Mines Limited and Rio Algom Limited for uranium supplies through to 2012 and 2027, respectively. Ontario Hydro's current forecast of the annual requirements for uranium is about 1,700 megagrams for 1990, increasing to about 1,800 megagrams by 1994. The uranium inventory as at December 31, 1989, plus the contracted deliveries through to the

end of 1993 exceed the forecasted requirements to the end of 1993 by about 400 megagrams. Starting in 1994 through to 2012, contracted deliveries exceed forecasted requirements of the nuclear generating facilities currently in service and under construction by about 1,000 megagrams per year. Ontario Hydro's options for managing the oversupply include resale of the uranium and, under specified conditions, cancellation or renegotiation of the contracts. In the event that a contract is cancelled, the supplier is not required to refund any outstanding advances. At this time, the outcome with respect to managing the oversupply of uranium is not determinable.

Unamortized deferred costs are amounts that the Board of Directors, under its rate setting authority, has determined be deferred and amortized for recovery through electricity rates on a straight-line basis over a specified period of years. The nature of these costs are described below.

- Bruce Heavy Water Plant "D" is an indefinitely deferred project with a low probability of construc-

tion being resumed. The capital cost of this project and the unamortized deferred costs associated with the cancelled Wesleyville Generating Station project are being amortized over the period 1984 through 1993. Accordingly, \$40 million was charged to depreciation in 1989.

## ONTARIO HYDRO

## 9. Unamortized deferred costs (continued)

- Under the terms of the settlement reached by Ontario Hydro and Petrosar Limited in 1987 with respect to a fuel oil contract, Ontario Hydro paid \$150 million to Petrosar Limited and the parties released each other from all obligations and claims related to the contract. The net cost of this settlement is being amortized over the period 1988 through 1992. Accordingly, \$29 million was charged to fuel used for electric generation in 1989.
- In November 1987, Ontario Hydro provided USX Corporation with notification of cancellation of the Coal Purchase Agreement pursuant to the three year notice period provision in the Agreement. On

cancellation of the Agreement, USX Corporation is not required to refund any outstanding pre-production payments made in advance of the coal deliveries to Ontario Hydro. The outstanding advances and associated costs as at the date of cancellation of the Agreement were estimated to be \$85 million and are to be amortized over the period 1989 through 1993. Accordingly, during 1989, \$17 million was charged to fuel used for electric generation. In December 1989, Ontario Hydro and USX Corporation agreed to cancel the Agreement as of December 31, 1989 and the net cost of settlement payable by Ontario Hydro was charged to fuel used for electric generation in 1989.

**10. Long-term debt (continued)**

Bonds and notes payable in United States dollars include Canadian \$5,096 million (1988 - Canadian \$5,689 million) of Ontario Hydro bonds held by the Province of Ontario and having terms identical with Province of Ontario issues sold in the United States on behalf of Ontario Hydro.

Ontario Hydro has entered into financial arrangements to hedge a portion of the foreign currency exposure related to principal and interest payments with respect to long-term debt and these arrangements are primarily in forward exchange contracts. These contracts amounted to United States \$1,995 million as at December 31, 1989 (1988 - United States \$2,198 million), having a weighted average Canadian dollar exchange rate of 1.26 (1988 - 1.26).

These financial arrangements hedge principal and interest payments amounting to United States \$876 million due in 1990 and the remaining United States \$1,119 million hedge principal and interest payments due over the period 1991 through 1998.

Ontario Hydro has entered into interest rate swap arrangements amounting to Canadian \$120 million in notional principal as at December 31, 1989 (1988 - Canadian \$1,380 million), expiring in 1991 through 1994 (1988 - 1989 to 1993). These arrangements have effectively converted fixed interest rates on long-term debt, having a weighted average coupon rate of 11.2% (1988 - 10.0%), to variable interest rates which are adjusted quarterly to the prevailing Canadian bankers' acceptance rate.

Other long-term debt:	Years of Maturity	Interest Rate	1989	1988

Payments required on the above debt, excluding interest, will total \$76 million over the next five years. The amount payable within one year is \$22 million (1988 - \$21 million).

**11. Bank indebtedness**

Bank indebtedness includes short-term bank lines of credit available to Ontario Hydro in the amount of \$600 million. The lines of credit are unsecured and bear interest at the Canadian prime rate.

- accrued fuel channel removal costs	250	194
	517	406
Accrued irradiated fuel disposal costs	432	365
	949	771

**Fixed asset removal costs**

Fixed asset removal costs are the costs of removing certain fuel channels from nuclear reactors which are expected to be replaced during the life of the reactors, and the costs of decommissioning nuclear and fossil generating stations and heavy water production facilities after the end of their service lives. The significant assumptions used in estimating fixed asset removal costs were:

- removal of fuel channels in Pickering Nuclear Generating Station "A" units 3 and 4 in the 1989 to 1992 (1988 - 1997 to 2000) period, Bruce Nuclear Generating Station "A" units 1 and 2 in the 1996 to 2000 period and units 3 and 4 in the 2002 to 2010 (1988 - 2001 to 2011 for all 4 units) period, Pickering "B" in the 2012 to 2017 (1988 - 2012 to 2017) period and Bruce "B" in the 2014 to 2019 (1988 - 2014 to 2020) period;
- decommissioning of nuclear generating stations in the 2042 to 2065 period on the deferred dismantlement basis (dismantlement following storage with surveillance for a 30-year period after shutdown of the reactors), and a transportation distance of 1,000 kilometres from nuclear generating facilities to disposal facilities;

- dismantlement of Bruce Heavy Water Plants "A", "B" and "D" in the 1995 to 2005 period;
- interest rates through to 2065 ranging from 10% to 11% (1988 - 10% to 11%); and
- escalation rates through to 2065 ranging from 4% to 9% (1988 - 4% to 9%).

Because of possible changes to the above factors and the methods used for decommissioning and fuel channel removal, these costs are subject to revision.

**Irradiated fuel disposal costs**

The significant assumptions used in estimating the future irradiated fuel disposal costs were:

- an in-service date of the year 2010 for irradiated nuclear fuel disposal facilities;
- a transportation distance of 1,000 kilometres from nuclear generating facilities to disposal facilities;
- interest rates through to the disposal date ranging from 10% to 11% (1988 - 10% to 11%); and
- escalation rates through to the disposal date ranging from 4% to 9% (1988 - 4% to 9%).

Because of the uncertainties associated with the technology of disposal, and the above factors, these costs are subject to change.

**13. Statement of source of cash used for investment in fixed assets**

The Statement of Source of Cash Used for Investment in Fixed Assets reports the investment in fixed assets resulting from the cash flows from operations, financing and other activities, and the effects of changes in cash and cash equivalents and changes in accounts payable and accrued charges affecting investment in fixed assets during the year. This statement focuses on the investment in fixed assets in view of Ontario Hydro's current level of construction

activities which are financed from two major sources, cash provided from operations and cash provided from financing. Cash provided from financing represents the amount of cash provided from the issuance of long-term debt and the increase in the level of short-term notes payable issued for debt management purposes, less the amount of cash used to retire long-term debt.

**14. Pension, insurance and health care**

Ontario Hydro's employee benefit programs include the pension plan, the group life insurance plan and the long-term disability plan. The assets of these plans and the changes in assets during the year are shown in the financial statements of The Pension and Insurance Fund and are not included in Ontario Hydro's financial statements.

**Pension Plan**

On October 21, 1986, the Ontario Hydro Employees' Union, Local 1000 of the Canadian Union of Public

Employees - C.L.C. (OHEU) filed an application for judicial review in the Supreme Court of Ontario to determine whether Ontario Hydro was entitled to apply the pension surplus that had accumulated in Ontario Hydro's Pension Plan to meet the Corporation's contribution obligation with respect to 1986. On May 3, 1989, the Court of Appeal of the Supreme Court of Ontario rendered its decision that Ontario Hydro was not entitled to apply the pension surplus that had accumulated in the Pension Plan to meet the Corporation's contribution with respect to

## ONTARIO HYDRO

**14. Pension, insurance and health care (continued)**

1986, being about \$74 million, and ordered Ontario Hydro to contribute such amount to the Pension Plan. In compliance with the Court of Appeal decision, Ontario Hydro paid \$71 million into the Pension Plan in January 1990. This amount is comprised of the amount awarded by the Court of Appeal and post-judgement interest, less a prepaid contribution. The amount of \$71 million was charged against the accrued pension liability account in Ontario Hydro's Statement of Financial Position.

On December 22, 1989, the OHEU filed an application for judicial review in the Supreme Court of Ontario to require Ontario Hydro to comply with its statutory obligation to contribute the difference between the amount of the contributions of the employees and the amount of the cost of the pension benefits as determined by actuarial valuations for the years 1983, 1984, 1985, 1987, 1988 and 1989, plus pre-judgement interest. Ontario Hydro has filed a notice of appearance in response to the application. No amount has been accrued in the 1989 financial statements to provide for the contingency with respect to these years as, at this time, the results of the judicial review are not determinable. Any amount that Ontario Hydro is required to contribute to the Pension Plan with respect to these years will be charged to the accrued pension account in the statement of financial position. In the event that the accrued pension amount does not have future benefit to Ontario Hydro as determined in accordance with the recommendations of the Canadian Institute of Chartered Accountants, it is expected that management would request the Board of Directors specify such loss in value be deferred and amortized to future operations on a basis consistent with its inclusion in electricity rates.

The pension costs for 1989 were \$65 million (1988 - \$40 million). In 1989, about \$49 million (1988 - \$30 million) of the pension costs were charged to operations and \$16 million (1988 - \$10 million) were capitalized.

The pension costs for 1989 were actuarially determined for accounting purposes using the following significant assumptions which take into consideration the long-term nature of the pension plan:

- rate used to discount future pension benefits - 8.50% (1988 - 8.50%);
- rate used to estimate interest cost and return on investments - 8.50% (1988 - 8.50%);
- salary escalation rate - 7.00% (1988 - 7.00%);
- rate used to estimate ad hoc improvements in pension benefits to partially offset the effect of increase in cost of living - 2.50% (1988 - 2.50%);
- average retirement age for males - 59.1 (1988 - 59.1) and for females - 60.2 (1988 - 60.2); and
- average remaining period of service of the employees - 17 years (1988 - 17 years).

Based on these assumptions, the actuarial present value of the accrued pension benefits is estimated to be \$3,524 million as at December 31, 1989 (1988 - \$3,182 million), and the pension plan assets available for these benefits were \$3,882 million (1988 - \$3,451 million).

**Group Life Insurance Plan**

The group life insurance plan had assets of \$21 million as at December 31, 1989 (December 31, 1988 - \$25 million). Effective April 1, 1986, the assets are being used to pay both the employee and employer insurance premiums for all members of the plan until such time as the assets are fully utilized.

**Group Health Care Plan**

Ontario Hydro provides a group health care plan to its employees. In 1989, the cost of providing these benefits was \$53 million (1988 - \$52 million).

**Post Employment Benefits**

In addition to pension benefits, Ontario Hydro provides group life insurance and health care benefits to its retired employees and, in certain cases, their surviving spouses and unmarried dependents. The cost of providing the group life insurance and health care benefits is charged to operations as incurred. In 1989, the cost of providing these benefits was \$12 million (1988 - \$11 million).

**15. Research and development**

In 1989 approximately \$112 million of research and development costs were charged to operations and \$10 million were capitalized (1988 - \$88 million and \$22 million, respectively).

**16. Comparative figures**

Certain of the 1988 comparative figures in the Statement of Operations have been reclassified to conform with the 1989 financial statement presentation.

On behalf of the Corporation :

Chairman

President

To the Ontario International Corporation and  
to the Minister of Industry, Trade and Technology.

I have examined the balance sheet of the Ontario International Corporation as at March 31, 1990 and the statement of operations and retained income for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1990 and the results of its operations for the year then ended in accordance with the accounting policy described in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

Toronto, Ontario,

Notes to Financial Statements  
March 31, 1990

## 1. PURPOSE OF THE CORPORATION

The Ontario International Corporation was established:

- to assist the private sector in Ontario to sell its consulting expertise, capital goods and training services in the world's markets;
- to promote and support the marketing of Ontario's public sector expertise and systems internationally in conjunction with the private sector; and
- to provide intergovernmental contact and an Ontario government presence in support of the export of professional services and goods associated with capital projects.

## 2. SIGNIFICANT ACCOUNTING POLICY

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles except for fixed assets which are expensed when purchased, and administrative expenses which are recognized on a cash basis modified to allow an additional twenty-four days to pay for debts pertaining to the fiscal year just ended.

## ONTARIO INTERNATIONAL CORPORATION

Notes to Financial Statements — Concluded  
March 31, 1990

## 3. CONTRIBUTION FROM THE PROVINCE OF ONTARIO

The contribution from the Province of Ontario relates to the net assets acquired from the Ontario Educational Services Corporation for which no consideration was paid.

## 4. CONTRACT REVENUE AND EXPENDITURE

In instances where government-to-government contracts provide a competitive advantage, the Corporation acts as a prime contractor on behalf of Ontario exporters. Contract revenue and expenditure relate to moneys received under these contracts and payment of these funds to Ontario exporters respectively.

## 5. RECOVERY FROM THE PROVINCE OF ONTARIO

Administrative expenses and Trade Expansion Fund forgivable loans and the Ambassador Program are recovered from the Ministry of Industry, Trade and Technology out of moneys appropriated therefore by the Legislature of the Province of Ontario.

## 6. PENSION PLAN

The Corporation provides pension benefits for its permanent employees through participation in the Public Service Pension Fund established by the Province of Ontario. The Corporation's share of contributions to the Fund during the year was \$78,000 (1989 — \$104,000) and is included in salaries and employee benefits in the Statement of Operations. This amount includes current contributions and additional payments required to cover the Corporation's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

## 7. COMMITMENTS

Forgivable loans committed but not disbursed as at March 31, 1990, amounted to \$1 million (1989 - \$1.1 million). Disbursement of these loans is subject to the satisfactory completion by loan applicants of their agreements with the Corporation.

## 8. FUTURE OPERATIONS

Present enabling legislation expires December 31, 1991. Continued operations of the Corporation are dependent upon future legislation.

To The Ontario Junior Farmer Establishment Loan Corporation,  
to the Minister of Agriculture and Food, and  
to the Treasurer of Ontario.

I have examined the balance sheet of The Ontario Junior Farmer Establishment Loan Corporation as at March 31, 1990 and the statement of operations for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1990 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to Financial Statements  
March 31, 1990

## 1. STATUS OF CORPORATION

The Corporation has not accepted any new mortgage loan applications since 1969 and the final mortgage instalments on outstanding loans are payable in 1999.

## 2. ACCOUNTING POLICY

The financial statements have been prepared by management in accordance with generally accepted accounting principles.

## 3. INTEREST ON MORTGAGES AND CAPITAL ADVANCES

Interest earned by the Corporation on its mortgage loans is fixed by legislation and averages approximately 5 per cent per annum. Interest payable by the Corporation on capital advances from the Treasurer of Ontario has been established by the Treasurer of Ontario at 6.7 per cent. This interest differential is the reason for the Corporation's operating loss.

## 4. ADMINISTRATION EXPENSES

Salaries of the Corporation's staff and sundry administrative costs have been absorbed by the Ministry of Agriculture and Food and are not included in the statement of operations.

## 5. CONTRIBUTION BY THE TREASURER OF ONTARIO

The cost of the loan program, which is represented by the net operating loss for the year, is paid out of moneys appropriated therefor by the Legislature. The payable due to the Treasurer represents the excess of advances received during the year over the current year's actual operating loss.

ONTARIO LOTTERY CORPORATION

Notes to Financial Statements  
March 31, 1990

1. NATURE OF THE CORPORATION

The Ontario Lottery Corporation was incorporated without share capital on February 6, 1975 pursuant to the Ontario Lottery Corporation Act. The Corporation is responsible for the conduct and management of lottery games in Ontario. The Wintario, Wintario Extra, Lottario, Instant, Encore and Pick 3 lotteries are conducted solely by the Corporation, whereas, the Provincial, Special Events and Lotto 6/49 lotteries are joint undertakings by all Provinces acting through the Interprovincial Lottery Corporation (ILC). The Corporation purchases tickets for the Provincial, Special Events and Lotto 6/49 lotteries from the ILC and manages their sale throughout Ontario. The Wintario lottery was changed and renamed Wintario Extra in January 1990.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The Corporation's financial statements are prepared in accordance with generally accepted accounting principles except for fixed assets which are written off to operations at the time of acquisition.

(b) Revenue recognition

Revenues are deferred on ticket sales where a draw has not taken place as of March 31.

3. PRIZES

Included in prizes is the Corporation's share of prizes for ILC games and its share of ILC's net operating expenses. These prizes and net operating expenses for the year amounted to \$349.0 million (1989 — \$348.1 million).

4. PAYMENTS TO TREASURER OF ONTARIO

The net profits of the Corporation less payments to the Government of Canada on behalf of the Province of Ontario are payable to the Treasurer of Ontario. During the year payments to the Treasurer of Ontario were as follows:

	1990 (\$000's)	1989 (\$000's)
Lotto 6/49 . . . . .	315,000	307,000
Instant . . . . .	81,000	101,000
Lottario . . . . .	44,000	45,000
Wintario & Wintario Extra . . . . .	19,000	14,000
Pick 3 . . . . .	14,000	2,000
Provincial . . . . .	10,000	13,000
Encore . . . . .	7,000	—
Special Events . . . . .	1,000	2,000
Super Loto . . . . .	—	1,000
	<u>491,000</u>	<u>485,000</u>

5. PAYMENTS TO GOVERNMENT OF CANADA

The various provincial lottery corporations make remittances to the Government of Canada under an agreement dated August 1979. The agreement stipulates that the Government of Canada will not participate in the sale of lottery tickets.

Prior to the current year, payments to the Government of Canada on behalf of the Province of Ontario were included in the Statement of Operations. Commencing with the current year, these payments are included in the Statement of Net Profits due to Treasurer of Ontario. The effect of this change, which was applied retroactively, increased net profits for the year by \$16,311,000 (1989 — \$15,450,000).

## ONTARIO LOTTERY CORPORATION

Notes to Financial Statements — Concluded  
March 31, 1990

## 6. COMMITMENTS

On July 8, 1986, the government announced its intention to relocate the majority of the Corporation's operations to Sault Ste. Marie. The Corporation's commitment with respect to the land and building to be occupied by the Corporation is estimated at \$30 million based on a prepaid 20 year lease with payments anticipated in each of the next 3 years. Other costs associated with the move are anticipated in the amount of \$35 million.

The Corporation also has commitments totalling \$3.5 million for office space under operating leases expiring June 1995.

## 7. INCOME TAXES

As a Crown corporation of the Province of Ontario, the Corporation is exempted from income taxes. Accordingly, no provision for income taxes is made in the financial statements.

## 8. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform with the 1990 presentation.

**ONTARIO MORTGAGE CORPORATION****Summary of Significant Accounting Policies  
March 31, 1990**

Ontario Mortgage Corporation (OMC) was incorporated under the Corporations Act in 1948 and remained active until April 1, 1982 at which time its assets, liabilities and equity were transferred to Ontario Land Corporation (OLC). OLC ceased active operations on March 31, 1987 at which time OMC was reactivated and certain assets and liabilities of OLC were transferred to it. All outstanding shares of OMC are now held in trust for the Crown in the Right of the Province of Ontario. The Corporation returns excess funds to the Province in the form of quarterly dividends from profits, and return of contributed surplus from repayments of principal.

In response to government policy, the Corporation sold the majority of its mortgage portfolio during the year ended March 31, 1988. Portions of the remaining portfolio may be sold in the future. The Corporation has entered into an agreement with the Canada Mortgage and Housing Corporation to administer the remaining mortgages.

The Corporation administers certain housing incentive programs as an agent of the Province. Advances under these programs are reflected in the Public Accounts but are not included in the accounts of the Corporation. The Corporation also administers 1,837 land leases on behalf of the Ministry of Government Services.

Salaries, benefits, and other administrative expenses of the Corporation are absorbed by the Ministry of Government Services.

**Mortgages**

Mortgages are carried at estimated realizable value. This consists of the principal due plus accrued interest less allowances for defaults on uninsured mortgages and market revaluation.

**Real Estate**

The cost of real estate acquired upon default of mortgage loans consists of the unpaid mortgage balances together with operating costs net of rent received. These properties are subsequently sold with the intention of recovering the value of the related mortgages.

**Income Recognition**

Income from the sale of real estate is recognized when title passes to the purchaser.

## ONTARIO NORTHLAND TRANSPORTATION COMMISSION

Notes to Consolidated Financial Statements  
December 31, 1989

## 1. SIGNIFICANT ACCOUNTING POLICIES

## (a) Basis of accounting

These consolidated financial statements are prepared by management in accordance with generally accepted accounting principles. They include the accounts of the Commission and its wholly-owned subsidiaries, Star Transfer Limited, The Owen Sound Transportation Company, Limited, Air-Dale Limited and Nipissing Central Railway Company.

## (b) Materials and supplies

With the exception of used rail, all materials and supplies are valued at the most recent price paid. Used rail is shown at estimated utility value.

## (c) Investment in property and depreciation

Fixed assets are stated at acquisition cost.

Depreciation is calculated on the straight-line basis over the estimated service lives of the assets.

The estimated service lives used for principal categories of assets are as follows:

Road — main line and branches	20 to 50 years
Railway diesel locomotives	25 years
Railway cars	33 years
Vessels	30 years
Telecommunications equipment	15 years
Aircraft	10 years
Boats	20 years
Vehicles	3 years
Buses	10 years

The Province of Ontario reimburses the Commission for the cost of certain fixed assets purchased for use in operations designated as non-commercial by the Province. The Commission records these assets at their original cost together with an offsetting credit to Contributed Surplus. Annual depreciation on these fixed assets is recorded as a reduction of Contributed Surplus.

## (d) Income taxes

As a Crown Corporation of the Province of Ontario the Commission, and its wholly-owned subsidiaries are exempt from income taxes and accordingly no tax provision is reflected in operations.

## (e) Vacation pay

The commission accounts for vacation entitlement payments on a cash basis. There is no accrual at the end of the year for vacation entitlements earned but not paid. Had these amounts been included in the accounts, current liabilities would have increased by approximately \$4,480,000 (1988—\$4,193,000) along with a corresponding decrease in retained earnings.

## 2. PENSION PLAN

The Commission is the trustee for its contributory pension plan which covers all permanent staff.

The net cost of pension benefits is actuarially determined on the basis of management's best estimates using the projected benefit method pro-rated over the service lives of employees. The net cost of pension benefits includes the amortization over the remaining service lives of the plan members of the initial net pension surplus and the 1989 experience gain. Pension plan assets were valued at a market related value based on recognizing the difference between book and market values at each year end over a five year period.

The Commission's share of the net cost of pension benefits earned by employees during the year was \$1,496,000 (1988—\$1,268,000). In 1989, the Commission funded the amount of \$2,241,000 (1988—\$3,199,000). The excess of the funded amount over the net cost of benefits earned is recorded as a Deferred Pension Charge on the Balance Sheet.

The actuarial valuation prepared for accounting purposes as at December 31, 1989 disclosed a surplus of \$19,331,000 (1988—\$10,168,000), representing the excess of plan assets of \$207,243,000 (1988—\$188,538,000) over accrued pension benefits of \$187,912,000 (1988—\$178,370,000). This valuation assumed an expected rate of return on plan assets of 7½ per cent and projected pay increase of 5½ per cent.

## 3. SELF-INSURANCE

The Commission follows the policy of self-insuring for damages from rolling stock derailments and for cargo damage. Annual contributions to the self-insurance fund consist of a \$100,000 premium paid by the Commission in addition to investment income earned on fund assets.

## ONTARIO NORTHLAND TRANSPORTATION COMMISSION

Notes to Consolidated Financial Statements — Concluded  
December 31, 1989**4. GOVERNMENT REIMBURSEMENT**

In accordance with the Memorandum of Understanding between the Commission and the Ministry of Northern Development and Mines, certain operations of the Commission have been designated as non-commercial. The Commission and the Ministry entered into a fixed price contract which defined the amount of compensation which the Province of Ontario provided for the year 1989.

A portion of the amount for the operating loss of the weekday passenger train service between North Bay and Toronto is received from the National Transportation Agency of Canada under Section 261 of the Railway Act.

Details of Government Reimbursement received are as follows:

	1989	1988
	\$	\$
From Province of Ontario:		
Rail — Passenger Service and Moosonee Branch . . . . .	17,810,000	17,922,000
Air Services . . . . .	4,500,000	4,338,000
Marine Services (Moosonee) . . . . .	62,000	66,000
Marine Services (Owen Sound) . . . . .		(30,000)
From National Transportation Agency . . . . .	2,446,000	1,979,000
	<u>24,818,000</u>	<u>24,275,000</u>

**5. DEFERRED REVENUE**

In 1985, the Commission received \$1,740,000 as full settlement for revenue lost through the rerouting of certain long distance telephone traffic. This amount is being amortized to income over the eight remaining years of the original agreement.

**6. TELECOMMUNICATIONS REVENUE AGREEMENTS**

The Commission has revenue-sharing agreements with Bell Canada and Northern Telephone Limited, subsidiaries of Bell Canada Enterprises Inc. These revenue-sharing agreements may be terminated by either party after giving 180 days and 60 days prior notice, respectively. Approximately 73 per cent (1988 — 73 per cent) of telecommunications revenue depend on these agreements.

**7. SUBSEQUENT EVENT****Mine Closures**

In March 1990 one of the Commission's major customers will close its mining operations at two mines located in Northern Ontario. Traffic at these two mines accounted for about 22 per cent of the Commission's Rail Services sales revenue. In connection with this closure, incentives to retire have been extended to a number of the commission's employees. A total of 106 employees have accepted the offer at an estimated cost of \$5,044,000 which will be reflected in the accounts during the 1990 fiscal period.

**8. COMPARATIVE FIGURES**

Prior year's figures have been reclassified where necessary to conform to the current year's presentation.

On behalf of the Corporation:

Director

Director

To the Ontario Place Corporation and  
to the Minister of Tourism and Recreation.

I have examined the balance sheet of Ontario Place Corporation as at March 31, 1990 and the statement of operations and retained income for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1990 and the results of its operations for the year then ended in accordance with the basis of accounting described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

Notes to Financial Statements  
March 31, 1990

**1. SIGNIFICANT ACCOUNTING POLICIES**

- (a) These financial statements have been prepared in accordance with generally accepted accounting principles except that the Corporation charges all additions to fixed assets to expenditures in the year of acquisition and credits all capital and special grants to income in the year received.
- (b) Corporate sponsorship revenues are allocated between capital and operating income based on the nature of the expenditure sponsored. All capital expenditures paid for with sponsorship revenues are included with other capital expenditures. Sponsorship expenditures represent costs incurred by the corporation to fulfill obligations of the sponsorship agreements.
- (c) Resale inventory is valued at the lower of cost, determined on a first in first out basis, or net realizable value. Supplies inventory is valued at cost.

**2. CONCESSIONS**

Concession revenue includes rents from concessionaires and the net operating profit of the Trillium Restaurant which is operated by a private firm under a management agreement. Food services were contracted to a private operator part way through the 1988 operating season. Boutique operations were contracted to a private operator beginning with the 1989 operating season. Revenue from these private operators has been included in Concessions revenue.

**3. DEFERRED INCOME**

Deferred income includes marina slip rentals and sponsorship revenue.

**4. PENSION PLAN**

The Corporation provides pension benefits for its permanent employees through participation in the Public Service Pension Fund established by the province of Ontario. The Corporation's share of contributions to the Fund during the year was \$143,000 (1989 — \$154,000) and is included in employee benefits in the schedule of administration and operating expenditures. This amount includes current contributions and additional payments required to cover the Corporation's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next 40 years.

**ONTARIO PLACE CORPORATION****Notes to Financial Statements — Concluded  
March 31, 1990****5. CONTINGENT LIABILITY**

The Corporation, former chairman, acting general manager, and former manager are named as defendants in an action commenced by a concessionaire. Claimed damages total \$11.5 million. The Corporation believes it has a strong case, and is vigorously defending the action. The action is presently before the courts and the cost to the Corporation, if any, cannot be determined until the court renders a decision.

**6. COMPARATIVE FIGURES**

The 1989 comparative figures have been reclassified where necessary to conform with the 1990 financial statement presentation.

## THE ONTARIO TRANSPORTATION DEVELOPMENT CORPORATION

Notes To Financial Statements  
for the year ended December 31, 1989**1. SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Corporation have been prepared by management in accordance with accounting principles generally accepted in Canada.

Translation of foreign currencies

The Corporation's U.S. bank indebtedness has been converted to Canadian funds at the year end rate of exchange. Urban Transportation Development Corporation Ltd. ("UTDC Ltd.") will assume the current and future gains or losses on the U.S. bank indebtedness of the Corporation.

**2. INVESTMENT IN URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.**

During the year, the Corporation invested \$30,000,000 in UTDC Ltd. by subscribing for 300,000 Class A preferred shares.

In view of the financial position of UTDC Ltd., it was considered appropriate to write down the investment to the net equity position as at December 31, 1989.

Subsequent to its fiscal year end, the Corporation invested a further \$5,000,000 in UTDC Ltd. by subscribing for 50,000 Class A preferred shares. This was done in order for UTDC Ltd. to maintain a net worth position of \$25,000,000 which is a requirement under the terms of its agreement with the Detroit Transportation Corporation.

**3. BANK INDEBTEDNESS**

The Corporation's bank indebtedness is comprised of the following:

	1989 \$	1988 \$
Bankers' acceptances — including \$US Nil (1988 — \$US 59,000,000)	344,000,000	303,357,500
Bank overdrafts — including \$US 2,432,659 (1988 — \$US 3,775,461)	19,549,762	6,019,174
	<u>363,549,762</u>	<u>309,376,674</u>

The bankers' acceptances outstanding at December 31, 1989 mature on various dates ranging from January 3, 1990 to January 16, 1990 and bear interest at rates between 12.3% and 12.4%.

The Government of Ontario has guaranteed the repayment of the bank indebtedness, including interest thereon, of the Corporation.

Notes To Financial Statements — Concluded  
for the year ended December 31, 1989**4. PROVISION FOR VIA RAIL PROJECT**

As part of the terms of sale of UTDC Ltd.'s assets to UTDC Inc. it was agreed that if certain work expected to be available to UTDC Inc. from the Via Rail Project not be secured, appropriate compensation would be negotiated in good faith by the parties. Via Rail indicated that it would not proceed with the program as earlier contemplated. The Province of Ontario assumed all obligations with respect to Via Rail Project and negotiated a settlement of this issue with UTDC Inc. Under the terms of the settlement reached in July, 1988 the Province of Ontario directed the Corporation to pay to UTDC Inc. \$31 million of which \$21 million was paid prior to August 31, 1988 and an amount of \$1,250,000 per month had been paid from September 1988 to December 1988, with the final monthly payments made from January to April of the current year.

## ONTARIO WASTE MANAGEMENT CORPORATION

Notes to Financial Statements  
March 31, 1990

## 1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared by management in accordance with generally accepted accounting principles, with the significant ones summarized below.

a) *Fixed Assets*

Fixed assets are recorded at cost. Depreciation for furniture and equipment is computed on the declining balance basis at rates of 20%-30% designed to amortize the cost of these assets over their estimated useful lives. Leasehold improvements are amortized on a straight-line basis over the 3-5 year terms of the leases.

b) *Deferred intervenor grants*

Intervenor grants are deferred until payments to the intervenors are directed by the independent Funding Panel.

## 2. FUNDING TO INTERVENORS

As part of the approval process for the construction of a proposed waste disposal facility, a public hearing to address environmental and other related issues commenced in 1989 before a Joint Board established under the *Consolidated Hearings Act*.

The Province has allocated approximately \$3.2 million to be provided to eligible parties (intervenors) to finance their cost of preparation and appearance at this hearing. An independent Funding Panel, appointed under the *Intervenor Funding Project Act, 1988* is responsible for the allocation of this funding. Payments to the intervenors are made by the Corporation based on requests from the Funding Panel.

To date, the Corporation has received transfers of \$2.0 million under this provision, of which \$985,000 was paid to intervenors during 1990 (1989 — \$33,000). The unexpected balance of \$982,000 has been deferred until payments to the intervenors are directed by the independent Funding Panel.

Prior to the establishment of the independent Funding Panel, public funding had been provided directly by the Corporation. This direct public funding by the Corporation ceased on December 31, 1988.

## 3. FIXED ASSETS

	1990		1989	
	Cost	Accumulated Depreciation	Net Book Value	Net Book Value
	(\$'000)	(\$'000)	(\$'000)	(\$'000)

Leasehold improvements	180	155	25	18
	<u>1,132</u>	<u>608</u>	<u>524</u>	<u>336</u>

## 4. PENSION PLAN

The Corporation provides pension benefits for its permanent employees through participation in the Public Service Pension Fund established by the Province of Ontario. The Corporation's share of contributions to the Fund during the year was \$153,859 (1989 — \$105,651) and is included in salaries and benefits in the Statement of Operations and Deficit. This amount includes current contributions and additional payments required to cover the Corporation's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

## 5. LEASE COMMITMENTS

The Corporation is committed under operating leases on premises and equipment with future minimum payments until October, 1995 due as follows:

	(\$'000)

## ONTARIO WASTE MANAGEMENT CORPORATION

March 31, 1990

## 6. CONTINGENT LIABILITY

In May 1987 the Corporation entered into an agreement with Ontario Hydro for work related to the supply of electricity to the Corporation's proposed waste disposal facility. The cost for such work is currently estimated at \$181,000 and will only be charged to the Corporation if construction of the facility does not proceed. Approval by the Joint Board established under the *Consolidated Hearings Act* and by the Provincial Cabinet to construct the facility had not taken place as at March 31, 1990.

To the Ontario Waste Management Corporation  
and to the Minister of the Environment.

I have examined the statement of financial position of the Ontario Waste Management Corporation as at March 31, 1990 and the statements of operations and deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1990 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

## THE PUBLIC TRUSTEE OF THE PROVINCE OF ONTARIO

## Notes to Financial Statements

March 31, 1990

## 1. GENERAL

The Public Trustee performs duties under a number of statutes, with the following main responsibilities:

- the management of estates of mentally incompetent individuals;
- the administration of estates of persons who die in Ontario intestate and without next-of-kin;
- the gathering of assets on behalf of the Crown under the Escheats Act when there is no known owner of those assets or the owner is a corporation no longer in existence; and
- a general supervisory role over charities.

## 2. SIGNIFICANT ACCOUNTING POLICIES

## (a) Basis of accounting

Fees collected, bank interest and expenditure are recorded on a cash basis of accounting which, for expenditure, is modified to allow an additional thirty days to pay for debts incurred during the fiscal year just ended. Net income from funds invested is recorded on an accrual basis.

## (b) Funds invested

Funds are invested in income producing short term investments or bonds which are normally held until maturity. These securities are shown at cost adjusted for the amortization of premiums or discounts on purchase over the period to maturity.

## (c) Stocks and bonds of Estates and Trusts

Stocks and bonds of Estates and Trusts are recorded at their market value at the time of taking over the Estates and Trusts with an annual adjustment to market value at December 31 each year.

## (d) Real estate

Real estate is recorded at appraised value at time of incorporation of the trust and is subject to periodic revaluations.

## (e) Life insurance

Life insurance is recorded at its cash surrender value at the time of incorporating the trust and is subject to valuation every two years.

## (f) Fixed assets

Fixed assets are recorded as expenditures when purchased.

## 3. ADMINISTRATION FUND

The Administration Fund is the operating account of the Public Trustee. It is used to accumulate fees charged each estate for services, as prescribed by the regulations under the Public Trustee Act.

Cash balances in the Administration Fund which are not required for operating purposes are invested along with the cash funds of Estates and Trusts. The Administration Fund receives the net interest income of these investment activities, after interest is allowed on the funds of Estates and Trusts in accordance with regulations under the Act.

All operating expenses of the office of the Public Trustee are paid from the Administration Fund.

Pursuant to section 9(5) of the Public Trustee Act, the Lieutenant Governor in Council may from time to time direct the payment into the Province's Consolidated Revenue Fund of any balance at the credit of the Administration Fund. Subsequent to the year end, \$27 million was transferred from the Fund in May 1990 to the Consolidated Revenue Fund.

## 4. FUNDS ESCHEATED TO THE CROWN

The Public Trustee is authorized by the Escheats Act to take possession of unclaimed property reverting to the Crown under the Succession Law Reform Act, Business Corporations Act or common law. After a period of ten years, any property so received by the Public Trustee which remains unclaimed is transferred to the Consolidated Revenue Fund of the Province.

During the year, \$2,743,846 (1989 — \$8,000) was transferred to the Province.

## 5. ASSURANCE FUND

The regulations under the Act provide that an Assurance Fund shall be established to meet losses for which the office of the Public Trustee might become liable. Accordingly, this Fund has been established at \$200,000 by transfers from the Administration Fund.

## THE PUBLIC TRUSTEE OF THE PROVINCE OF ONTARIO

Notes to Financial Statements — Concluded  
March 31, 1990

## 6. PENSION PLAN

The office of the Public Trustee provides pension benefits for its permanent employees through participation in the Public Service Pension Fund established by the Province of Ontario. The office's share of contributions to the Fund during the year was \$243,863 (1989 — \$185,402) and is included in employee benefits in the Statement of Revenue and Expenditure. This amount includes current contributions and additional payments required to cover the office's share of the Fund's estimated unfunded liabilities on January 1, 1990. These additional payments will continue over the next forty years.

## 7. REAL ESTATE AND REVALUATION PROJECT

Due to the high volatility of the Ontario real estate market, property values change after their initial incorporation. Many properties have not been revalued in recent years. The office of the Public Trustee now has a project underway to revalue properties under its administration. This project is expected to be completed by 1991.

To the Public Trustee of the Province of Ontario and  
to the Attorney General.

I have examined the balance sheet of the Public Trustee of the Province of Ontario as at March 31, 1990 and the statements of revenue and expenditure and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Public Trustee of the Province of Ontario as at March 31, 1990 and the results of operations for the year then ended in accordance with the accounting policies described in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

## STADIUM CORPORATION OF ONTARIO LIMITED

## NOTES TO FINANCIAL STATEMENTS

December 31, 1989

## 1. STADIUM CORPORATION OF ONTARIO LIMITED [THE "CORPORATION"]

The Corporation has substantially completed the construction of an entertainment complex [the "Project"] which includes the first urban multi-purpose domed stadium with a fully retractable roof, a hotel, health club and other facilities. On June 3, 1989 the stadium portion of the Project commenced operations. Construction continued to proceed on the remainder of the Project.

At a date to be determined, the Corporation will transfer all of its rights, title and interests in the Project to a partnership to be formed between the Corporation and a private company, Dome Consortium Investments Inc. ["Consortium"]. The partnership will assume responsibility for the operation of the Project at that time.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Project costs

All costs associated with the project's construction including development, indirect construction expenditures and interest costs are capitalized and included in project costs. Proceeds from promotions and interest income earned during construction are netted against project costs.

### Depreciation

Project costs and fixed assets are depreciated on a straight-line basis over their estimated useful lives as follows:

Base stadium	50 years
Stadium equipment and finishes	25 to 50 years
Seats	15 years
Scoreboards, signage and production equipment	5 to 15 years
Artificial turf and stadium accessories	5 to 15 years
Vehicles, machinery and equipment	5 to 10 years
Furniture, fixtures and office equipment	3 to 10 years

### SkyBox and club seat rights

Proceeds from the sale of rights to SkyBoxes and the use of club seats are amortized over the terms of their respective agreements.

### Preferred rights

Proceeds from the sale of preferred rights are amortized over the life of the base stadium.

**[a] Province of Ontario**

Prior to 1988, the Province of Ontario subscribed for 30,010 shares of the Corporation for consideration of \$30,000,010.

The Province of Ontario has also advanced to the Corporation \$5,766,000 which is currently interest-free but will bear interest effective January 1, 1990 at prime rates and will be repayable in seven equal annual installments starting January 1, 1991.

**[b] Municipality of Metropolitan Toronto**

The Municipality of Metropolitan Toronto has contributed \$30,000,000 to the Corporation.

**[c] Consortium**

As at December 31, 1989, 27 Canadian corporations ["Consortium Members"] have agreed to participate in the financing of the Project. For consideration of \$4,500,000 each Consortium Member received certain preferred rights in the supply of goods and services, in the allocation of seating, and in advertising within the stadium for a 10-year period valued at \$4,200,000 and an option, valued at \$300,000 to extend the period of the preferred rights.

## STADIUM CORPORATION OF ONTARIO LIMITED

## NOTES TO FINANCIAL STATEMENTS

December 31, 1989

In addition, these Consortium Members have subscribed for shares of the Consortium which will form a partnership with the Corporation. These funds have been loaned to the Project. At December 31, 1989, the Corporation had received \$13,500,000 from the Consortium and had issued promissory notes which bear no interest and are repayable on the day prior to the day the partnership acquires the Project.

**[d] Other corporations**

At December 31, 1989, three other corporations have each made contributions of \$3,500,000 as well as loans of \$1,350,000 each to the Corporation. The Corporation has issued promissory notes for the loans which bear no interest and are repayable in installments of varying amounts over 10 years commencing with payments of \$450,000 in 1989. In addition, for consideration of \$150,000 each, the corporations will receive certain advertising and promotional rights.

**7. SKYBOX AND CLUB SEAT FEES****[a] SkyBoxes**

The Corporation sold the rights to the use of 113 SkyBoxes for a 10-year period. During the year, the Corporation recognized income of \$9,950,000 from the amortization of the proceeds from the sale of rights to SkyBoxes.

**[b] Club seats**

The Corporation received subscription fees of \$20,540,000 from the sale of rights to the use of Club seats for a 10-year period. In 1989, the Corporation charged an annual fee of \$125 per club seat. During the year, the Corporation recognized income of \$1,132,000 from the amortization of subscription fees and earned \$718,000 in annual fees.

**9. INCOME TAXES**

The Corporation is a Crown corporation and is exempt from federal and provincial income taxes.

**10. COMMITMENTS**

The Corporation is responsible for the construction of the Project which has an estimated total cost of \$543.7 million. In addition, the acquisition and installation of the video scoreboard, auxiliary video boards, advertising signs and production equipment related to the scoreboard and advertising signs are estimated to cost a total of \$30 million.

**11. CONTINGENCIES**

Various claims have been made against the Corporation for costs related primarily to design and construction changes and delays in the completion of the Project. The total for these claims approximates \$72 million. At this time, no amount has been provided in the financial statements in respect of these claims as the merits of the claims and the amount of the loss, if any, are not determinable.

**12. COMPARATIVE FIGURES**

Certain of the 1988 comparative figures have been reclassified to conform to the presentation adopted in the current year.

**AUDITORS' REPORT**

To the Shareholder of  
**Stadium Corporation of Ontario Limited**

We have examined the balance sheet of **Stadium Corporation of Ontario Limited** as at December 31, 1989 and the statement of operations and deficit for the seven months then ended and the statements of project costs and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1989 and the results of its operations for the seven months then ended and the project costs and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to Financial Statements  
for the year ended December 31, 1989

## 1. TEACHERS' PENSION ACT, 1989

Effective December 31, 1989, the Ontario legislature changed the legislation governing the pension plan. The *Teachers' Pension Act, 1989* (the Act) repealed the *Teachers' Superannuation Act, 1983* (the former Act) but continued the plan set out in the former Act, including the related benefits provided under the *Superannuation Adjustment Benefits Act*. The name of the pension plan is now the Ontario Teachers' Pension Plan (the Plan). The terms of the Plan are set out in Schedule 1 to the Act and are effective January 1, 1990.

The Act also continued the Teachers' Superannuation Commission (the Commission) as the plan administrator under a new name, the Ontario Teachers' Pension Plan Board (the Board) and continued the Teachers' Superannuation Fund (the Fund) as the pension fund maintained to provide plan benefits.

Pursuant to the Act, the assets and liabilities of the Superannuation Adjustment Fund account were transferred to the Fund as of December 31, 1989. The net assets were transferred by the issuance of Province of Ontario debentures in the amount of \$1.581 billion. The net assets available for benefits presented in these statements include these debentures. The 1988 comparative figures are not affected.

The Act requires the investment of Fund assets to meet the obligations of the Plan. Investment in Province of Ontario debentures is no longer required.

The Act increases by 1% the rates of contribution to the Fund payable by both members and their employers. It also requires a valuation of the Plan as at January 1, 1990 and funding by the Province to liquidate any going concern unfunded actuarial liability determined by that valuation.

Notes to Financial Statements — Continued  
for the year ended December 31, 1989

## 2. DESCRIPTION OF PLAN

The following description of the Plan is a summary only. For more complete information, reference should be made to the Act and the Pension Benefits Act, 1987.

## (a) General

The Plan is a contributory defined benefit pension plan sponsored by the Province of Ontario (the Province) and is mandatory for most persons who satisfy eligibility requirements provided in the Act. Under the Plan, contributions are made by persons employed in education, certain private schools and organizations and the Province. The Plan is registered under the *Pension Benefits Act of Ontario*: registration #C008450.

## (b) Funding

The *Pension Benefits Act of Ontario* requires that the Province, as the Plan sponsor, pay the cost of the benefits determined under the Plan that are not funded by member and employer contributions. The determination of the value of these benefits is made on the basis of actuarial valuation (see note 4).

## (c) Service Pensions

A service pension is available based on credited service, best five year average salary and age of the member. A 90 factor (age and service) provides an unreduced pension at any age. A reduced early retirement pension is available from age 55. Service of 35 years provides an unreduced pension at any age for retirements in the period June 1987 to August 1990 inclusive.

## (d) Disability Pensions

A disability pension is available at any age with a minimum of 10 years credited service. The amount of disability pension is determined by the extent of the disability.

## (e) Death Benefits

Death benefits are available on the death of a member and may be available on the death of a pensioner.

The benefit may take the form of an immediate or deferred pension and/or a lump sum payment.

## (f) Withdrawal Refunds

Upon application and subject to the lock-in provisions, withdrawal refunds, with interest on the contributions, are payable when a member ceases to be employed in education.

## (g) Income Taxes

The Fund is a Registered Pension Trust as defined in the *Income Tax Act* and is not subject to income taxes.

## (h) Escalation of Benefits

From 1975 pension benefits are indexed to inflation at 100% of the Consumer Price Index, subject to a limit of 8% in any one year, with any excess carried forward. Other ad hoc increases are paid relating to pension benefits effective prior to this date.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## (a) Basis of Presentation

These financial statements are prepared on the going concern basis and present the aggregate financial position of the Fund as a separate financial reporting entity, independent of the sponsor and Plan members. They are prepared to assist Plan members and others in reviewing the activities of the Fund for the fiscal period but they do not portray the funding requirements of the Plan or the benefit security of individual Plan members.

## (b) Contributions

The matching contributions from the Province together with interest thereon are recorded using accrual Accounting.

Special payments from the Province are recorded in the year in which they are received.

## (c) Capital Expenditures

Capital expenditures, including expenditures for fixed assets, are expensed in the year they are incurred. Recoveries relating to capital expenditures are recorded as an increase in assets in the year in which the transaction occurs.

## TEACHERS' SUPERANNUATION FUND

Notes to Financial Statements — Concluded  
for the year ended December 31, 1989

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## (d) Investments

On December 31, 1989 the Fund held Province of Ontario debentures and short term investments.

Province of Ontario debentures

Province of Ontario debentures are stated at cost. Since these debentures are not negotiable and are required to be held to maturity, a market valuation is inappropriate.

Short Term

Short term investments are securities guaranteed by Canadian chartered banks with maturities up to one year. They are stated at cost which approximates market value.

## (e) Benefits

Payments for benefits, refunds and transfers are recorded in the year in which they are made. Provisions for such amounts are included in the determination of actuarial liabilities.

## 4. NET ASSETS AVAILABLE FOR BENEFITS

The adequacy of the net assets available for benefits is determined by an actuarial valuation at least once every three years. The most recent actuarial valuation filed with the Pension Commission of Ontario was made as of December 31, 1987 by Eckler Partners Ltd., a firm of consulting actuaries. Since it showed that the Fund was in a surplus position, no special funding payments were required.

On December 31, 1989, pursuant to the Act, the benefit and contribution structure of the Plan was changed. The Plan assumed the obligation for escalation benefits as provided under the *Superannuation Adjustment Benefits Act*, and the Fund received the assets of the Superannuation Adjustment Fund account.

The impact of these changes on the funded position of the Plan will be determined by an actuarial valuation as at January 1, 1990 to be made under the direction of the Board. In accordance with the Act, the Province is required to fund over the next forty years any going concern unfunded actuarial liability of the Plan determined by this initial valuation.

A report prepared by the Province's actuaries during 1989 as part of the 1989 Ontario budget process estimated this going concern unfunded actuarial liability as at January 1, 1990 to be \$4.036 billion. The report was based on data as at the end of 1987, benefits as at January 1, 1990, and economic assumptions updated to March 1989.

Interim payments by the Province based on the estimated liability commenced January 1, 1990. These payments will be adjusted when the initial valuation is completed.

## 5. CONTINGENCY

Claims have been made against the Fund because of corrective steps taken by the Commission in September 1986 in order to conform to a legal interpretation of the Act. These steps have resulted in the reduction of approximately 1500 pensions on a prospective basis. The Supreme Court of Ontario has agreed with the Commission's interpretation with respect to one of these claims, but the claimant has appealed. The outcome of the appeal and the other claims cannot be reasonably determined at this time. Accordingly, no provision for them has been made in the financial statements. Any settlement will be recorded in the year it is made.

## 6. COMMITMENTS

The Fund is committed under a lease for office premises to the following minimum lease payments:

## TEACHERS' SUPERANNUATION FUND

for the year ended December 31, 1989

To the Members of the Ontario Teachers' Pension Plan Board  
and to the Minister of Education.

I have examined the statements of net assets available for benefits and long term investments of the Teachers' Superannuation Fund as at December 31, 1989, and the statements of changes in net assets available for benefits and administration expenditures for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the net assets available for benefits and long term investments of the Fund as at December 31, 1989 and the changes in net assets available for benefits and administration expenditures for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 1990  
(In thousands of dollars)

## 1. SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared by management in accordance with accounting principles generally accepted in Canada. The significant accounting policies are as follows:

## (a) Spare parts and supplies

Spare parts and supplies are valued at the lower of cost and replacement cost.

## (b) Fixed assets

Fixed assets are recorded at cost.

The Authority provides for the depreciation and amortization of the various classes of assets over their estimated useful lives on a straight line basis. Depreciation for locomotives and auxiliary power control units is calculated using a straight line rate applied to cost plus an estimation of future overhaul costs.

Buildings and equipment	
Shelters and ticket booths	- 5 years
Other buildings	- 20 years
Locomotives and auxiliary power control units	- 25 years
Other railway rolling stock	- 25 years
Buses	- 12 years

## 1. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

## (d) Subsidies

Operating subsidies paid by the Province of Ontario are treated as reductions of operating losses. Gains and losses from the disposition of fixed assets are included in operations. Capital contributions from the Province of Ontario are included in equity and are amortized to income over the useful lives of the related assets.

## 2. OTHER ASSETS

Included in other assets is a balance of sale of \$891 arising from the sale of land surplus to the Authority's needs.

This property was sold in March 1988 but was recorded in the current year due to delay in transferring the original title to the property to the Authority by the Province of Ontario. Interest is being charged at a rate commencing at 8% and increasing at 1% at the end of each five year period until February 28, 2013 when the proceeds become due. Additional interest may be earned based on the net income from the property. Total interest in a single year cannot exceed 18%. The asset is collateralized by a second mortgage on the property.

## 3. BUILDINGS AND EQUIPMENT (cont'd)

The Authority is actively seeking a purchaser for 99 Uni-Level coach units which are considered to be surplus. The balance recoverable from the disposition may be less than the net book value of \$6,981, however, it cannot be determined at this time.

No provision for the loss, if any, related to the potential impairment of the value of the 99 Uni-level coach units has been reflected in the accompanying balance sheet.

## 4. OPERATING AGREEMENTS

A significant amount of the services provided by the Authority are operated by outside parties using rolling stock owned by the Authority. These services are governed by the agreements with the Canadian National Railway Company and Canadian Pacific Limited.

## 5. SUNDRY REVENUE

The details of sundry revenue are as follows:

	1990	1989
Interest income	\$ 935	\$ 446

Depreciation and amortization	<u>37,967</u>	<u>19,754</u>
Total expenses	<u>179,058</u>	<u>142,827</u>

Of the total expenses above \$130,061 (1989 - \$112,748) is recognized as recoverable, in part, from passengers and other sources of revenue. The target amount to be ultimately recovered has been established by the Authority at 65% of the recoverable expenses. In 1990, total revenue amounted to \$92,185 (1989 - \$77,182) and represents a recovery of 70.9% (1989 - 68.5%) of the recoverable expenses.

## 7. COMMITMENTS

## (a) Purchase of Bi-Level Commuter Rail Cars

The Authority has entered into contracts with the Urban Transportation Development Corporation Inc. for the purchase of bi-level commuter rail cars.

The estimated balance of the purchase price for the 67 cars remaining to be delivered is \$78,192.

## (b) Purchase of Locomotives

The Authority has entered into contracts with General Motors of Canada Ltd. for the purchase of replacement locomotives.

The estimated balance of the purchase price for the 15 remaining locomotives is \$21,957.

## (c) Leases

Minimum operating lease payments in each of the next five years and in aggregate are as follows:

1990 - 1991	\$ 3,997
1991 - 1992	3,731
1992 - 1993	3,504
1993 - 1994	3,254
1994 - 1995	3,054
Thereafter	<u>12,840</u>
	<u>30,380</u>

In addition to the commitments above, the Authority has entered into an agreement to lease land which expires in 2079. The annual rental under this lease is \$153.

## 8. PENSIONS

The Authority provides pension benefits for substantially all its permanent employees through participation in the Public Service Pension Fund established by the Province of Ontario. The Authority's share of contributions to the plan during the year was \$2,144 (1989 - \$1,409). This amount represents the total obligation of the Authority and is included as an expense in the Statement of Operations.

## 9. BOARD REMUNERATION

Total remuneration of Members of the Board of Directors was approximately forty eight thousand dollars during the fiscal year.

## AUDITORS' REPORT

To the Members of the Toronto Area Transit Operating Authority and to  
the Minister of Transportation.

I have examined the balance sheet of the Toronto Area Transit Operating Authority as at March 31, 1990 and the statements of equity, operations and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1990 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

## URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1989

## 1. CESSATION OF OPERATIONS

Effective July 1, 1986, the Corporation sold its fixed assets, technology, inventory and other assets and contracts to Lavalin Enterprises Inc. ("Lavalin"). Lavalin purchased the assets through a new company, UTDC Inc. Under the terms of the sale, the Corporation retained its existing major contracts ("retained contracts") (see note 5). The Corporation is responsible for the completion of the retained contracts and for all warranty and performance related matters. As part of the sale agreement, the Corporation entered into an Agency Agreement whereby UTDC Inc. agreed to complete all retained contracts on behalf of the Corporation. Future revenues were insufficient to offset the expenses required to complete the Corporation's contracts. As a result provisions for the estimated costs to complete all contracts and to wind up the Corporation's business activities have been accrued. Such costs include estimated contract losses, warranty provisions, management fees, overhead and all operating costs to completion of warranty obligations.

## 2. ACCOUNTING POLICIES

The consolidated financial statements of the Corporation have been prepared by management in accordance with accounting principles generally accepted in Canada. The significant accounting policies are summarized below:

## (a) Accounting for long-term contracts

Revenues and expenditures under cost reimbursable contracts are recorded as costs are incurred and fees are earned. Revenues and expenditures on long-term fixed price contracts are recorded on a percentage of completion basis, measured by costs incurred. Provisions for losses on contracts are recorded when they become known.

## (b) Translation of foreign currencies

The Corporation's operations include certain contracts which were negotiated and are accounted for in U.S. dollars. The asset and liability accounts related to these contracts are translated to Canadian dollars at the rate of exchange at the balance sheet date. Revenue and expenses are translated at the weighted average rate for the year. The Corporation also assumed the current and future gains or losses on the US bank indebtedness of The Ontario Transportation Development Corporation ("OTDC"), an affiliated company.

## 3. DEBENTURE

The following is a summary of the significant terms and conditions of the debenture:

- (a) the principal amount of the \$20 million debenture will be payable on August 31, 1996;
- (b) interest is payable by December 31 of each year based on 25% of the cumulative pre-tax profits of UTDC Inc. to August 31 of such year less the interest paid or payable prior to such date. The Corporation has agreed to indemnify UTDC Inc. for any incremental income taxes which result from interest on the debenture not being deductible for income tax purposes. Interest expense on the debenture during the year ended December 31, 1989 was \$107,000 which has been offset against interest income.
- (c) the redemption of the debenture and the payment of interest is guaranteed by Lavalin Ltee. in the event of default by UTDC Inc. The debenture will provide for mandatory principal prepayments between 1990 and 1996 in the event that interest payments do not reach stipulated levels.

## 5. COMMITMENTS

- (a) The Corporation has entered into various long-term sales contracts for the implementation of transit systems and support activities and/or the manufacture and supply of transit vehicles.

## i) Intermediate Capacity Transit System (ICTS) contracts

- Vancouver ICTS - contract with BC Transit to implement a 21.4 kilometre ICTS and supply 114 vehicles. The system commenced revenue service in 1986. All matters regarding the Vancouver project have been resolved during the year and the project is now closed.
- Detroit ICTS - contract with the Detroit Transportation Corporation to implement a 4.7 kilometre ICTS and supply 12 vehicles. The system commenced revenue service in 1987.
- Scarborough ICTS - contract with the Toronto Transit Commission (TTC) to supply 28 vehicles and related system support activities. The system commenced revenue service in 1985.

The Corporation is currently involved in various field service and vehicle retrofit activities on ICTS contracts.

## ii) Streetcar contracts

- Santa Clara Articulated Light Rail Vehicle (ALRV) - contract with the Santa Clara County Transit District to supply 50 ALRV's. The system commenced revenue service in 1987. All matters regarding the contract have been resolved as of February 13, 1990 and the project is now closed.
- TTC ALRV - contract with the TTC to supply 52 ALRV's with completion expected in 1990. Initial vehicles entered revenue service in 1987. The Corporation is currently involved in various field service and vehicle retrofit activities.

## iii) Subway contracts

- TTC subway cars - contract with the TTC to supply 126 subway cars with completion expected in 1990. Initial vehicles entered revenue service in 1987. The Corporation is currently involved in various field service and vehicle retrofit activities.

## URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1989

## 5. COMMITMENTS (cont'd)

- Boston subway cars - contract with the Massachusetts Bay Transportation Authority to supply 58 subway cars with completion expected in 1990. Initial vehicles entered revenue service in 1987. The Corporation is currently involved in various field service and vehicle retrofit activities.

The Province of Ontario currently has in place indemnities and bond guarantees with respect to the Corporation's contractual obligations in the aggregate amount of \$141 million.

- (b) The Corporation is committed under various purchase contracts with suppliers and sub-contractors relating to the sales contracts.
- (c) The Corporation's shareholder has undertaken with the Detroit Transportation Corporation that the Corporation will maintain a minimum net worth of \$25 million until the completion of the Detroit ICTS contract (see note 7).

## 6. CONTINGENCIES

On the Detroit ICTS System Contract, problems were encountered relating to inadequate concrete beam cover in respect of the guideway system. These defects have been repaired. While the Corporation believes it will recover a significant portion of the costs associated with this problem from insurers or subcontractors, the amount of the eventual recovery cannot be determined at the present time. The matter is currently under arbitration. Management and legal counsel consider that the Corporation's claim has substantial merit.

## URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1989

## 6. CONTINGENCIES (cont'd)

The Corporation has experienced delays in delivery schedules and/or technical problems on all contracts and these factors could result in additional costs. All contracts which remain outstanding have had provisions established to cover the warranty on both the vehicles and the systems. The contract warranties cover periods ranging from 1 to 5 years. There are also claims and counter-claims with certain suppliers under the Corporation's contracts.

Provisions have been made in the financial statements for the estimated costs to remedy problems, disputes, warranties, claims and for estimated recoveries where appropriate.

Any further losses incurred in respect of the matters referred to in this note will be accounted for in the financial statements in the year in which they are determined.

## 7. SUBSEQUENT EVENT

Subsequent to its fiscal year end, the Corporation issued to OTDC, 50,000 Class A preferred shares for \$5 million. If this transaction had occurred at December 31, 1989, the net worth of the Corporation would have been approximately \$25.3 million.

## AUDITORS' REPORT TO THE SHAREHOLDER

We have examined the consolidated balance sheet of Urban Transportation Development Corporation Ltd. as at December 31, 1989 and the consolidated statements of operations and deficit and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation as at December 31, 1989 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

## WORKERS' COMPENSATION BOARD

**Consulting Actuary's Report on the Valuation of the Actuarial Liabilities  
of the Schedule 1 Accident Fund of the Workers' Compensation Board of Ontario  
as at December 31, 1989**

The estimated present value of future compensation, rehabilitation and pension payments and health care expenses under Schedule 1 on account of accidents that occurred on or before December 31, 1989 in the amount of \$13.78 billion has been determined by the Board's Staff Actuaries, after consultation with us. We believe that the assumptions made in this valuation are appropriate and that the methods employed are in accordance with sound actuarial principles. We have made such tests of the calculations as were deemed necessary. We have also examined the data upon which the calculations were based and found it to be sufficient for the purposes of the valuation and consistent with the Board's financial statements. As in previous valuations, the present value does not include provision for future claims related to industrial disease or for future expenses of administration.

The present value reported above includes an amount of \$630 million with respect to benefits under the transitional provisions of Bill 162 which provide for supplemental pensions to certain disabled workers who would not have been eligible for supplemental pensions prior to the enactment of Bill 162. In determining this amount, use was made of management's estimates of the portion of such supplemental pensions which will be continued following the reviews 24 months and 60 months after the pension is granted and of the portion of disabled workers over age 55 who will be employed. We believe management's estimates in this regard to be reasonable.

The present value reported above makes provision for estimated payments in all future years arising from accidents that occurred on or before December 31, 1989. The portion of such payments expected to be made in 1990 is approximately \$1.37 billion. This amount was determined on the basis of the long-term assumptions appropriate for the determination of the present value. It does not represent a forecast of actual 1990 benefit payments, which will be influenced by short-term factors.

The valuation was based on the provisions of the Workers' Compensation Act in effect as of January 1, 1990. Full provision has been made for potential future increases in the covered earnings ceiling and in the level of pensions and temporary compensation as provided under the Act by using a net investment return assumption of 3% per annum, on the assumption that investment income in excess of that rate will be required to finance increases in benefits related to inflation.

Except as otherwise noted above, the methods and assumptions employed in the valuation were consistent with those used in the previous valuation, after taking account of changes in claim patterns. A complete description of the methods and assumptions employed in the valuation will be provided in our detailed report to the Board on the valuation.

In our opinion, which includes the foregoing comments, the amount of \$13.78 billion as at December 31, 1989 makes reasonable provision for future compensation, rehabilitation and pension payments and health care expenses under Schedule 1 on account of accidents that occurred on or before December 31, 1989.

## WORKERS' COMPENSATION BOARD

Notes to the Financial Statements  
December 31, 1989**1. NATURE OF OPERATIONS**

The Workers' Compensation Board is a Crown Agency, which operates by virtue of a statute passed in 1914 and amendments thereafter.

The Board differentiates employers into two groups — referred to as Schedules 1 and 2 by the *Act*:

Schedule 1 relates to industries where the employers are required to contribute to the Workers' Compensation Board's Accident Fund, and Schedule 2 relates to self-insurers — that is, industries where employers are individually liable for the costs of compensation, health care, rehabilitative costs and pensions paid to their workforce, all of which is done for them by the Workers' Compensation Board, which is then reimbursed for these costs.

**2. SIGNIFICANT ACCOUNTING POLICIES***Basis of accounting*

The financial statements have been prepared in accordance with generally accepted accounting principles.

*Investments**i) Bonds and Mortgages*

Bonds and mortgages are carried at amortized cost. In the case of mortgages, amortized cost is adjusted for principal repayments.

Realized gains (losses) on the sale of bonds and mortgages are deferred and amortized over the lesser of 20 years or the period to maturity of the security sold.

*ii) Stocks*

Investments in stocks are carried at cost with an adjustment for market value. The market value adjustment is based on the moving average market method, where realized gains (losses) on the sale of stocks are deferred and amortized over a seven-year period. Unrealized gains (losses) in market value are taken into income and included in the value of the asset on the moving average market basis over a seven-year period.

*iii) Real Estate*

Real estate (units in real estate syndicates) is carried at cost with an adjustment towards market value, based on the moving average market method.

Both realized and unrealized gains and losses are deferred and amortized over a ten-year period.

*iv) Short-Term Securities*

These are money market securities which have a maturity of less than 12 months at time of purchase, and are carried at amortized cost.

Gains and losses from sales are taken into income in the period that they occur.

*v) Foreign Currency Translation*

Foreign currency investment transactions are translated into Canadian dollars using the exchange rate in effect at the time of the transaction. For valuation purposes, foreign investments are converted to Canadian dollars at the exchange rate in effect at the balance sheet date. Foreign exchange gains and losses on long-term investments are amortized and reflected in their carrying value over a seven-year period.

*Fixed assets*

Fixed assets are stated at cost. Buildings, equipment, leasehold improvements and motor vehicles are depreciated on the straight-line method at rates calculated to amortize the cost of the assets over their estimated useful lives.

*Assessment income*

Assessment income is determined on the basis of estimated and actual payrolls reported by employers. At year end, an accrual is calculated to include the additional assessment anticipated as a result of the actual payrolls being greater than estimated.

*Leases*

Leases are classified as either capital or operating. Capital leases are those which transfer substantially all of the benefits and risks of the ownership of property, and are recorded as the acquisition of an asset and the incurrence of an obligation. The asset is amortized over its useful life and the obligation is liquidated over the lease term. Other leases are operating leases and the related rental costs are charged to expense as incurred.

The WCB engages in a securities lending program whereby investments of the Fund are loaned to approved borrowers, for a fee, against high quality collateral. At December 31, 1989 the total market value of securities on loan amounted to \$207 million.

## 6. ESTIMATED PRESENT VALUE OF FUTURE PAYMENTS TO SCHEDULE 1 CLAIMANTS

- a) The estimated present value of future payments to Schedule 1 claimants (\$13.78 billion) is determined annually by the Board's Actuary and is reviewed by an independent consulting actuary.

This amount includes provisions for claims reported to the Board up to and including December 31, 1989, and claims for accidents which occurred on or before December 31, 1989 but which have not been reported at that date.

As in previous years, provision has not been made for future administration costs of existing claims, or for the cost of future claims for occupational/industrial diseases arising in whole or in part from employment prior to December 31, 1989, as there is no reasonable way to estimate this.

The current portion (payments expected to fall due within the next 12 months — \$1.37 billion) is shown separately on the Balance Sheet (1988 — \$1.187 billion).

- b) The special provision of \$630 million relates to the transitional provisions of Bill 162, which came into effect July 26, 1989. Bill 162 expanded the supplements available to permanently disabled workers who are or will be suffering a loss of wages in excess of their permanent disability pension. Bill 162 also provides that impaired workers who are likely to benefit from a vocational rehabilitation program may be eligible to receive a supplement to their permanent partial disability pension while participating in such a program. The assumption that the future permanent Old Age Security (OAS) supplement payments that would not have been made prior to Bill 162 consists of:

- All OAS supplement payments made while the worker is under the age of 55, plus
- All OAS supplement payments made while the worker is aged 55 or above and is working.

No allowance has been made for the non-transitional provisions of Bill 162 as they only apply to injuries occurring on or after January 2, 1990.

- c) The unusual provision of \$310 million is to provide for a previously unanticipated significant increase in the now-expected number of older workers who cannot return to work and are expected to receive a permanent supplement under Section 135(4).
- d) The one-time impact of the special provision recorded in 1988 — amounting to \$154 million — related to the special costs of workers requiring rehabilitation, and who were injured in 1988 or in prior years. No such rehabilitation provision had previously been included in the Board's total liability.
- e) These financial statements do not include any estimate for the future payments to existing Schedule 2 claimants as this is not a liability of the Board: it is a liability of the Schedule 2 employers (Note 7). The same applies to federal employees covered under a separate agreement with Labour Canada.

## 7. SELF-INSURERS

The Board adjudicates claims and pays benefits for Schedule 2 workers in the same way as for Schedule 1, and then charges these costs to the self-insured employers, plus an administration fee for doing so. Schedule 2 consists mainly of employers in the Ontario public sector such as the province, municipalities, public libraries and school boards, but also employers in industries which cross provincial borders, such as railways, shipping, international airlines and telephone companies.

In addition, some of the self-insured employers are required to contribute to a special fund to relieve out-of-the-ordinary expenses (e.g. disaster relief) for their group. The Board requires that security deposits be placed with it by these employers. The deposits received from self-insured employers are invested and interest is paid on the deposit at a previously determined rate.

Although not legally covered by either Schedule 1 or 2 of the *Workers' Compensation Act* certain Federal Government employees in Ontario are, by separate agreement with Labour Canada, covered by the Federal Government as a "self-insurer" and the Board, therefore, treats them administratively as if they were a Schedule 2 employer.

At December 31, 1989, the balance sheet includes the following related to self-insured employers:\*

	1989 (\$ '000's)	1988 (\$ '000's)
Held for them:		
Cash .....		1,475
Investments (Market value at December 31, 1989: \$19,289) .....	18,439	20,152
Due from them:		
Receivables .....	17,719	9,329
	<u>36,158</u>	<u>30,956</u>

\*Including approximately \$1,300 held for various branches of the Federal Government (1988-\$1,300).

## WORKERS' COMPENSATION BOARD

Notes to the Financial Statements — Continued  
December 31, 1989

Self-insured employers are individually liable for all current and future claim costs. The Board does not make provision for the future liabilities of any self-insured employers or the Federal Government, for current and past claims, nor does it recognize the future benefits which it will pay as these will be reimbursed in full (plus a fee to cover its administrative and other costs).

\*The Workers' Compensation Board has had a form of experience rating since 1953. It offers refunds and surcharges based on injury frequency rates and costs. In 1983, the Board introduced an experience rating system (CAD-7) for the construction industry. A New Experimental Experience Rating Plan (NEER) was introduced in 1984, and is continuing to be refined. Participation in the NEER program is optional for all non-construction rate groups.

Where possible, provisions are established to cover future adjustments arising from current and past years' experience. However, consistent with normal insurance industry practice, it is intended that rebates and surcharges under these programs will generally balance out in the long-term.

\*1989 Worker Pensions include Bill 162 supplements paid to disability pension recipients — \$14 million (1988 — nil).

The significant increase in worker pensions payments in 1989 arose out of delays in awarding worker permanent disability pensions during 1988, and a change in the dates when regular monthly pension payments were issued in 1989. Had these estimated events not occurred, it is estimated that worker pension payments would have amounted to \$522 million in 1989 and \$463 million in 1988.

## WORKERS' COMPENSATION BOARD

Notes to the Financial Statements — Continued  
December 31, 1989

The benefit categories are defined below:

## Temporary Compensation

These benefits are paid to injured workers to compensate them for temporary losses of earnings due to temporary disability arising out of work-related injuries.

## Health Care

This category includes payments made to health care professionals, such as physicians and treating agencies, who provide health care treatment to injured workers.

## Rehabilitation

These payments include income support payments to workers who are preparing to return to employment, plus payments to agencies for the delivery of vocational and medical rehabilitation services.

## Worker Pensions

Pensions are paid to workers who have suffered partial or total permanently disabling injuries.

## Dependency

These are payments made to dependents of workers who have died as the result of work-related injuries/diseases.

## Recoveries

Claims against third parties responsible for industrial accidents are deducted from paid benefits upon their receipt.

## WORKERS' COMPENSATION BOARD

Notes to the Financial Statements — Continued  
December 31, 1989

On January 24, 1989 an *Act to amend the Occupational Health and Safety Act* (Bill 208) was tabled in the Legislature by the Minister of Labour. Among the proposed amendments is the creation of the Workplace Health and Safety Agency, which will oversee the Safety Associations (except the Farm Safety Association Inc.), the Occupational Health and Safety Education Authority and the Workers' Health and Safety Centre of the Ontario Federation of Labour.

The proposed Agency will be funded by the Workers' Compensation Board and the Provincial Treasury. However, at this time, it is not known whether current funding levels will be altered when, and if, the programs are transferred from the Workers' Compensation Board to the new Agency.

## c) LEGISLATED OBLIGATIONS

The Workers' Compensation Board is obligated to defray the administrative costs of the Occupational Health and Safety Act for the Government of Ontario. The Board's cost has been accrued based on the calendar year just ended.

	1989 (\$ 000's)	1988 (\$ 000's)
<i>Occupational Health and Safety Act</i> .....	8,500	7,724
Industrial Disease Standards Panel .....	665	604
Mine rescue .....	1,257	1,304
Workers' Compensation Appeals Tribunal (WCAT) .....	8,573	9,366
Office of the Worker Adviser .....	4,944	5,122
Office of the Employer Adviser .....	1,517	1,508
Northern Chest Clinics .....	1,000	1,006
	<u>26,456</u>	<u>26,634</u>

Under Section 86 of the *Workers' Compensation Act*, the Board is obligated to pay the administrative costs of the Workers' Compensation Appeals Tribunal, the Offices of the Worker and Employer Adviser, and the Industrial Disease Standards Panel. All of these autonomous bodies are staffed and managed independent of the Workers' Compensation Board.

WCAT heard 1,163 appeals in 1989 (1,093 in 1988).

Mine rescue costs represent the establishment, maintenance and operation of mine rescue stations, under the *Occupational Health and Safety Act*, as set out in Section 1(1)(b) of the *Workers' Compensation Act*.

## 13. RELATED PARTY TRANSACTIONS

In addition to the legislated obligations referred to above, the financial statements also include amounts resulting from routine operating transactions conducted at prevailing market prices with various Ontario Government-controlled ministries, agencies, and Crown corporations with which the Board might be considered related.

Account balances resulting from these transactions are included in the financial statements and are settled on normal trade terms.

## 14. COMMITMENTS AND CONTINGENCIES

## (a) Leases

At December 31, 1989, the Workers' Compensation Board was committed under non-cancellable leases requiring future minimum payments as follows:

	Office Capital	Other Space	Operating	Total
	(\$ 000's)	(\$ 000's)	(\$ 000's)	(\$ 000's)

WORKERS' COMPENSATION BOARD

Notes to the Financial Statements — Continued  
December 31, 1989

The Board rents office space and equipment under operating lease arrangements having various expiry dates. Shown above are the aggregate minimum annual rental payments under these arrangements. The "Other" operating leases represent long-term equipment rentals.

(b) Investment Commitments

At December 31, 1989, future investment transactions outstanding amounted to \$62 million, primarily consisting of commitments to future mortgage advances (1988 — \$59 million), for which dates are not generally determined, and are therefore not reflected in these Financial Statements.

(c) Pending Legislation

On December 5, 1989, Bill 68, the Ontario Motorist Protection Plan (no-fault insurance) passed its second reading in the Ontario Legislature.

In the past, injured workers could elect to subrogate their rights of action to the Board, and the Board would then be able to recover damages from third parties. Except in very serious cases, this right of action will no longer exist. As well, injured workers who in the past could elect to take their own actions, thereby waiving their entitlement to workers' compensation benefits, will now receive these benefits.

It is estimated that the effect of these changes will be an increase in benefit costs of approximately \$11 million per year.

No provision has been made in these accounts for any impact from Bill 68.

(d) Legal Actions

Asbestosis

In December of 1986 the U.S. Bankruptcy Court approved a plan to establish the Manville Settlement Trust with assets in excess of \$2 billion. Claims may be made against the Trust for injuries that workers or others may have suffered due to exposure to Johns-Manville asbestos products.

The Workers' Compensation Board has, for some years, been paying benefits and expenses to workers suffering from asbestos-related diseases. In view of this, the Board, in 1987, took steps to exercise any subrogated rights that it might have in respect of asbestos-related claims filed with the Board since 1975 by Ontario workers or their dependents.

At this time the amount the Board might recover from the Manville Trust cannot be quantified.

Other

The Board is party to various claims and lawsuits which are being contested. In the opinion of management, the outcome of such claims and lawsuits will not have a material adverse effect on the Board.

15. UNFUNDED LIABILITY

The Workers' Compensation Board has implemented a strategy to eliminate this liability by the year 2014. Schedule 1 assessment rates include an unfunded liability surcharge, which is modified each year according to the size of the unfunded liability.

16. EMPLOYEE BENEFITS

Included in salaries and benefits is \$16.7 million for employee benefits (1988: \$22.2 million). Additional details follow:

a) Superannuation

The Board has a defined benefit-based pension plan for its employees, and employees of the provincial safety associations, which provides for pensions based on years of service and earnings rates near retirement. The investment activities and the administrative and accounting matters of the pension plan are administrated by the Board free of charge.

An independent actuarial valuation has determined that the Fund is in a surplus position.

As at December 31, 1989, the plan's funded status was:

	1989 (\$ 000's)	1988 (\$ 000's)
Pension assets . . . . .	356,502	307,507
Accrued benefits . . . . .	259,322	229,892

Current contribution levels by both employer and employees, and current pension entitlements, are under review to ensure compliance with recent pension reform and amendments to the existing plan will likely be implemented during 1990.

## WORKERS' COMPENSATION BOARD

Notes to the Financial Statements — Concluded  
December 31, 1989

Net employer's pension expense for 1989 for this defined benefit-based pension plan consists of the following components:

	1989 (\$ 000's)	1988 (\$ 000's)
Current service cost for current employees . . . . .	9,706	8,104
Interest added to accrued benefits . . . . .	16,729	14,807
Interest received on pension fund assets . . . . .	(21,628)	(19,479)
Amortization of surplus . . . . .	(4,277)	(3,942)
Net pension expense (income) . . . . .	<u>530</u>	<u>(510)</u>

## b) Other Employee Costs

The Board provides comprehensive health insurance coverage to its permanent full-time and regular part-time staff at an annual cost of \$4.7 million (1988: \$3.8 million). The benefits include health insurance, dental, long-term disability and life insurance. The Board also provides vacation and sick leave benefits for its employees.

The Board is itself, a self-insured employer for purposes of workers' compensation, and payments related to workplace injuries are expensed as they are incurred.

In 1989 such costs amounted to approximately \$716,000 and as at December 31, 1989, the Board's actuaries estimated the net present value of future payments arising from past injuries at approximately \$5 million.

## c) Retiree Programs

The Board provides retiree programs for its employees, including bi-annual pre-retirement programs for employees approaching retirement age. Retirees' health benefit coverage is provided by the Board, at a cost of \$427,416 (1988: \$394,579) which includes supplementary health, vision care, dental and life insurance.

Board payments for retiree programs are expensed as costs are incurred, except that in 1988 the Board set aside \$8.5 million to fund (pre-pay) a pensioners' life insurance benefit for certain long-term employees to recognize a life insurance retirement benefit commitment to this employee group. As at December 31, 1989 the balance in this fund had grown to \$9.3 million.

## d) Safety Associations

The financial statements and notes exclude all costs related to Safety Association employees. The Safety Associations are separate legal entities and as such are responsible for their individual reporting requirements: the Board funds their operations but is not otherwise responsible for their employees.

## **A GUIDE TO PUBLIC ACCOUNTS**

### **1. SCOPE OF THE PUBLIC ACCOUNTS**

The 1989-1990 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of selected provincial crown corporations, boards and commissions.

Volume 3 contains the details of expenditure.

### **2. A GUIDE TO VOLUME 3 OF THE PUBLIC ACCOUNTS**

Details of expenditure are reported under the following categories for each ministry:

#### **(1) Voted Appropriations**

##### **(a) Salaries and Wages**

Includes the total salaries and wages of those employees on staff. Also listed are temporary help suppliers who received payments accumulating to more than \$40,000.

##### **(b) Employee Benefits**

##### **(c) Travelling Expenses**

Individuals whose total travelling expenses were more than \$7,500 are listed alphabetically. The travelling expenses of Ministers, Parliamentary Assistants and Deputy Ministers are included regardless of amount.

##### **(d) Other Payments**

Recipients of payments accumulating to more than \$40,000 (Transfer Payments — \$100,000) are listed in alphabetical sequence under various subheadings appropriate to the individual ministry.

#### **(2) Statutory Appropriations**

Amounts paid are listed by individual Statutory Appropriation.

1. The first part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the history of the United States is a complex and varied one, and that it is necessary to study it from many different angles in order to gain a complete picture of it.

2. The second part of the paper discusses the role of the government in the development of the United States. It is argued that the government has played a crucial role in the development of the country, and that it is necessary for the government to continue to play this role in the future. The author points out that the government has been responsible for the establishment of the Constitution, the creation of the federal government, and the development of the country's infrastructure.

3. The third part of the paper discusses the role of the individual in the development of the United States. It is argued that the individual has played a crucial role in the development of the country, and that it is necessary for the individual to continue to play this role in the future. The author points out that the individual has been responsible for the establishment of the Constitution, the creation of the federal government, and the development of the country's infrastructure.

4. The fourth part of the paper discusses the role of the future in the development of the United States. It is argued that the future is a crucial part of the development of the country, and that it is necessary for the future to continue to play this role in the future. The author points out that the future has been responsible for the establishment of the Constitution, the creation of the federal government, and the development of the country's infrastructure.
